

Personals.

Miss Agnes Dickson is home from a few days' visit to friends at Peterborough.

Mr. Fred Greene, who went to Palestine about two weeks ago, came home on Tuesday.

Mr. F. H. Magee left last Tuesday on a business trip to Peterborough, and returned next day.

Mr. William Deyman, Sr., returned on Tuesday from Gravenhurst, where he spent the summer.

Captain and Mrs. Howell, of the Salvation Army, "farewelled" on Wednesday evening, and left next morning for Bowmanville.

Mrs. A. Clark, Jr., and her eldest daughter returned home on Tuesday from a fortnight's visit to relatives at Pickering and Whitby.

Mr. R. S. Rowland went to Peterborough last Friday as a delegate to the Trent Valley Hockey League meeting, and returned on Monday.

Mr. Henry Smith, who left the Falls on the 1st of April for Deseronto, returned home on Tuesday last, and will probably remain all winter.

Rev. R. H. Leitch returned home on Wednesday from Castleton, where he delivered a course of lectures on his last summer's trip to England and the continent.

S. S. ENTERTAINMENT.—The Methodist S. S. entertainment will be held in Dickson's hall on Christmas Day.

ACCIDENT.—Last Friday evening Mr. Samuel Ellery was thrown from his black mare, while riding her to water, and two of his ribs were broken. Dr. Graham set them, and he is already able to be out again.

THE LIGHTS WENT OUT.—On Sunday evening a lot of what is called "anchor ice" from Cameron Lake blocked the water wheels of both our electric light plants, and coal oil lamps had to be used in Lindsay and the Falls until Tuesday.

200 boxes finest new Raisins received this week at the Red Store. 3 lbs. for 25 cents.

XMAS TREE.—A Christmas tree in connection with St. James' Sunday School will be held in Dickson's hall on the evening of Thursday, Dec. 27th. There will be a programme of carols, recitations, etc., by the children. Admission 10c; children of S. S. free.

DENTAL.—Dr. Neelands, dentist, of Lindsay, will be at the McArthur House, Fenelon Falls, on arrival of afternoon train on Monday, Dec. 17th, and will remain over Tuesday. He will have gas and best pain obtundents. Everything up-to-date in dentistry. Call in forenoon if possible.

SCHOOL REPORT.—Weekly examination; senior 4th class; subject physiology; marks obtainable 100.—M. Heard 72, A. Wilson 70, C. Bellingham 68, G. Wilson 66, F. Graham 57, B. Austin 55, I. McDougall 44, J. O'Leary 36, A. Robson 35, N. Martin 35, C. Puley 33, W. Ingram 32, B. Crosgrey 30.

ACCIDENT.—Last Friday evening Mr. Joseph Heard had occasion to drive to Cobocook on business, and when he was getting his team out of the hotel shed, one of them trod upon his left foot, and a caul on its shoe cut through his boot and penetrated the nail of his great toe. He is quite lame from the effects of the accident and has suffered a good deal of pain.

BAZAAR.—The annual bazaar of St. James' Sisterhood will be held on Wednesday, December 19th, in the store in Jordan's block lately occupied by Davey & Son. Useful and fancy articles, suitable for Xmas gifts, will be sold at moderate prices. The sale will commence at 2:30 p. m. and will continue during the afternoon and evening. Refreshments 5c. Don't forget the date and place.

THANKS.—Mrs. Andrew Gillis will please accept our thanks for the nice pair of mitts she knitted expressly for our use and presented to us last week. Happening to hear us remark that we wished we could get a good heavy pair, such as farmers wear, but small enough for our hands, she kindly offered to supply our long felt want, and promptly did so. They are a good fit, of a pretty pattern, and will no doubt outwear three or four "boughten" pairs.

SHE'S DEAD.—The venerable sorrel mare on the late William Ellery's farm in Fenelon departed this life one day lately, but not from old age nor natural causes. Though in her 35th year, she was sound in wind and limb and free from any disease; but, as she had lost so many teeth that she could not eat hay or oats, and was almost past work, Mr. Barber went to the farm with his rifle and put a bullet through her head.

POISONOUS VENISON.—The Penetanguishene Herald says:—"Scientists have asserted that the flesh of certain animals may take up a poisonous element under the terror of the chase, and become un-

fit for food. A family in town have had an experience which seems to sustain this theory. A friend sent them a nice haunch of venison, which seemed to be fresh and in every way wholesome, but all who ate of the venison were seized with a very distressing colic."

SLEIGHING.—We have sleighing again, and it is to be hoped that it will last, as it is good for business and good for pleasure. Last week the roads were in a horrible state, first with mud and then with frozen ruts, to the great discomfort of persons who had to travel over them. The village snow-plough was out on Tuesday for the first time this winter, guided by Mr. Thomas Scott and drawn by his horse, though there was scarcely enough snow on the sidewalks to impede the progress of pedestrians.

PRIZES FOR POULTRY.—At the Peterborough poultry show, held recently, Mr. John Lean, of the firm of Cullis & Lean, of Powles' Corner, exhibited twelve birds of the Silver Dorking and Brown Leghorn varieties, and was successful in winning ten prizes, including the prize for the best pen of English birds on exhibition. The firm are well-known breeders of Shorthorn cattle and Leicester sheep, and have lately developed a large trade in poultry, and have sent birds or eggs as far west as the Rockies and to St. John, New Brunswick, in the east.

SUDDEN DEATH.—Edith Pearl, second and youngest daughter of Mr. Samuel Keown, of Fenelon, died very suddenly last Saturday morning. Dr. Wilson had been attending her for a mild attack of scarlatina, from which she appeared to be recovering, and when he visited her on Friday her temperature was normal. On Saturday she ate her breakfast as usual and was quite cheerful, but while she was sitting on a chair, and her mother was making her bed, she suddenly exclaimed "I'm going to faint," and immediately fell into a swoon. Her mother did all she could for her, but in a very short time—not more than fifteen minutes—the poor girl was dead. Mr. and Mrs. Keown have the sympathy of the whole community in their sad bereavement.

A BREAK-DOWN.—Happening to meet Mr. Joseph Moynes last Saturday evening he gave us the particulars of an accident that happened on the night of the 1st inst. to Mr. Daniel Gilchrist and his sister, of Islay, while on their road home late at night from the East Victoria Farmer's Institute meeting at the Falls. When near Mr. Edward English's, about a mile from the village boundary, the front axle of the buggy broke and the occupants of the vehicle were both thrown out. Miss Gilchrist escaped without injury, though she was almost covered with mud, but her brother was out beneath the right eye and his right knee and shoulder were slightly bruised. Mr. Moynes, who was behind in his own "rig," took them to his house, where they had supper and were divested of some of their mud, after which he drove them to their own home. Mr. Gilchrist's horse got loose from the buggy almost as soon as the axle broke, and, after running about two miles, fell into a walk and was captured by Mr. John Daniel Jr.

FATAL ACCIDENT.—Mr. Richard Gibbs of Lindsay and one of his sons left home on Tuesday of last week in a cart to look for some strayed cattle, and in the evening, when about two miles this side of Rosedale, the cross-bar between the shafts broke, the front of the cart fell to the ground, and the horse ran away. The young man got out, he hardly knew how, and escaped with a few slight scratches and bruises; but the old gentleman was dragged nearly forty rods, when the horse broke loose from the cart. Mr. John Cunningham, near whose place the accident happened, got his buggy out and drove Mr. Gibbs to the residence of his son, Mr. Thomas Gibbs, about a mile north of Cambray, and Mr. David Brokenshire came to the Falls for Dr. Wilson. The doctor was in attendance upon the patient as soon as possible, and subsequently paid him two or three visits, but he died on the following Friday afternoon. He had received several wounds and bruises, and may have been injured internally; but Dr. Wilson attributed his death to heart failure caused by the shock, from which, owing to his great age, 78 years, he was unable to rally.

ORIGIN OF TRADE MARKS

Trade marks were used as far back as the 16th Century.

They originated from the signs that, in the early ages, were hung over the shops telling of the wares inside. To-day the trade mark is branded on the goods themselves, enabling the purchaser to identify the good from the bad and indifferent.

On a Slater Shoe the name and price appear on the sole in a slate frame, \$3.50 and \$5.00. Every pair Goodyear welted.
