WOMEN'S INSTITUTE MEETING.—A well attended meeting of the East Victoria Women's Institute was held last Saturday afternoon in the Orange Hall, Fenelon Falls. A very interesting paper on "The Cultivation of Flowers," by Mrs. William Campbell, was read by Miss B. Nie, after which a lively discussion took place. Mrs. Campbell answering many questions relating to the different varieties of plant life. The next paper, "Order in the Home," by Mrs. B. Smith, was very interesting. The idea that there should be a place for everything and that everything should be in its place was forcibly impressed, the example being taken that God, the great creator of the universe, first instituted order. This paper was followed by a talk from the President, Mrs. Fell, who took each day of the week in order. The work appropriate for each day and how it should be done was thoroughly discussed, and many hints were given. The meeting then closed with the singing of the National Anthem.

AN UNPLEASANT MISHAP.—Mrs. Hugh McDougall drove out to Rosedale last Friday, accompanied by her mother, Mrs. C. W. Moore, and, finding the road terribly bad, they decided to come home by way of Cameron Lake, on parts of which there is a thin layer of ice, formed by the freezing of the rain that fell or the water that flooded over the solid ice below. It was dark when they reached the lake, and, when about half way across, the horse got off the track and broke through the shell ice into the water, which took it over its knees. Mrs. McDougall is a good driver, but, in spite of her skilful manipulation of the reins, the horse in some way upset the cutter; but whether the ladies were thrown out or had previously stepped out our informant did not say, and we forgot to ask. At any rate, they did not get wet, but, after getting the "outfit" on to firm ice, they righted the cutter and drove home. Their mishap was certainly a very unpleasant one, but it might easily have been a great deal worse.

Unnecessary to Suffer From Asthma. This distressing complaint can be perfectly cured by inhaling Catarrhzone, a vegetable antiseptic that destroys the germs that cause the disease. Catarrhzone is inhaled at the mouth from a convenient pocket inhaler, and, after permeating the minutest air cells, is expelled slowly through the nostrils. It stops the cough, makes breathing regular, and eradicates the asthma so thoroughly from the system that it never returns. Do not suffer from Asthma. Use Catarrhzone; it will speedily cure you. Large outfit, \$1.00. Small size, 25 cents. At W. H. Robson's, or by mail from Polson & Co., Kingston, Ont.

THE SLATER

Shoe Shape.

Ever have a pair of shoes that twisted out of shape before they were half worn out? That was because of poor lasting—the stretch had been left in them.

"Slater Shoes" are lasted on machines which automatically stretch the leather to the exact point where there is no stretch left.

Only good leather can stand this process, but it takes all the stretch forever out of the shoes.

No breaking in, no bursting out, no twisting, no unsightly warping—"Slater Shoes" keep their shape till worn out. Goodyear welted.

Branded with makers' name and price, in a slate frame, \$3.50 and \$5.00.
