ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost.

The Boer War—Lord Methuen Captured.

A despatch from Lord Kitchener at Pretoria, dated March 8th, reported the discovery, by Canadian scouts commanded by Col. Ross, of a Boer magazine in a cave north-east of Kietz, in the Orange River Colony, containing 310,000 rounds of rifle ammunition, hundreds of shells and fuses, 200 pounds of powder, a Maxim gun, hellos, field telegraphs and quantities of stores. But, two days later, there came, from the same source, the details of a disaster between Twebosch and Palmietknill, before dawn on March 7th, to a British force of 1,200 men under General Lord Methuen, who was himself wounded in the thigh and captured. The Boers, under General Delarey, attacked them on three sides, and the British lost three officers and 38 men killed, and five officers and 72 men wounded. One officer and 200 men were reported missing, and the Boers captured all the British baggage and four guns. Major Paris, who led 900 mounted men, and who surrendered when further fighting was useless, was released, and says that the disaster was partly caused by the panic and stampede of the mules that were drawing some of the waggons. No fears are entertained as to the treatment Lord Methuen will meet with, but it is believed that he will be held as a hostage. Meanwhile the Boer force in the field is steadily decreasing by death or capture; and it is said that their women, who until lately urged them to fight, are beginning to be in favor of surrender.

A later account says that the trouble began when the raw troops flinched and threw the column into disorder. Six thousand yeomanry, with large drafts of cavalry and infantry, are to be immediately embarked for South Africa.

A Grand Reception.

On Thursday of last week our hockey team went to Norwood to play the final Trent Valley League game, and, as they won by a score of 9 to 7, thus retaining the championship and possession of the Stratton cup, it was decided, when the welcome news of their victory came, to give them a right royal reception on their return. They remained in Peterborough over Friday to witness the first of the final games in the intermediate series of the O. H. A., between that town and Galt, which was won by Peterborough, and came home on Saturday by the train, due here at 11.45 a. m. When our victors in many a "strenuous" fight arrived, it must have warmed the cockles of their hearts to see the crowd that had assembled at the station to do them honor; and, after they had with difficulty made their way to the carriage awaiting them, the village band played a selection, and then headed the long procession of rigs that followed it to Dickson's hall, where the chair was taken by Mr. Thomas Robson, who made a brief eulogistic speech, as also, did Mr. J. H. Carnegie, M. P. P., Rev. John Garbutt, Rev. E. C. H. Sinclair, Dr. Gould, Dr. Graham, Dr. Mason, Mr. T. H. DeCew and Mr. W. T. Junkin. The reception was a grand one, and so many flags, big and little, were displayed, and so much enthusiasm was evinced, that the celebration of the relief of Mafeking was recalled to mind. The Stratton Cup, the outward and

visible sign of our team's achievement, was carried to and from the railway station on Mr. W. L. Robson's delivery waggon, and, after having been exhibited in the hall, was returned to the window of Dr. Gould's drug store, where it is still to be seen. We are too old to take much interest in athletic sports, but we take a deep interest in everything that effects the name and fame of our village, and are proud of our share of the glory that accrues to it as possessor of the Champion Hockey Team of the Trent Valley League.

In the United States the Grange organization is flourishing and expensive halls are being built. A good many years ago there was a Grange society here, and in our opinion it should be here yet, but the members seemed to grow weary in doing well, and discontinued meeting together. Some years later a society known as the Patrons of Industry was organized here and the farmers seemed to enjoy the meetings. If the Farmers' Institute meetings can be made profitable when only meeting once a year, could not a Grange society be made more profitable if the farmers met together say six or twelve times a year? Now, before long we want to see the Grange reorganized, a rural telephone, and prohibition.

Since March 5th, 1892, the farmers in this section have been enjoying a great convenience in having a post-office and daily mail, and the business in the post-office has grown to such an extent that, on the 5th day of March, 1902, the post-master received word from the P. O. Department that the Postal Note system would be adopted, at once. This is another feather in the post-master's hat. The postal note system will be a great benefit to this community, and would have been a great convenience years ago.

Every post-master who has to weigh all the mail that is received and despatched for 30 days will not be sorry when the 24th of this month arrives.

The big thaw was a great boon to the school scholars. There were two sheets of ice near the school, which made good skating.

Mr. W. N. Jeffrey is, at the time of writing, feeling much better than for some days past, and we hope that he may continue to improve until his health is completely restored.

It is interesting to watch Premier Ross, how he so kindly remembers the liquor men, and will make it as hard as possible for the temperance people to secure prohibition of some poor kind. Both political parties are afraid to do what is right for fear of losing their jobs.

Mr. J. B. Powles has purchased a thoroughbred Holstein bull, one year old, from a breeder in Western Ontario. This animal is from prize-winning stock. As dairy cattle the Holsteins have scarcely an equal.

Don't forget the basket social to night (Friday). It will be held in the school house.

The royal visit cost Canada \$478,000. This is a great piece of extravagance. There are many homes in Canada that are in need of aid, and a few dollars would remove a burden from many a home, and there would be more charity and more Christianity in the giving than in five thousand prayers. A little help is worth a great deal of pity.

Our local weather prophet says there is going to be some more frost this month. It is a blessing to have such wise people living among us.

NORTH VS. SOUTH.—A lively game of hockey between boys from the north and south wards was played in the rink on Monday night, the north ward winning by a score of 4 to 5.

J. Power will hold a similar sale on the premises of Mr. James Butler, lot 22, con. 3, Somerville. Both of the sales will commence at 1 p. m. sharp. For terms and particulars see posters.

with their attendant dangers may be speedily averted and remedied by the use of Polson's Nerviline. A HOCKEY SUGGESTION.—Mr. Sam Britton, one of Lindsay's hockey enthusiasts, who is not satisfied with the results of this season's games between that town and Fenelon Falls and Peterboro, makes the following suggestion in Wednesday's Post: "If the three teams—Peterboro, Fenelon Falls and Lindsay—will assemble here at the earliest date at which ice can be secured, and take part in a tournament, we are prepared
