Deer Fed with his Cattle.

The Lindsay Post of the 26th says: "Mr. J. H. Carnegie, M. P. P., of Indian Point farm on Balsam Lake, was in town Saturday on his way to Peterborough to spend Sunday with his father and other friends. Mr. Carnegie did not go hunting this fall, but had he taken the notion he need not have gone farther than his own barnyard. He said that since early fall four and sometimes half-a-dozen deer have been feeding with his cattle, and as the farm is isolated, and the dogs were kept housed, the deer grew so tame that it would have been easy to capture the graceful animals alive. They are still located on the stock farm, which affords them ample shelter."

What "We" Means.

The Wall Lake (La) Blade says: "Somebody has explained the significance of the editorial 'we.' It may have a variety of meanings. For example, when you read, 'We expect our wife home to-day,' 'we' refers to the editor; 'We are a little late with our work,' includes the whole office force, even the devil and the towel; in 'We are having a boom,' the town is meant; 'We received over 100,000 emigrants last year,' embraces the nation; but 'We have hog cholera in our midst,' means that the man who takes our paper and does not pay for it is ill."

The Canadian Poultry Review.

We are informed that Mr. A. G. Gilbert, the manager of the great poultry department of the Government Agricultural Farm at Ottawa, has been engaged for the coming year to continue his department, "Practical Poultry," in that handsome magazine, the Canadian Poultry Review. Other departments in the paper are, "Turkeys, Ducks and Geese," "Bantams," "Poultry Ailments," "Incubators and Brooders," and "With Uncle Sam." The editor says it will be bigger and better than ever, and as it is now in its 22nd year, we believe him. This journal is well illustrated, full of practical knowledge written by experts, and at the yearly subscription of 50c., is ridiculously cheap. Low as it is, however, readers of this paper can get it at a special rate of three years for \$1.00. A sample will be sent free by addressing Canadian Poultry Review, Toronto, Ont.; but the shortest and best way is to send \$1.00 for three years.

Personals.

Mr. Herbert Sandford left on Monday for Toronto, and returned next day. Mr. C. W. Burgoyne left on Monday for a business trip to Toronto, and returned on Wednesday. Mr. Martin Haskill is now in charge of Messrs. McDougall, Brandon & Austin's electrical plant, in place of Mr. Harry Hunter, resigned. Mr. Herbert Nevison, who came home about a fortnight ago on account of illness, returned to the Central Business College at Toronto on Monday last. Mr. Harry Hunter, electrician, who has resigned his position with Messrs. McDougall, Brandon & Austin, left on Monday, accompanied by Mr. Ernest Pearce, to put in a plant at Marvora. Mr. Harry Torrance returned home last Saturday, after completing a year's engagement with Mr. Thomas Hewie, of Fenelon, and will leave in a few days to visit his uncle, Mr. Joseph Pearo Jr. at Valentia, Mariposa. Mr. and Mrs. James Ellis of Parry Sound, and their daughter, Mrs. M. Pearce, came to the Falls last Monday, on account of the serious illness of Mr. Ellis's mother, who has reached the great age of nearly 93 years. Mr. Albert McCallum, who has been

for some considerable time in the employ of Mr. Adam Hall at Peterborough, came home to the Falls last Saturday in consequence of having something wrong with one of his arms, which makes a short holiday unavoidable.

Somerville Council.

Burnt River, Nov. 24th, 1900. Council met at the call of the reeve; all the members present and the reeve in the chair. Minutes of last meeting read and confirmed.

Moved by Mr. Burtchaell, seconded by Mr. Stewart, That the following accounts be paid: J. Wilson, work and material repairing sidewalks, \$1; J. S. Stephens, lumber and timber, \$10.20; H. Doughty, goods supplied for W. Badgerow (charity), \$17.85; A. B. Townsend, selecting jurors, \$2.50; S. Suddaby, selecting jurors, \$2.50; services re Board of Health, \$1.50; J. Brisbin, trip to Kinmount re bridge, \$1.50; Mrs. McMahon, keep of A. McNeil three months, \$13.65; J. Fell, services re board of health, \$1.50; D. McDougall, work on Kinmount bridge, \$14.30; W. W. Hales, do., \$12.90; B. Hopkins, hardware for bridge, \$5.80; J. Austin, timber and plank, \$42.99; J. Brisbin, road job, \$14.50.—Carried.

Moved by Mr. Craig, seconded by Mr. Stewart, That a by-law to provide for commuting statute labor be read a first time.—Carried.

On motion of Mr. Griffin, seconded by Mr. Burtchaell, a by-law to provide for the taking of a vote of the electors on a by-law to commute statute labor was read and passed, and the clerk was ordered to get 100 copies of the by-law printed for distribution.

On motion of Messrs. Stewart and Griffin the council granted five dollars to the East Victoria Farmers' Institute. Council adjourned to meet on the 15th day of December next.

HOCKEY.—A meeting was held in the McArthur House on Wednesday evening for the purpose of re-organizing the Fenelon Falls hockey club, and the following officers were elected for the ensuing year: President, John H. Brandon; Vice-President, Thomas Robson; Manager, H. Linney; Secretary-Treasurer, R. S. Rowland.

THE HOUSE OF REFUGE.—The question "Are you in favor of the erection of a House of Refuge in the County of Victoria?" is to be submitted to the ratepayers at the municipal elections in January next. We shall vote "yes," believing that a House of Refuge affords the best and most economical means of providing for indigent persons who have no relatives able and willing to support them; our belief being based upon the facts and figures in a ten-page pamphlet recently issued by the County Council.

THE INSTITUTE MEETING.—Don't forget the East Victoria Farmer's meeting in Dickson's hall to-morrow. There will be two sessions, one commencing at 1.30 p. m. and the other at 7.30 p. m. and the programme is a good one. Miss Laura Rose, Lady-Instructor in Dairying, O. A. C., Guelph, is to deliver an address at each session, and all the farmer's wives, daughters and sweethearts ought to be present. This will be her third (or fourth) visit to the Falls, and she will no doubt be as well worth hearing upon this as upon previous occasions.

THE KINMOUNT MILL.—Messrs. Puley & Joy's new mill at Kinmount is practically finished, and the machinery for it is expected to arrive this week, but, of course, may be delayed a few days in transit. The mill is a substantial, well built structure 32x40 feet, covered with mica roofing, and cost a little over, rather than under \$4,000. The machinery—rolls for grinding and plates for chopping—is all of the very latest and best description, and will turn out 50 barrels of flour and 700 bags of chop in 24 hours. If no unforeseen delays occur, chopping will commence by the middle of December, and it is expected that the rolls will be in operation on the first day of the 20th century. We wish the proprietors the success their enterprise deserves.

A DEMORALIZED BUGGY.—Mr. Harry Puley owns a nice little black mare, which he raised himself, and a dandy top buggy, that he ironed with his own hands, and a good set of harness; and some months ago he lent the whole turn-out to his nephew, Mr. John Perryman, of Fenelon. A week ago last Sunday Mr. Perryman went out for a drive, (with his best girl, Mr. Puley says,) and, upon returning home, he got out of the buggy and left the mare standing while he closed the farm gate. Being always in a hurry to get there, wherever it is, she started before Mr. Perryman had time to catch hold of the lines or bridle, and, rushing under a driving shed, the top was torn off the buggy, a side of it smashed and one of the new patent "thousand-mile" axles badly bent. Mr. Fred Chambers, to whom

the vehicle was taken for repairs, said the top and box were badly used up. Spirited horses that won't stand without tying are almost as exasperating as, and far more expensive than, those that won't move without whipping.

Slater Shoe Leathers

The output of "Slater Shoes" is so large that the makers are able to control their own tannage in most leathers. "Canuck Calf," made from the best selected calfskins, in black, light and medium tan and seal brown. "Kidduck" in black and seal brown, from selected Patna goatskins. Both leathers are wear and water resisting, porous and therefore sanitary. There are also "Best French Patent," "French Enamel," "Peerless Russia" and "American Wax Calf." Slater Shoe Polish only should be used on these leathers, retains their elasticity and keeps them soft. The sole leather is the best obtainable, and on every sole is the makers' name and price in a slate frame, when the finished shoe has passed its rigorous examination. Catalogue.

Sold by J. L. ARNOLD, Fenelon Falls.
