

Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

at Oshawa. The former represents the Lindsay district on the stationary committee with Rev. T. N. Campbell of Lindsay.

EXCURSION.—The village True Blues request us to announce that they will hold their annual moonlight excursion (probably by the *Grandella*) on or about the 21st inst. Bills giving full particulars will be issued as soon as the exact date is decided upon.

TURNIP SEED! Turnip Seed!!! Turnip Seed!!! A complete stock, several varieties, at W. T. Junkin's.

HEAVY CALVES.—Two cows owned by Mr. Wm. Callaghan of Verulam are the proud mothers of calves—one a bull and the other a heifer—that weighed 100 pounds each at birth. The bull is three-fourths Durham and one-fourth Jersey, and the heifer is half Durham and half Holstein. Who can beat them?

W. T. JUNKIN has a fresh stock of Hellebore, Paris Green, Insect Powder and Fly Paper just received. Give him a call.

SIDEWALKS.—We have lately heard several persons complaining of the state of the sidewalks in different parts of the village, and we know that there are at least half a dozen bad spots between our house and office. It is one of the duties of Constable Jones to keep the sidewalks in repair, and he says he will go to work the moment he is furnished with the necessary materials by the council.

Lovely and Cheap.

We have the best, nicest and cheapest Summer Shoes in Lindsay. We keep away ahead in styles, variety and prices lower than ever. You will be sorry if you don't come to head quarters.

JOHNSTON & SIBSON,
The Monster Shoe Store.

DEATH OF CAPTAIN WALLIS.—Not far from half a century ago the greater part of the site of Fenelon Falls was owned by Capt. James Wallis, who for many reasons was commander of the *Ogemah*, then almost the only steamer plying on these waters. The few of our readers who knew him will not be surprised to hear of his death, which took place at Merino, his farm near Peterborough, as he had attained the ripe age of 85 years. He was an old country gentleman, of fine presence and courteous manner, and was liked and respected by all who knew him.

ON CRUTCHES.—Mr. George Jeffrey and Mr. Neil McGillivray, each of whom met with an accident about nine weeks ago, are around town on crutches. Mr. Jeffrey got the heel of his left foot caught and badly crushed in the gearing of a horse power, and Mr. McGillivray fell in Lindsay and broke one of the small bones of his right leg in consequence of the drippings from a water spout being allowed to freeze and form a hill of ice half way across a sidewalk. He intends to sue the corporation for damages as soon as he knows the sum required to pay his doctor's bill and compensate him for lost time.

The Royal Marriage.

THE YOUNG COUPLE WILL RECEIVE NO GRANT FROM PARLIAMENT.

LONDON, May 29.—Princess May of Teck celebrated the 26th anniversary of her birth on Friday. The White Lodge at Richmond Park was gayly decorated. The Duke of York passed a day at the lodge. He will be married in naval uniform as befits his character of Sailor Prince.

As soon as the Princess is married she will, in accordance with the Queen's desire, be known as Princess Victoria, Duchess of York.

Mr. Gladstone announces that the Government does not intend to ask Parliament to make a grant of money for the bride and groom. A wedding in the reigning family without a state appropriation is unprecedented in English history. It is another indication that Royalty does not want to come in conflict with the Radicals, who are bitterly opposed to all such grants.

The Prince of Wales has a special allowance of £180,000 a year for his children. In consequence of the death of the Duke of Clarence, the portion reserved for his use is available for his surviving sisters and brother. If this sum is divided according to precedent, namely, £25,000 a year to each of the granddaughters of the Queen, the young couple will have \$125,000 a year to begin house-keeping upon.

Mrs. Wm. Waldorf Astor will give a reception in honor of the Princess May on June 22. Other members of the royal family will be present.

It is said C. A. Carlisle, of Brazil, is on the way to China to secure 100,000 celestials to work on the coffee plantations of Brazil. Since the negroes were freed it has been found impossible to secure laborers in Brazil, and \$10,000,000 was lost to the Government last year because of inability to gather the crop.

A Financial Failure.

Even if the profits of the World's Fair are quadrupled for the remainder of the period through which it is to remain open, the net earnings will still come nearly two millions short of wiping out the deficit with which it started. The attendance on Sunday was only 125,000, or less than double the highest figure recorded at our own Industrial, which is situated in a city having less than a fifth of the population of Chicago, and that has but one Province with two million people to draw upon.

From present appearance the big fair will be the biggest failure, financially, of the century.—*Toronto News*.

A Patent Milk Agitator.

Mr. D. Ewing, of Cobourg, manager of the Ewing Milk Agitator, is in town to-day, registered at the Snowden House. He has one of his spring milk agitators on exhibition here, and his patent machine is highly spoken of by dairymen and cheese makers in general. Mr. Ewing is also exhibiting "The Agitator" at the World's Fair, Chicago. This newly patented machine is made in three styles: spring, weight, and with a tripled brass rod attachment, so that the agitator can be raised or lowered in the can of milk as desired. The machine is for the purpose of preventing cream rising to the top of milk placed in cans at night to be called for in the morning and taken to the cheese factory. The result is that a great deal more cheese can be made from a given quantity of milk, and of a much better quality. The machine has been endorsed by the leading dairy authorities in Ontario, and is meeting with rapid sales wherever exhibited.—*Peterborough Examiner*.

A Kalso, B. C. tough named Hughes tried to kill himself and his child by exploding a dynamite charge under their bed. He will die, but the child will recover.

An attempt was made on Saturday to launch the new steamer *Medora* at Gravenhurst, but the ways having sunk owing to the recent rains the boat would not move, and the effort had to be temporarily abandoned.
