

opposite 13 and 14.—Carried.

Moved by Mr. Parkin, seconded by Mr. Webster, That Thos. Thompson put in a culvert at lot 1 con. 2 and present his bill to the council for payment.

Moved by Mr. Palmer, seconded by Mr. Dewel, That a grant of \$15 be made to the Fenelon Agricultural Society.—Carried.

Moved by Mr. Parkin, seconded by Mr. Webster, That the following bills be paid: Wm. Tamin, \$4 loads gravel, \$1.20; John Kennedy, 40 loads gravel, \$2; R. J. Smithson, 123 loads gravel, \$6.15; John Willock, 34 loads gravel, \$1.70; John Suggitt, 180 loads gravel, \$9; E. I. Oxby, 141 loads gravel, \$7.05; Donald Sinclair, 120 loads gravel, \$6; F. Webster, over-work on road job, \$1.50; W. H. Feir, use of Cambray Orange hall, \$2; E. I. Knight, for culvert between lots 25 and 26 on the 4th con., \$4; R. C. Tompkins, culvert on his beat, Cambray, \$3.40; Alex. Ruthford, fixing road at con. 8, lot 11, \$8; W. H. Powles, postage and stationery, \$3.81; E. D. Hand, advertising voters' list, \$2; Clerk, preparing school section map of township, \$2; Wm. H. Myers, stoning road at lot 32, con. 3, \$10; Clerk, registering B. D. and M., \$11; Thos. Smitheram, stoning road at lot 22, con. 6, \$8; G. W. Beall, stationery, \$1.77; Duncan Clark, filling washout at lot 1, con. 11, \$6; Fred Jones, fixing Ferrin's bridge, \$4.24.—Carried.

Moved by Mr. Webster, seconded by Mr. Dewel, That Mary and Sarah McFadyen each receive \$5 out of the poor rate.—Carried.

Moved by Mr. Palmer, seconded by Mr. Webster, That this council do now adjourn, to meet at Cameron at the call of the reeve.—Carried.

#### Powles' Corner.

(Correspondence of the Gazette.)

Messrs. A. E. Minthorne, Cullis and Lane have been getting the material on hand to make some stable flooring with cement.

Mr. L. Wager has built a concrete wall under his barn. This makes two barns in this section with such walls.

Mr. J. B. Powles is making preparations to build a silo, which will make the fourth in this locality.

The rain last Sunday night stopped the harvesting operations, but it did not stop the root crop growing.

Mr. and Mrs. Joseph Perrin have been very unfortunate for some time past. About a year or a little more ago their eldest daughter died at Plano, Illinois, and about a month ago their daughter Annie died at Winnipeg. She had only been married a few months, and her death, which came very unexpectedly and cast a gloom over this community, was the outcome of eating a dish of ice-cream. About two months ago Mr. Perrin's team ran away with the wagon, and a little later one of the horses was hitched to the sulky rake, and from some cause or other ran away, but the boy who was on the rake at the time managed to get off without injury. Two weeks ago Mr. Perrin's team ran away with a new binder and broke it up considerably. The flies played their part in this run. One of the horses got one of its feet over the tongue, and when Joseph Jr. got off the machine to extricate it the horses made a start. Joe got hold of one line, but it gave way where it had been sewn together. The team did not go far before they ran against a pine stump. No one hurt. Mr. and Mrs. Perrin have the sympathy of the community.

PASSED.—Percy Knox, eldest son of Mr. James Knox of the Falls, passed the first part of his matriculation examination at the Lindsay Collegiate Institute, and we congratulate him upon his success.

RAIN.—A splendid rain fell very early on Monday morning, just when the root-crops and pastures were beginning to feel the want of it. The harvest of 1900 will—in these parts, at least—be one of the best on record.

SATISFACTORY.—The garden party held last Friday evening at Dr. Gould's in behalf of the village band was well attended, the receipts exceeding the expenditures by \$10, which was quite as much as was expected, and, therefore, very satisfactory.

CARD OF THANKS.—The members of the Fenelon Falls Brass Band wish to return their hearty thanks to Mr. and Mrs. Dr. Gould for the use of their lawn, and to the ladies and the public in general for the generous way in which they patronized their garden party.

GOING TO NEW YORK.—Dr. T. P. McCullough, eye, ear, nose and throat specialist, of Peterborough, requests us to state that, as he is going to New York to attend hospitals, his visits to Lindsay will be discontinued until the first Wednesday in October.

SCHOOL AGAIN.—Our public schools will re-open on Monday next, and it is to be hoped that neither pupil nor teacher will "creep like a snail, unwillingly"

to them. The fight over the head mastership resulted in the re-engagement of Mr. Maybee; Mr. R. S. Rowland and Miss McNiven will have charge of the south ward school, and Miss Nie, Miss Bellingham and Miss Ingram will teach in the north ward.

FIRE PROTECTION.—After some conversation, at a recent meeting of the village council, upon the subject of fire protection, it was decided to ask Mr. W. T. Ashbridge, C. E. of Toronto (who is supervising the sewer work now going on in Lindsay) to come to the Falls and give his opinion as to the feasibility of laying pipes along the main street and possibly one or two others, with hydrants at suitable intervals. Mr. Ashbridge came on Saturday, went around with the reeve, and said that he would send in a report by the end of this week.

THE LADIES' PAPER.—On the 20th of September the office of the *Watchman-Warder* is to be given up to the Lindsay ladies for the purpose of publishing "The woman's edition of the *Watchman-Warder*." 5000 copies are to be printed and sold for the county hospital scheme. The preparing of this paper is in the hands of a large and energetic committee who are using every available means to have it filled with interesting reading matter. Each department is in the hands of a special editor and each editor is working with a large committee. The paper will be of interest to all men as well as women.

FISHING FOR LOGS.—Several times during her brief career the new steamer *Manita* has been laid up or compelled to "go slow" in consequence of the flanges of her propeller being broken by the sunken logs in the Scugog. The work of fishing for them was commenced several days ago, and more than two scowloads of them have already been "caught" and removed. We did not know until quite recently that logs, when they disappear from the surface of a stream on which they have been floating, do not go to the bottom at once, but sink gradually and may be struck by the propeller of a vessel that does not draw more than a couple of feet of water, which makes them exceedingly dangerous.

A CONTEMPTIBLE THEFT.—Mr. Thomas Cashore, of Fenelon, had occasion to go to his barn last Saturday evening, and, not wishing to take his pipe with him, laid it upon the spout of his pump, which is but a short distance from the road in front of the farm. When he returned, after an absence of about five minutes, the pipe was gone, and Mrs. Cashore told him that a young man in a black suit had got off a bicycle at the gate, gone to the pump for a drink (as passers-by are in the habit of doing) and then ridden away towards the Falls. The natural inference is that the stranger stole the pipe, and the theft was, under the circumstances, so contemptible that we wish the fellow could be caught and "sent up" for the longest term the law allows.

ANOTHER WILD CAT STORY.—Last week we condensed an account from a Port Hope paper of boys being attacked by wild cats, and now the Peterborough *Times* comes to hand with an exciting story of a fight, a few miles from Buckhorn, between Mr. Edward Barr and a ferocious wild cat that had precipitated itself upon one of the ladies of a huckle-berrying party. The beast had the weapons with which nature provided it, teeth and claws, and the man had the limb of a tree, with which he so whacked the cat over its head and body that it finally bounded off into the wood. Mr. Barr had one of the sleeves torn off his coat and the blood drawn from his right leg, and, before he went to the lady's assistance, the savage animal had torn her dress to shreds and slightly wounded her.

#### MARRIED.

VARCOE-SLATER.—At the Methodist church, Fenelon Falls, by Rev. T. P. Steefe, of Fraserville, on Wednesday, August 29th, 1900, Mr. John Frederick Varcoe of Midland to Sarah Ellen, third daughter of Mr. John Slater of Fenelon Falls.

#### Voters' List, 1900.

Municipality of the Village of Fenelon Falls, County of Victoria.

Notice is hereby given that I have transmitted or delivered to the persons mentioned in sections five and six of *The Voters' Lists Act*, the copies required by said sections to be so transmitted or delivered of the list, made pursuant to said act, of all persons appearing by the last revised Assessment Roll of the said municipality at elections for members of the Legislative Assembly and at municipal elections; and that said list was first posted up at my office at Fenelon Falls on the 30th day of August, 1900, and remains there for inspection.

Electorators are called upon to examine the said list, and, if any omissions or other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

Dated this 30th day of August, 1900.  
W. T. JUNKIN,  
Clerk of Fenelon Falls
