## TRADE OF THE YUKON.

### Machinery Men Are Overlooking an Opportunity.

"There is now no doubt whatever that the Klondike Mines Railway is to be built, and that construction will begin in the near future. It will work wonders in the whole Yukon region, as it will render possible the working of many comparatively low-grade propositions, which are now handicapped by the enormous freighting rates."

Mr. J. A. Christie, of Vancouver, B.C., and also of the Canadian-Yukon Saw Mill Company of Dawson, is authority for the above statements.

"There are any number of properties in the immediate neighborhood of Bonanza and Eldorado Creeks and along the tributaries of Indian River which in any other country would be considered extremely valuable, but which cannot be worked satisfactorily because of the cost of supplies. These must be packed up now, and the rates run as high as \$150 to \$160 a ton, whereas, with the railroad built, the rate will be nearer to \$15 a ton."

"Of the \$500,000 required \$260,000 has already been subscribed in Chicago, and about \$40,000 in Omaha, while the balance will be subscribed in Dawson."

Taking up another line of thought, Mr. Christie ventured the opinion that Canadian merchants generally, not even excepting those of Vancouver, were not yet fully alive to the importance of the Yukon trade.

"It is true," he said, "that about 75 per cent. of the trade comes to Canada now, and that is a vast improvement on the old conditions, but I see no reason why Canada should not get it all. The machinery men are particularly slack. There are American boilers, engines, pumps, hoists, and other mining machinery sent into the Yukon country, when Canadian firms can supply articles every bit as good. They have the tariff in their favor, too, and if some of them only had the energy, they could assuredly capture the trade. There are other instances, too, but this is one particularly noticeable."

## COULDN'T WALK FOR YEARS.

### AN ANTERIOR MAN IS THANKFUL THAT NOW HE IS ABLE TO WORK.

Often Found Himself Unable to Lie Down Without the Greatest Pain.—Cured by Dodd's Kidney Pills.

Annprior, Ont., Feb. 3.—(Special)—A very remarkable cure of Backache and Kidney Trouble has just been brought to notice at Basin Depot near here.

Mr. J. H. Martin suffered for over eighteen years with Lame Back so that he actually couldn't walk or lie down without enduring the most dreadful pain. He tried many medicines without getting relief, and was very much discouraged.

Dodd's Kidney Pills were recommended to him, and he commenced a treatment, and improved very fast from the first. As the treatment continued the improvement increased until he was able to go about his work as well as ever.

The theory so often advanced that the Kidneys are the most important organs of the body and that a large percentage of the sickness and pain which humanity suffers, is due to imperfect Kidney action seems to be amply proven in this particular case, for as soon as Dodd's Kidney Pills regulated and restored the natural action of the Kidneys all Mr. Martin's troubles left him at once.

Many remarkable cures by Dodd's Pills have been published, but certainly none as wonderful as that of Mr. Martin.

He has written a letter giving the facts of his case, and his announcement that he was able to work comfortably once more after such a prolonged period of suffering, has started people wondering if there is any case of Lame Back, Rheumatism or other Kidney Trouble that Dodd's Kidney Pills will not cure.

## NOT UNREASONABLE.

They were sitting in the corner grocery store, exchanging the confidences of the fishing season, and as the conversation progressed the stories steadily increased in size. At last, the tall, lank man on the cracker barrel pulled himself together and began:

"I went down to the river this morning, and although the water was high almost to a flood, I took a ten-foot pike."

"Stop there," exclaimed the fat man with the corn-cob pipe. "Tell us you took an eight-pound trout, and I'll sit idly by. But a ten-foot pike, never!"

"I took a ten-foot pike-pole," continued the unrufted man on the cracker-barrel, "and in less than five

minutes I hooked out a fifteen-foot bass."

"See here! See here!" shouted the owner of the grocery. "You'll have to go away from here to finish that story. I haven't any lightning rods on this store yet."

"I hooked out a fifteen-foot bass-wood log," persisted the tall man, "and I was going to ask how much do you think I can get for it."

## A BELATED DISCOVERY.

Mrs. Norton came home from a call one day in such a disturbed condition that it was evident that tears were not far in the background. She lost no time in beginning her explanation.

"John," she said to her husband, "I am so mortified I don't know what to do!"

"What is the matter, Joanna?" asked Mr. Norton.

"I have just been calling on Mrs. Peverill. You know her husband, Major Peverill?"

"Yes."

"Well, I just learned to-day that 'Major' isn't his title at all. 'Major' is his first name."

"Why, certainly. I've always known that. What is there so mortifying about it?"

"Nothing," said Mrs. Norton, with a groan, "only that I've been calling him 'Major' every time I've met him for the last ten years!"

"Do you have mice in your house, Parker?" asked Wicks. "Yes, lots of 'em," said Parker. "What on earth do you do for them? I'm bothered to death by them at my house." "What do I do for 'em?" said Parker. "Why, I do everything for them—provide 'em with a home, plenty to eat, and so forth. What more can they expect?"

Teacher—"Tommy Trevant, don't you know it's the rule in this school for children to have their shoes blackened? Why are yours so dirty?" Tommy—"I did clean 'em, miss, but I climbed up a tree afterwards to get this nice apple for you."

**Page Woven Wire Fence**  
Owing to the variations of the Canadian climate, considerable allowance must be made in all fences for contraction and expansion, which makes an ordinary wire fence unserviceable, as when it expands it becomes so loose as to prove of little value. Note this makes it elastic and self-regulating. The Page Wire Fence is made of "Page" wire, which is twice as strong as ordinary wire. Prices are particularly low this season. 50,000 miles of Page fences now in use. We also make Gates, Ornamental Fences and Poultry Netting. The Page Wire Fence Co., Limited, Walkerville, Ont.

## AN ARTFUL HUSBAND.

"I should like to give my wife a little surprise on her birthday; but I don't want it to cost much."

"Then you should do as I do. Every year I secrete a piece of jewelry or some other valuable object belonging to my wife. The article is missed, search is made everywhere, and its disappearance deeply lamented. But how great is her joy and surprise when the brooch or the bracelet turns up again in a new edition (for I always have it polished up at the jeweller's). And how kind, how thoughtful of me! In pattern and quality the precise counterpart of the lost article! You see, this little dodge never misses its effect, and it doesn't cost me much; but by the time her birthday comes round again the incident is totally forgotten."

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

## For a Lame Back!

A lame back means that dull, aching pain over the small of the back, or the "catch" which takes you as you arise from stooping. That and all the symptoms of general debility and lost vitality which usually go with it I cure with my new appliance. Lumbago, Sciatica, Rheumatism—I conquer them all in a few days.

Dr. McLaughlin—Sir: In regard to your Belt for lame back, I can say this—I have found it just as you represented it to be, and a little better. Its weight in gold would not buy it if I could not get another like it. I have been troubled with my back since I was 17 years of age, and am now 33. Yours very truly,  
D. H. MARACLE, Shannonville, Ont.

Any man or woman who will secure me can have my appliance and pay when cured. I ask no pay in advance.

## Dr. McLaughlin's Electric Belt

You have heard of my Belt; your neighbors are being cured by it. It has taken me twenty years to learn how to employ electricity right, and I give you the results of my experience in my modern appliance. It gives a glowing heat—no burning, no shock. Cures while you sleep.
