(Correspondence of the Gazette.)

I don't wish to tax your time and space, Mr. Editor, but I wish to say a few words for the benefit of farmers and others who haven't had experience in dehorning calves with caustic potash. Use it in sticks wrapped in tough paper to protect the hands. Moisten the end of the stick with a sponge and apply it to a space about the size of a silver quarter dollar, taking the point of the young horn for a centre, and avoid touching other parts. Have some vinegar on hand to apply at once if the potash touches any other part. The best time to use it is when the young horn can first be felt, when the animal is about two weeks old.

Mr. Robert Cooper is busy moving to the county town, and Mr. John Dauey, who has leased his farm, is busy also moving his chattels.

Mr. Thos. Russell of North Verulam passed through here last Tuesday with seven loads of grain, hogs, sheep, etc. Mr. Russell has leased Judge McIntyre's farm in Mariposa.

Farmers who are compelled to hire help for seven or eight months are picking up their men.

We look for an advance in the price of all farm produce. Why? Simply because it will cost more to grow crops. Machinery is higher, fertilizer, and freights are higher, wages are higher; nearly everything the farmer buys is higher. He will be justified in demanding higher prices for what he sells.

The United States Government pays the railroad companies \$34,000,000 for carrying the mails. The railroad companies give free passes and contribute to campaign funds.

"Laugh and grow fat." If you wish to prove the veracity of this old saw, come to the annual school entertainment at Powles' Corner on the evening of Friday, March 23rd. Proceeds in aid of the library. Admission 15c. and 10c.

DENTAL.—Dr. Neelands, dentist, will be at the McArthur House, Fenelon Falls, on arrival of train on Monday, the 19th inst, and will remain over Tuesday. He will have gas and best pain obtunders. Call in forenoon if possible.

THE PATRIOTIC FUND.—The net proceeds of the patriotic concert held here some time ago amounts to \$19 50. This, with the \$84 already acknowledged in the Gazette and \$1 since subscribed by Mr. William Graham, make \$104 50, to which more can be added if necessary.

Mrs. H. Preddy, the Watch and Clock Expert and Wire Artist, will be at Kinmount for one week from March 15th, and at Fenelon Falls for one week from March 22nd, 1900.

A LOSS.—Mr. J. J. Nevison is poorer by the price of a pretty good cow than he was a few days ago. First, something went wrong with the animal's internal machinery, but Dr. Mason attended to her and she seemed to be getting better, when, without any known cause therefor, she apparently partially dislocated one of the joints in her neck, and she was put an end to, as it was doubtful whether she would ever be worth what it would cost to cure her.

A WARNING.—Three or four days ago a little girl about nine years old, daughter of Mr. Thomas Lane, fell while trying to climb on to a sleigh, and one of the "bobs" went over her foot. Fortunately no bone was broken, and she managed to get up and limp away; but she certainly had a very narrow escape from serious injury. This accident ought to be a warning to children not to "steal rides," but we suppose they will continue to do so until one of them gets killed; and even that would probably only cause them to discontinue the practice for a few days. Why can't it be put a stop to?

METHODIST CHURCH NOTES.—The missionary sermons of the Rev. E. Roberts of Onemee were greatly appreciated by large audiences on Sabbath last, and the contributions will exceed last year's.....Evangelist Hill's Sabbath after-

The Stamp of Security.

On every "Slater Shoe", put there by the makers as a guarantee of wear value—a protection against extortionate profits.

Many men would readily pay more for a "Slater Shoe" were not the price stamped on the sole—this stamp gives the actual market value of the shoe determined by the manufacturers.

Made in twelve foot-model shapes, all sizes, widths, leathers, colors and styles. Every pair Good-year welted.

\$3.50 and \$5.00.

Sold by J. L. ARNOLD, Fenelon Falls.

noon talks to men have been appreciated, and have impressed many with the sacredness of life and its privilege of purity.....The meetings are largely attended each evening, and a great many have professed benefit. We will expect a continuance of interest, though Mr. Hill may not be able to remain longer than this week, when he goes to Collingwood, having made many friends in Fenelon, and, we trust, friends for ever by the truth.—Com.
