

### A Cowboy District Attorney.

Everybody in the Panhandle knows Lorenzo Dow Miller. Better than that, everybody likes him and admires him. Dow lives at Panhandle City and is district attorney and rules over 29 counties. He is a genius.

Born in Texas, he went to the Panhandle years ago, when the Indians were still in the country. His capital consisted of an unusual amount of common sense and a 6-shooter. He went out on the plains as a cowboy and has punched long hours all the way from Lost Valley to the neutral strip. Around his campfire at night he pored over an old volume of Blackstone. Before very long he bought some more books. Honest, sober and industrious, he made friends as fast as the prairie grass grows in the spring or a yearling runs in a stampede. He astonished the world one day by announcing his candidacy for district attorney. He astonished the world on the day after the election by having beaten his opponent.

From that time Dow has gone on until he is invincible in his district. One of his arguments, made before a Geer county jury before the vernacular of the ranch had given way to the effete east, was as follows:

"Gentlemen of the jury, look at that prisoner. His phiz is dead tough. He's a thief, and a sneak thief at that. Look at those knots on the back of his head. They are the bumps of cussedness. How I came to know is, I travelled with the circus once and got onto the racket. Now, I want to give you a confidential stiff and drop a few points into your system. If you turn that feller loose, the bars of every ranch in this county will be down before Sunday night, and some fine steers will be lost." He let the case go, and the man got two years—*Galveston News.*

### Obedying the Law.

The editor of the Sissons Mascot is a deputy fish and game commissioner. He wears the badge of his office outside his coat and hardly a week goes by that he does not inveigh editorially against the shooting of game out of season.

The Siskiyou are full of deer now and the mountaineers have all guns. Naturally pretty much of the time people are coming into the Mascot office with haunches and saddles of wild meat, and as each subscriber deposits his burden he glances at the editor's badge and says: "Here is a hunk of bear meat."

Old Shasta Joe came down from the mountain the other day and called on the editor with a contribution.

"I thought you might be getting tired of bear meat," he said, "so I brung you a piece of buffalo. I struck a whole band of 'em the other side of Whisky Spring and I knocked one over with eight points."

Since this the editor has been favored with no more bear meat, but in his issue he acknowledged receipt of sections of hippopotamus, cassowary, giraffe, walrus and megatherium.

They are great on obeying the game laws about Sissons.

### Jogging His Memory.

Dogs are wonderful for their intelligence, and owners of dogs are perhaps equally wonderful for their faith and veracity. Every one of them has a new story. Here is the latest:

"The other day," says Mr. Gordon, "I forgot to give Bruno his dinner, and in my preoccupation paid no attention to him when he began to beg for it."

"He went away at last and was gone for some time. Then he came in from the garden, bringing something in his mouth. And what do you think it was? A sprig of forget-me-not!"—*New York Advertiser.*

Mr. G. A. Strickland, manager of the Lakeside Canoe Company, on Saturday received a cablegram from England ordering a 16-foot canoe for Princess May, bride elect of H. R. H. the Duke of York. The canoe will be built of the very best material, and is intended to surpass anything in the canoe line which has been shipped to England.

A remarkable sight was witnessed at the funeral of Lady Wheeler, wife of Sir Trevor Wheeler, Bart., at Leamington, Hastings. She weighed 39 stone, and with the coffin 11 cwt. 2 qrs. 7 lb. The coffin was 6 ft. 9 inches long, 3 ft. 5 in. wide, and 2 ft. 6 in. deep. The usual depth of a coffin is 15 in. A special hearse had to be constructed, and twelve men were engaged to carry the corpse. The sight attracted hundreds of people from the surrounding country.

A German contemporary states that a very peculiar patient is at present under treatment at the Augsburg State Hospital. A man, aged 40, had set himself the task of swallowing some 250 fruit stones. Having finished this extraordinary meal, he experienced excruciating pain. While under treatment on the first day in the hospital the medical men succeeded in removing 200 hazelnut stones. The man had taken all this trouble to place his life in jeopardy for a wager of five shillings.

# THE GREAT SOUTH AMERICAN NERVINE TONIC

## AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

### NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDSVILLE, IND., Aug. 20, '99  
To the Great South American Nervine Co.  
Dear Gentlemen:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If every one knew the value of this remedy as I do you would not be able to supply the demand.  
J. A. HARBER, Ex-Treas. Montgomery Co.

REBECCA WILKINSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. A few bottles of it has cured me completely. I consider it the grandest medicine in the world."

### INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only ONE great cure in the world for this universal destroyer. There is no case of unamalgamated disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Weynetown, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

Mrs. ELLA A. BRATTON, of New Ross, Indiana, says: "I cannot express how much I owe to the Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting up blood; am sure I was in the first stages of consumption, an inheritance handed down through several generations. I began taking the Nervine Tonic, and continued its use for about six months, and am entirely cured. It is the grandest remedy for nerves, stomach and lungs I have ever seen."

No remedy compares with South American Nervine as a cure for the Nerves. No remedy compares with South American Nervine as a wondrous cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.
