

A WING DROP.—On Tuesday evening Mr. Joseph Pearn, Jr., of Fenelon, was repairing the roof of a straw-pen, when some part of it gave way, precipitating him, not to the ground, but a distance of about fourteen feet to the roof of another small lean-to building. Mr. Pearn did not get any bones broken or joints dislocated, but was seriously bruised and badly shaken up, which caused his friends to think that a doctor should be consulted, and therefore they sent for Dr. Wilson of Fenelon Falls.

Daniel Ritz, proprietor and publisher of the *Hamburg, Ont. Independent*, says: "I was suffering from dyspepsia and liver trouble. I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it."

MILL BURNED.—Greene & Ellis's old saw-mill, near the mouth of Fenelon river, was burned yesterday afternoon, but how the fire originated is unknown. No attempt was made to save it, as it is a mile from the village and our apology for an engine is on strike. The property fell into the hands of the Ontario Bank some years ago, and since then the mill has been idle. It is not known whether the building was insured or not.

A BEAR IN TOWN.—Last Sunday a good-sized bear was seen within the limits of the corporation, as it came out of Smith's woods and crossed the railway track close to Ellis's mill. Two or three boys and men, accompanied by some dogs, went after it, and we are told that one of them overtook it, and that, just as he was going to shoot, he remembered that his gun had nothing in it but shot, which would only have been wasted, and so refrained from firing. There is no reason that we know of for supposing that bears are more numerous this year than usual, but it is probable that a good many have been driven into the vicinity of towns and villages by fires in the woods.

SLIGHTLY BUTCHERED.—Last Saturday morning Mr. Andrew McFarland of this village met with a serious accident in Mr. Austin's butcher shop. Just as Mr. Austin was about to cut up a side of pork that he had thrown upon the block it commenced to slip, and, to prevent it from falling, he and Mr. McFarland, who was standing close by, simultaneously extended their right hands, with the result that the edge of the knife which Mr. Austin was holding came into contact with Mr. McFarland's arm, four or five inches above the wrist, inflicting a gash about three inches long and so deep that one of the tendons leading to the thumb was severed. He immediately went to Dr. Wilson, who put three stitches into the edges of the wound, which, on Tuesday morning, when the stitches were taken out, was healing rapidly, and the doctor has strong hopes that the mobility and usefulness of the thumb will be very little, if at all, impaired by the accident.

A SHORT CUT.—On Wednesday morning Mr. Wm. Kennedy, who is superintending the alterations in the Fenelon Falls dam, gave a practical illustration of the truth of the old saying, "The more haste the worse speed." Returning from the main street to his work, he thought he would take a short cut and save time by climbing over the railing of the iron bridge, and walking along the wall of the mill race instead of going to the end of the bridge and coming part of the way back again; but in carrying out his intention his feet slipped, and he fell a distance of about five feet onto some logs in the race, which parted beneath him, and let him through into ten or twelve feet of water. A few seconds later, with the assistance of a friendly hand, he was on the wall of the race, with no worse injuries than a couple of bruises, one on the back of his head and the other a good deal lower down, but he was at his work again as soon as he had changed his clothes.

COMPLEXION.—Next to good health the most important requisite to a good complexion is to use only a good toilet soap. Mr. H. J. Lytle has just received a large consignment of English and American soaps, including Cashmere, Bouquet, and Colgate's best grades, as well as Pear's unscented and Cleaver's Glycerine and Cucumber, and the much advertised Butter-milk Soap.

The sealer Wanderer has been taken into Victoria, B. C., by H. M. S. Pheasant, having been found with secret-guns on board.

Emma Coleman, 24 years of age, the good looking daughter of a citizen of Danville, Ill., sold her right to her father's estate for \$1,200, went to Chicago, and is said to have entered a restaurant on Wabash avenue in an intoxicated condition, mounted a chair and began throwing bills about the place. She was arrested and had \$1,105 left.

A special despatch from Victoria, B. C., to the *Empire* says the seal catch of this year will surpass any in the history of the sealing industry.

Mrs. Anna T. Winch of Watertown, N. Y., has recently married Archie Wiltsie of Syracuse. The bride is 76 and the groom 25, but the former is worth \$75,000.

Mr. R. V. S. Palmer, the young Englishman who has been lying for some time in the General Hospital with a broken neck, was on Sunday taken to Montreal, to be transferred thence to England.

A terrible waterspout is reported from the Village of Suchil, in the mountains of Durango, northwest of Fresnillo, Mexico. The deluge carried away a woodchoppers' camp of ten families, and all are believed to have been drowned. A number of other cases of drowning are reported.

At Portland, Oregon, on Sunday night fire destroyed property valued at nearly \$1,500,000, belonging to the Pacific Coast Elevator Company, the Northern Pacific Terminal Company and the Oregon Railway and Navigation Company. The elevator contained nearly half a million bushels of wheat.

Mr. John Shand, representative of Messrs. Bartram, limited, Edinburgh, arrived at Port Arthur on Sept. 23rd. The company expects to furnish the machinery for the pulp and paper mill at Kakabeka Falls. The mill will be the largest in the world, taking fourteen thousand horse-power to operate it, and the product will load a G. P. R. train every day in the year.

The following poetical appeal won for its author, the editor of the *Rocky Mountain Celt*, the prize of \$1,000 offered to newspaper men for the best appeal poem to subscribers to pay up their subscriptions: "Lives of poor men oft remind us honest men won't stand; no chance. The more we work there-grow behind us bigger patches on our pants. On our pants, once new and glossy, now are stripes of different hue, all because subscribers linger and won't pay us what is due. Then let us be up and doing; send in your mite, however small, or when the snow of winter strikes us we shall have no pants at all."

CORRESPONDENCE.

To the Editor of the Fenelon Falls Gazette.

Sir,—I would like, through the medium of your valuable paper, to compliment the School Board and teachers on the energetic manner in which they are enforcing the law regarding truancy, and at the same time to draw their attention to a boy who resides on "Fidler's hill" who, it is said, is about twelve years old and does not know one letter from another, not having been sent to school. The writer hopes that this reference to the matter will be sufficient to cause the guardian of that boy to send him to school without any person having to take any action in the case. If education is one of the factors in lessening crime, as we are taught it is, then it is the duty of good citizens to support those in authority by using all reasonable measures to enforce the truant law.

Yours, etc.,
CITIZEN.
