HIS TONIC.

A college professor, feeling indisposed, consulted his physician, a German, very scientific and acknowledged as one of the leading men in his line. The doctor advised the professor to work less at the desk, exercise more outdoors, and take beer as a tonic, something the professor had never cared for. The doctor met his patient a few days later as he was leaving the college, and stopped to inquire how he was feeling.

"About the same," replied the professor.
"Did you take the beer as I directed?" inquired the physician.
"Yes," replied the professor; "I took it a few times, but it became so nauseous that I had to discontinue it."

"How much did you take?"
"Why, I bought a whole bottle, and took a spoonful before each meal," answered the professor.

SHE AGREED WITH HIM.

"Oh, I can't sing," pleaded a young man who femininely wanted to be coaxed before gratifying his auditors.

"Yes, you can. I have heard two or three of my friends say so," persisted a pretty girl to whom he had been talking.

"No, I can't," he repeated, getting up to go to the piano.

"Yes, you can; go on, and sing, please," she urged.

He said he couldn't two or three times more, but he went ahead, and for ten minutes his voice was the most prominent thing in the room. Then he came back, smiling, to the lady.

"Ah," she said, wearily, "thanks. You were quite right about the singing."

His face clouded, and he never spoke again to the girl who agreed with him.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

AN OLD DRAFT.

A pretty anecdote comes from Brussels illustrating the generous spirit of a banker of that city.

The banker is fond of outdoor exercise. As an exhibition of his skill in skating, he made his autograph on the ice in a very artistic manner.

Some gentlemen, having admired his signature proceeded to write above it as follows:

"On demand I promise to pay for the benefit of the poor the sum of 5,000 marks."

They sawed out the block of ice, and having called a cab, proceeded to the bank and carried the frozen note of hand-of-foot, we mean—to the cashier's counter.

The cold temperature happily prevented the melting away of the icy draft, and the banker, having been appealed to, ordered it to be paid.
