

had their heads and feet and tail and wing feathers left on to suit the requirements of the city market. The prices paid were five cents per pound for the geese and seven cents for the turkeys.

THE RAILWAY BRIDGE.—There was a busy scene at the north end of the railway bridge on Tuesday, when nearly fifty men were hard at work leveling the approach, spiking down rails or shovelling ballast from the long train of flat cars that had brought it from the pit. All the girders are now in place, and the swing, which is being put together, will soon be in working order, after which there will be nothing to do but to lay the remainder of the ties and rails, and pull down and load on cars all but some of the least valuable timbers which form the temporary bridge now being used. From present appearances, if the work be not delayed by bad weather, everything will have been done by, if not before, the middle of next month, except removing the temporary bridge, which will take a few days more.

RELIEF IN SIX HOURS.—Distressing Kidney and Bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing almost immediately. If you want quick relief and cure this is your remedy. Sold by W. R. Madill, druggist.

How to Prevent Frauds.

Frauds on an extensive scale were perpetrated during the recent election in New York State. But the people there do not waste time in discussing schemes for amending the laws against personation and false registration. They propose to go vigorously to work and enforce the statutes now in existence. With this end in view a public meeting has already been held in Albany, at which both parties were represented, and a committee of three was struck, with instructions to prosecute every man guilty of an offence against the ballot.

If we want pure elections in this country we must follow the example set by our neighbors. Existing laws are sufficient to reach every offender, but they are never enforced, nor will they be if left to the ordinary officers of the courts. But if citizens of all shades of politics will combine, after the next municipal, Provincial or Dominion election, and prosecute every briber, personator and plunger, an end will soon be put to crimes which threaten the destruction of popular government. Until this is done, however—no matter how far-reaching may be the statutes enacted by Parliament—such crimes will continue to increase.—*Toronto News.*

There is talk of making the Ferris wheel a permanent attraction of New York.

Public action has been found necessary in Indianapolis to provide work and food for the great number of unemployed.

The ten Russian convicts who lately escaped from Siberia and came to San Francisco, where they were arrested, have been set free.

Twenty Japanese farmers arrived at Vancouver on Tuesday by the steamer Empress of China. They will start a farming colony in Canada.

A report has reached Quebec that 200 Nascapsee and Montagnais Indians in Northern Labrador starved to death last winter, owing to the failure of the caribou hunt.

Work in taking apart the Ferris wheel at Chicago has begun. Mr. Ferris is now in the east. He will contract for its erection in Brooklyn before his return. Several offers were received, but the one for its erection in Brooklyn is considered the best. Buffalo Bill's offer was refused.

The fearful gale on the British coast continued Saturday and Sunday. Reports of hundreds of disasters have been received, and the loss of life and property is unprecedented. On the Normandy coast the destruction of shipping has been very great. In the neighborhood of Calais the loss of life has been 300 so far as known.

On Tuesday several men boarded an engine manned by non-unionists in the Lehigh Valley yards at Buffalo, drove off the men in charge, pulled the throttle wide open and jumped off. The engine started and ran at lightning speed until it met another engine, when there was a terrific collision, but no one was killed. The culprits escaped.

At Montreal, in *Roach vs. the G. T. R.*, in which the widow of a late employee sued for damages for her husband's death at a crossing. Judge Jette returned a verdict of \$1,500 for plaintiff. The Judge denounced as immoral the rule of the company which states that employees cannot claim damages, but may merely draw from their mutual reserve fund.

The post-office at Oil Springs was robbed of about \$400 in money and stamps on Tuesday night. At the Brauden Assizes on Saturday Albert E. Greaves, a fourteen-year-old boy, was sentenced to be hanged for the murder of his employer, whom he poisoned with strychnine.

LINES

By Mrs. John F. Poulson on the death of her mother, Mrs. Stewart.

(Published by Request.)

Rest, mother, rest,
Your sufferings are o'er,
For at last you have reached
That beautiful shore.

Our Father in heaven
Has answered your prayers,
And relieved you, dear mother,
From all pain and cares.

With calm resignation
We bow to His will,
And to our hearts' murmurings
We'll say "Peace, be still."

We miss you, dear mother,
But will not complain,
For we are assured
Our loss is your gain.

We would not recall thee,
For well do we know
You have gone to that home
You have so longed to go.

So rest, dear one, rest,
Two sisters and six brothers
Will hold to memory dear
The sacred name of mother.

DIED.

STEWART.—At Peterborough, on Thursday, Nov. 16th, Ann, relict of the late John Stewart, of Verulam, aged 80 years.
