BUILT BY LOVING HEARTS

AND MAINTAINED BY CHARITY.

After a Brave Struggle with an Overwhelming
Debt the Hospital for Sick Children is Within
Sight of Freedom — Only \$19,000
Required to Free It.

Eight years ago the Hospital for
Sick Children, Toronto, was in a most
precarious financial position. Only a
few sanguine friends believed that the
huge debt of over \$106,000 would ever
be lifted from it. A prominent Mont-
real financier, when asked to loan
money and hold as security on mort-
gage the hospital, enquired as to the
suitability of the building for "factory
purposes." Perhaps it was his re-
marks as much as anything else that
helped the brave ones who stood by
the hospital. The very idea of such

Hospital in a generous manner. Many
splendid gifts are received from
friends outside Toronto.

It costs over \$30,000 each year to
maintain the Hospital. About \$100 a
day is needed to buy food, medicine,
surgical appliances and nursing for
this army of little ones—146 patients
being in the cots at the end of this
fiscal year.

An appeal is being made by the Hos-
pital Trustees this year for \$19,000—
the sum required to entirely free the
Hospital of its debt. They issue the

AN IMPERISHABLE MONUMENT OF LOVE.

a possibility stirred the hearts and
spurred the efforts of those to whom
the Hospital work had become dear.

Taking the responsibility of the load
upon their own shoulders the trustees
of the Sick Children's Hospital ap-
pealed to the generous hearts of a
rich province—Ontario.

Here is a Hospital—they told it
through the newspapers—which
throws open its doors in answer to the
cry of any sick child, a Hospital that
has nursed and cured thousands of
helpless and crippled children; a Hos-
pital equipped as is no other institu-
tion of its kind in the world. Shall a
charity so sweet and deserving be
forced to close its doors by a mort-
gagee who thinks it might do for a
mill?

That was eight years ago. Not be-
fore nor since has a single sick child
been refused admission to the Hos-
pital. A staff of doctors and a corps of
trained nurses are there during the
day and the long watches of the night—
tenderly and skilfully caring for the
little ones given into their care by fond,
anxious parents. Little children are
brought to the Hospital from the far-
thest points of the province. Every town
and township has been represented
during the past quarter century. The
fame of its great healing power has
been told in many a humble home—
for during twenty-five years 40,000 sick
children have been taken care of.
Some of the little ones treated in those
early days are strong, healthy men and
women to-day.

Last year the Hospital roll number-
ed 5,776 patients. Some spent days
and weeks in the cots at the Hospi-
tal. Others came for a few days, while
many were brought to the doors of the
Hospital in the arms of their mothers
and received such medicine and advice
as to speedily effect a cure in their
own homes.

More than one-third of the little chil-
dren admitted to the Hospital wards
came from places outside the city. The
people in the province have helped the

appeal to their friends throughout the
province. In a letter to the editor of this
paper Mr. J. Ross Robertson says that
the Hospital has many well-wishers
among our readers who have given
practical voice to their sympathy in
past years. He believes that they will
respond cheerily and generously this
year to the call for help. They want
to end the century free of debt—that
on the morning of the first day of the
Twentieth Century there shall stand
free, a monument to man's generosity
to countless sick children—an imper-
ishable gift of love from the men and
women of the Nineteenth Century to

little ones specially confided to our
care.

More than 10,000 donors contributed
to the maintenance and reduction of
the Hospital debt last year.

Nearly half of these donations were
single dollars. Mr. Robertson says the
trustees like to have the greater num-
ber of individual friends—that they
would prefer ten five-dollar bills to one
fifty dollar gift.

Mr. J. Ross Robertson, chairman of
the Hospital Trust, Toronto, publishes
a list of the donations received during
the Christmas month in his paper, The
Evening Telegram, and copies of the
paper are sent to all donors.

Donations may be sent to Mr. Rob-
ertson, or to Douglas Davidson, Secre-
tary-Treasurer, Hospital for Sick Chil-
dren, Toronto.

Robbers Hold Up a Trolley.

Chicago, Dec. 1.—A daring attempt was
made last night by five men to hold up an
Ogden avenue electric car at Randolph and
Canal streets. The robbers were beaten
off, after a furious battle with the crew of
the car and several passengers, but not
until Edward J. Wright, president of a
commission house, had been robbed of a
satchel containing more than \$300 in cur-
rency and certificates. There were twenty
passengers on the car. When the police
patrol wagon arrived on the scene, in re-
sponse to a riot call turned in by a citi-
zen, they found the conductor, John Stein-
deck, lying insensible in the street, bleed-
ing from half a dozen wounds. The in-
terior of the car was wrecked. The win-
dows were broken, and the floor and seats
spattered with blood.

During the fight in the car several wo-
men fainted, while others leaped panic-
stricken from the car. Several passengers
received cuts and bruises.

The question of protecting the Welland
Canal against attack from lawless charac-
ters is occupying the attention of the Do-
minion authorities.

Mexican Central Wreck.

San Antonio, Tex., Dec. 2.—A terrible
wreck, in which a score of persons were
killed and about 60 hurt, occurred on the
Mexico Central Railway on Thursday after-
noon, between Tamaucha and Symon, 50
miles south of Jumilico. The first news of
the disaster reached here to-day. Edward
Rische, a citizen of Antonio, was at the
scene twenty minutes after the engines
crashed together. The place where the
wreck occurred is in a valley at the foot
of two immense hills. At the time both
trains were running 30 miles an hour. One
of the trains had on board a construction
crew, numbering 150 men. The other was
a freight train of 55 empty cars. The en-
gines and about 40 cars were piled up
30 feet high. Two American train em-
ployees were forced to flee to avoid being
lynched.

Col. Otter says he left the Canadian
nurses at Pretoria, and has no idea when
they will return.

Prof. Robertson reports an important
development of creameries in the North-
west Territories.
