

The Great Cow Question.

(From the Port Hope Guide.)

"A petition signed by John T. Thompson and fifty others was laid on the table, asking the council to pass a by-law to prohibit cows running with bells on, as they are a public nuisance.

"The matter will receive due consideration at the hands of the council."—*Report of the town council—Fenelon Falls Gazette.*

After reading the above we are a trifle in the dark. What is it the Fenelon Fallites are trying to prohibit, anyhow? Is it the cows or the bells; or is it both cows and bells? If the latter, we think "John T. Thompson and fifty others" are level headed people, but if it is any half-way measure we will have to withdraw our opinion. For what is more musical and refreshing in the dim hours of dawn than to hear the musical ding dong of a cow bell, when you are almost positive that the bearer has just hooked open your garden gate and is converting into milk for your neighbor the product of many hours of your own honest toil. You won't get any direct personal benefit, but you can rest assured that your cow-keeping neighbor will, and that should be enough for most benevolent people. Then while walking about in the glare of the electric lights with, perhaps a lady friend, how pleasant it is to have to start up a few cows who have decided to rest for the night just where you have to go, or mistake the leavings of the cow for a deep shadow, how unpleasant is the result of the false step. It would be too bad to prohibit the musical bells; better prohibit the cows running at large and allow the bells to ring on. When the matter has received "due consideration" at the hands of the council, we will probably know more about it.

Canadian Order of Foresters.

The Canadian Order of Foresters is a fraternal benevolent society, incorporated in 1879, and registered under the insurance corporation act, 1892, of Ontario. The objects of the society are to furnish its members with sick and funeral benefits and an insurance of one or two thousand dollars. The payment of these benefits range from about one dollar to one dollar and fifty cents per month, according to the age of the member, and the amount of insurance carried. The membership is composed of men only, and when admitted they must be between the ages of eighteen and forty-five. The present number of members is over 16,000, and the society has a cash surplus on hand for the payment of the insurance of over \$215,000, \$50,000 of which is in Dominion of Canada bonds, and the balance is invested in the best monetary institutions of the Province. In addition to this, courts have about half a million of dollars in their treasuries for the payment of the sick and funeral benefits. The high secretary of the Order is Mr. Thomas White of Brantford, and it is expected that a court of this popular and purely Canadian society will shortly be organized here.—49-3m.

A new luminous fungus has been forwarded from Tahiti to Europe. It is said to emit at night a light resembling that of the glowworm, which it retains for a period of twenty-four hours after having been gathered. It is used by native women in bouquets of flowers for personal adornment in their hair and dress.

A curiosity exists near Olympia, Wash. It is a well twenty feet in depth, which is certainly gradually rising to the surface of the earth. For some time the brick wall of the well has been protruding through the ground, until now it sticks up into the air like a funnel to the height of ten or fifteen feet. The bricks forming the wall are still intact. The bottom of the well, too, is rising with the wall.

A horrible accident occurred at the Wentworth street crossing of the Grand Trunk railway in Hamilton on Saturday night. A well-known colored man named Jerry Johnston, who was hauling ice, was driving across the track when he was run down by the St. Louis express and instantly killed. His body was pitched into the cattle-guard and his brains were bespattered over the track. His head was split open and his death was undoubtedly instantaneous. Both horses were killed and the sleigh was smashed to atoms.

Five hundred pounds were paid for a couple of canaries in London recently. This is said to be a not unusual price for fine birds of the kind.

Stock Taking Completed.

Although it has been a hard year and all other merchants are complaining, we find that the year's business has exceeded the previous one by fully 25 per cent. Most people will naturally wonder at it, but the plain reason is that we bought our goods in the lowest cash market, and have sold them at a very small advance on cost. Now to those who are not already supplied with good comfortable wear, we would advise to call and secure some of the big bargains now being offered, as we are bound to clear out the balance of our winter stock at cost, to make room for our large spring purchases.

In Dress Goods, Mantles, Flannels, &c., our stock is quite complete. In Overcoats, Suits and Furnishings we still have a large range to select from. Call early, and don't forget the place.
