Correspondence of the Gazette.

Fourteen years ago there was a great drouth throughout Canada and the United States, and great damage and loss by forest fires, and week after week the sun went down like a ball of fire. There is no contrast between now and then.

Mr. Levi Marshall started for his home in Iona City, Mich., a few days ago. He has been in the lumbering business there for the past twelve years or more, and has done well there, like a good many other Canadians who have gone across the lines.

The beautiful shower that came last Tuesday afternoon gladdened the heart of everyone.

SHOT A BEAR.—Mr. Wm. Avery, who went to Mr. T. Archer's camp in Longford about a month ago, is home again, and tells us that on Sunday last he shot a bear with the cook's rifle a short distance from the camp. The animal, which would weigh 150 pounds, was very fat, but its hide was almost worthless.

SHILOH'S CURE is sold on a guarantee. It cures incipient consumption. It is the best cough cure. Only one cent a dose; 25 cents, 50 cents and \$1 per bottle. Sold by W. T. Junkin.

FIRE AT KINMOUNT.—Early last Saturday morning the following buildings in the village of Kinmount were destroyed by fire, which broke out from some unknown cause in the one first named: D. McDougall's blacksmith's shop and implement shed, Searl Scott's dwelling and unoccupied store, John Kingsborough's hardware store, Rivers' barber shop and dwelling and Bowie's hotel. A large quantity of chattel property was also burned. The accounts we get of losses and insurance are so conflicting as to be utterly unreliable.

A PECULIAR ACCIDENT.—Last Tuesday forenoon, while Mr. Lancelot Junkin, of the 6th con. of Verulam, was about to take a team of horses from his stable, a colt entered, and, to make it go out again, he gave it a slap with his right hand; whereupon the intruder

whirled around so quickly that some part of its body came into contact with Mr. Junkin's hand, and jammed his elbow against the wall of the stable with such violence that one of the small bones of the arm was broken close to the wrist. He came, as soon as possible, to the Falls, where the fracture was set by Dr. Wilson, and at last account was doing well.

CAPT. SWEENEY, U.S.A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. T. Junkin.

KICKED BY A HORSE.—On Tuesday morning a young man named Frederick Perry, employed on Mr. John A. Ellis's farm in Fenelon, went into the stable to harness a young horse that is very wild, not having been worked for some months, and, while Mr. Perry was behind him, he lashed out with both feet, one of which struck him over the pit of his stomach and the other on his nose, which was badly cut and bruised, though the bone was not broken. Dr. Graham was sent for to attend to the patient, who proved to be less seriously injured than was feared.

PERSONALS.—Miss Allie Deyman left on Monday for a month's visit to her grandparents at Midland. Mr. Alexander Begg, of Coldwater, was on a visit to his father, Mr. Stewart Begg, of Verulam, from Saturday last until Monday. Miss A. Power and Miss M. Ingram left on Saturday to attend the model school at Lindsay. Mr. and Mrs. George J. Nie left last Tuesday for a week's visit to friends at Toronto and Hamilton. Mr. Johnston Brandon returned home yesterday from a three weeks' visit to his relatives at Peterborough. Miss Emily Nie left on Tuesday for the Loretto convent, Lindsay, where she will take up the commercial course.

Daniel Ritz, proprietor and publisher of the *Hamburg, Ont., Independent*, says: "I was suffering from dyspepsia and liver trouble. I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it."

A CHOKED LUNGE.—While Mr. Joseph Pearn of Fenelon was out on Cameron lake, a few days ago, he found a maskinonge that he estimated at about 14 pounds weight floating dead upon the water. As the victim was quite fresh and had no external marks of violence, Mr. Pearn held a post-mortem examination, which resulted in the discovery that the deceased had come to his end through an ill-advised attempt to swallow a catfish, which had stuck in his gullet and was dead too. It is generally supposed that birds, beasts and fishes in a state of nature know what is good for them; but it is evident that the lunge whose obituary we are writing didn't know what was bad for him, or he would no more have tackled that catfish than Sam Hughes would have assaulted Reeve Kylie had he known what the consequences would be.

GOING NEXT MONDAY.—The Kickapoo Indian medicine men who came to the Falls last Thursday will leave on Monday next, so that those who have not been to their entertainments will only have two more opportunities—this evening, which will be free, and tomorrow, when an admission fee of ten cents will be charged. The troupe consists of three genuine Indians and several whites, amongst whom we recognized an old acquaintance under a new name. The tent, which will hold about 300 persons, is always well filled, and the entertainment, which we "took in" on Wednesday evening was good of its kind and cheap at the price. As to the efficacy of their medicines we know nothing, but the circulars scattered around the village contain a great many very flattering testimonials.

BIG TEN DAYS' SALE Of Boots and Shoes. See our Bargain Tables. Piles of Boots and Shoes about half price. Every line reduced. Don't miss this sale at "THE MONSTER SHOE STORE, LINDSAY." JOHNSTON & SIBSON.

DIDN'T MEET.—Last Monday night, the first in the month, was the village council's regular meeting night, but, nevertheless, they didn't meet, although all of them except Mr. Sandford were at the foot of the stairs in Jordan's block about 8 o'clock. Councillor Sandford is far away the biggest man of the lot, but his vote is only the same size as any of the others, and there would have been a quorum even if another member had been absent. The reason given for not meeting was that there was no business of any consequence to transact; but in our opinion regular meetings should always be held, if possible, even if there may be, as far as the members of the council know, nothing to do but to adjourn. In this case the meeting was postponed until Monday next, when perhaps two medium sized, instead of one very big, councillor may be away from home.

GILMOUR'S LOGS.—About a month ago the second of Gilmour's drives of logs passed through the Falls, and since Friday last the third and fourth have

gone down the slide. There were 65,000 logs in the first two drives, 37,500 in the third and 32,500 in the fourth, which we are glad to say is the last, so that the river will be free of them for the remainder of the season when those now in it have passed into the lake. The Gilmours operated last winter in the townships of Peck and McClintock, in the Algonquin park, and cut 150,000 logs, 15,000 of which were left, for some reason, the other side of Dorset, where the company spent no less a sum than \$150,000 in appliances necessary to transfer the logs from one chain of waters to the other. One of the men with whom we got chatting told us that they had been five months on their way, that, if not detained by unfavorable winds, he expected to reach Lakefield early in October, and that he thought the logs would remain there all winter. Amongst the "river drivers" here this week was Mr. George Clout, who is 67 years old, and has followed the hazardous occupation for 51 years, 35 of which have been spent in the service of the Gilmour Co. He is a straight, active man still, without much gray in his hair, and can do a day's hard work with any of the young fellows, but we fancy there are but few who will not agree with us that it is about time he was retired with a comfortable pension.

Cholera of a terribly virulent type is raging in Russian Poland.

Forest fires continue to rage in the Puget Sound country.

Serious forest fires are reported in the neighborhood of Wilkesbarre, Pa.

Gold is said to have been discovered in Clarendon township, Frontenac county.

A terrible fire has occurred in the Canton River. A flower boat caught fire and the flames spread rapidly until hundreds of these vessels were destroyed. At least 1,000 natives perished in the flames or were drowned.

An English syndicate has practically closed a deal for the purchase of all the paper and pulp mills in Wisconsin. The mills in the deal number 34, and the price agreed upon is \$14,000,000. The transfer will be made on March 1.
