

### Hotheads Cause a Scene.

TAIL TWISTERS MAKE FOOLS OF THEMSELVES AND OFFEND LORD ABERDEEN.

WORLD'S FAIR GROUNDS, CHICAGO, Oct. 21—There was almost a riot in Lady Aberdeen's village of industries to night. A second attempt was made by about 15 Irishmen to pull down the Union Jack, which had been floating from the tower of Blarney castle, in honor of Lady Aberdeen's husband, the Governor-general of Canada. The Irish men gained access to the top of the tower and tore down the English emblem because they did not consider that it ought to be unfurled in an Irish village. They were detected in the act by some of the village employees, and the guards drove the offenders into the Midway. The gang returned stealthily in a short time and climbed over one side of the fence. The guards were on the alert, however, suspecting that another attempt would be made as soon as the flag was strung up again, and pounced upon the intruders. Then came the exciting part of the scene. The guards summoned the patrol wagon and tried to arrest the whole number in the face of threats from a crowd of several thousand sympathizers who quickly gathered around the village. The wagon came on the double quick, and the force of guards tried to cope with the anti-English visitors. They no sooner had got one or two of their prisoners into the wagon than the men who pressed around it pulled them out. Three of the ring-leaders were finally captured after a pitched battle of some minutes duration. The Earl of Aberdeen arrived at the village with his secretary just after the battle, and was very indignant at the insult which had been offered the flag of Her Majesty's dominions.

### Dogs as Fire Alarms.

Nature has so fashioned the dog's nose that the nasal bones are convoluted and rolled in scrolls, upon which his olfactory nerves are spread so that the entire space from his eyes forward is the most intricate and delicate "smelling machine," and the largest which has been given to any living creature. The organ is extremely sensitive, especially in the spaniel breed. One of these "little jewels" in the house will not only instantly warn all inmates against intruders, but will be the first to discover, by its sensitive nose, the most deadly and dreadful of all the elements—fire—which comes creeping stealthily upon the unconscious sleepers and suffocates them in their beds or arouses them only to die a horrible death in the stifling, smoke filled halls and stairways. No spaniel or hunting dog can rest an instant while the slightest puff of smoke is irritating its sensitive nostrils. He will fret and whine and increase the volume of his alarm until the household is aroused, and do all this long before any human being can detect the faintest odor of smoke. He is indeed a most prompt, speedy, reliable fire alarm, which never fails and never gets out of order while his life lasts.—*New York Herald.*

### Robby and the Puritans.

"That is a picture of the old Puritans going to church, Robby," said Mr. Norris, impressively. "Here you see them tramping through the snow single file, every man with his gun thrown over his shoulder, ready for instant use in case of an attack." "What did they have to carry guns for?" asked Robby, with interest. "To keep off the Indians," replied Mr. Norris. "That is the kind of men that built up this country. Not the bitterest cold nor the heaviest snow, nor the fact that they were in extreme peril of their lives, could prevent them from performing their religious duties. Just think of our sturdy, pious forefathers when you don't feel like going to church, and remember the hardships they endured to enjoy the privilege of worshipping on Sunday, a privilege which I am afraid you are inclined to hold too lightly." "Puh," observed Robby. "I'd go to church every day of the week if I could get a shot at an Indian on the way!"—*Harper's Drawer.*

Three inches of snow fell at Grand Forks, Dakota, on Monday.

Belleville police secured a locomotive, a farmer and a bulldog on Monday and took after four tramps, whom they caught. The tramps had a number of keys and are supposed to have been concerned in the recent burglaries at Napanee.

John Gibbons of Drumminawonagh, near Clogher, was attacked by a bull belonging to Thomas Burke. He was knocked down, but managed to get hold of a ring in the animal's nose. It was a terrible moment, the bull lashing and raging, the man clinging for life, when Mrs. Gibbons flew to the spot with a crowbar, drove it into the ground and firmly tied the bull by a chain that was attached to the ring, and thus saved the life of her husband.

# THE GREAT SOUTH AMERICAN NERVINE TONIC

## AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

### IT IS A GREAT REMEDY FOR THE CURE OF

Nervousness,	Broken Constitution,
Nervous Prostration,	Debility of Old Age,
Nervous Headache,	Indigestion and Dyspepsia,

Pains in the Heart,	Liver Complaint,
Pains in the Back,	Chronic Diarrhea,
Failing Health,	Delicate and Scrofulous Children,
	Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nervine Tonic.

### NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDSVILLE, IND., Aug. 20, '86.  
To the Great South American Medicine Co.:  
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.  
J. A. HARDEE, Ex-Treas. Montgomery Co.

REBECCA WILKINSON, of Brownvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy, a few bottles of it has cured me completely. I consider it the grandest medicine in the world."

### INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ONE and ONLY ONE great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynetown, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

Mrs. ELLA A. BRATTON, of New Ross, Indiana, says: "I cannot express how much I owe to the Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting up blood; am sure I was in the first stages of consumption, an inheritance handed down through several generations. I began taking the Nervine Tonic, and continued its use for about six months, and am entirely cured. It is the grandest remedy for nerves, stomach and lungs I have ever seen."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wondrous cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.
