W. BURGOYNE.

The Big Store.

FALL SUPPLIES.

We are receiving our annual supply of Stoves, which will be found of the best designs and makes and as cheap as anyone sells them.

Received a stock of Fairbank's Scales; considered ahead of any other make.

Appointed agent for the celebrated White Sewing Machine.

A full stock of Sporting Rifles, Guns, Ammunition etc.

Try one of Heard's own Hot Air Drums. The price is low and they are great savers of fuel, besides thoroughly heating your whole house.

JOS. HEARD.

REMOVED.

I have removed my Dressmaking business to the rooms over Miss Washburn's millinery establishment.

Street Entrance--door between the two red stores.

MRS. M. E. CALDER.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.
HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1902.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost.

Harrow's.

Any farmer in want of a good harrow should call and see Robson's

Flexible All Steel Harrow,
Empire All Steel Harrow,
Gananoque Patent
Spring Tooth Harrow.

These harrows are among the best on the market, and will be sold at prices that will defy competition.

Thos. Robson,

Fenelon Falls.

The Fenelon Falls Gazette.

Friday, March 21st, 1902.

The War.

To the surprise, as well as to the satisfaction, of everybody, General Delarey released Lord Methuen, whom he treated with the greatest consideration and kindness while he remained a prisoner, and whose wound, we are glad to learn, is not serious. The London (Eng.) correspondent of the New York Sun says:

"The impression caused in this country by the chivalrous magnanimity of Commandant Delarey in releasing a British general whom he might have exchanged to advantage is remarkably deep and widespread, and is, according to all appearances, destined to have practical results of the highest importance. The belief prevails in responsible quarters that Commandant Delarey communicated fully to Lord Methuen the views, aspirations and demands of the Boer leaders in the field, and that they are moderate. More than that, it is believed that Lord Kitchener will advise that the British Government accept them. It would not be surprising, according to the statements current here at present, if Delarey, Botha and Dewet should come to Klerksdorp and talk over the situation with Lord Kitchener."

The release of Lord Methuen shows, we think, that General Delarey is a wise as well as a brave man, and it may be taken as an indication that the Boers are as tired of the prolonged struggle as the people of England admittedly are. They felt the capture of Lord Methuen badly, and reluctantly abandoned the hope that the war would be over by the time of the King's coronation in June. Although, as the Sun's correspondent says, "from a strictly military point of view, Lord Methuen's defeat was of less consequence to the English campaign than that the Boers suffer every time Lord Kitchener captures a hundred prisoners," it naturally encouraged the Boers—especially the ignorant ones—to hold out, and, unless Britain abate its pride and the Boers their obstinacy, the war may easily last another year, if not much longer.

Experimental Union Tests in Agriculture.

Mr. C. A. Zavitz, of the Guelph Agricultural College, has issued the following circular, for which we gladly make room in our columns:

The Ontario Agricultural and Experimental Union is prepared to distribute for experimental purposes good seed of leading varieties of farm crops to an average of sixty-five farmers in each County and District of Ontario. Each person who wishes to conduct an experiment, and is willing to use great care and accuracy in the work and report the results of the test directly after harvest, should select the exact experiment desired and apply for the same as soon as possible. The material will be forwarded in the order in which the applications are received until the limited supply is exhausted. Although material will be sent to each person, it might be well for each applicant to make a second choice for fear the first could not be granted.

LIST OF EXPERIMENTS FOR 1902.

1. Three varieties of Oats.
2. Three varieties of six-rowed bar-

- ley.
3. Two varieties of hullless Barley.
4. Emmer (Spelt) and two varieties of Spring Wheat.
5. Two varieties of Buckwheat.
6. Three varieties of Field Peas for Northern Ontario.
7. Two varieties of bug proof Field Peas.
8. Cow Peas and two varieties of Soja or Japanese Beans.
9. Three varieties of Husking Corn.
10. Three varieties of Mangolds.
11. Two varieties of Sugar Beets for feeding purposes.
12. Three varieties of Swede Turnips.
13. Kohl Rabi and two varieties of Fall Turnips.
14. Parsnips and two varieties of Carrots.
15. Three varieties of fodder or silage Corn.
16. Three varieties of Millet.
17. Three varieties of Sorghum.
18. Grass Pease and two varieties of Vetches.
19. Dwarf Essex Rape and Thousand Headed Kale.
20. Three varieties of Clover.
21. Stinfin, Lucerne and Barbet.
22. Five varieties of Grasses.
23. Three varieties of Field Beans.
24. Three varieties of Sweet Corn.
25. Fertilizers with early Corn for husking.
26. Fertilizers with Swedish Turnips.
27. Growing Potatoes on the level and in hills.
28. Two varieties of very early Potatoes.
29. Planting cut Potatoes which have and which have not been coated over with land plaster.
30. Planting Corn in rows and in squares (an excellent variety of early Corn will be used).

Material for either number 25 or number 26 experiment will be forwarded by express, and for each of the others it will be sent by mail.

Dr. Rutherford Appreciated.

At the recent annual meeting of the Veterinary Association of Manitoba, Dr. J. C. Rutherford, the newly appointed Chief Veterinary Inspector of Canada, was unanimously elected an Honorary Associate. The following resolution was also carried without a dissenting voice:

"Resolved, that this Association rejoices in the elevation of one of its members to the most important post in Dominion open to the veterinary profession, that of Chief Veterinary Inspector to the Department of Agriculture, and wishes to place on record its appreciation of Dr. Rutherford's work, as the founder of this Association and one of its most active members, and hereby tenders him its heartfelt congratulations and wishes him the greatest possible success in his new sphere."

Personals.

Mrs. V. H. Ackert, of Guelph, is visiting friends at the Falls.

Mr. William Deyman, Sr., was home from Gravenhurst part of last week.

Mr. William Fielding, of Cobocook, was at the Falls on Wednesday evening.

Mr. Peter Begg, of Victoria Harbor, is at the Falls, visiting his uncle, Mr. Lewis Deyman.

Mr. Herbert Nevison is home from Gooderham, where he was clerking all winter for the Rathbun Co.

Mr. Lewis Manning and Mr. Arthur Townley, who left for the Soo about seven months ago, are home again.

Mr. T. Trudel, of Quebec city, arrived at the Falls on Monday to take a position on Mr. J. J. Townley's sartorial staff.

Rev. Mr. Garbutt and Rev. Mr. Davies left this (Friday) morning to attend a Sunday School convention at Cobocook.

Mrs. Mary J. Smith returned to her home at Lindsay on Monday, after an enjoyable visit of about three weeks to her sons at the Falls.

Miss Eva Brokenshire and Miss Mattie McFarland have returned from spending a few days at Miss Brokenshire's home at Woodville.

Mr. James Dickson left on Monday for Toronto, to attend the annual meeting of the Ontario Surveyors' Association, of which he is president.

Mr. George A. Jordan, of Toronto, was at the Falls from Friday until Monday. He has been appointed agent for the County of Victoria of the Canadian Casualty Company, which is to be shortly incorporated.

Mr. and Mrs. Fred Varcoe have returned from Milland, and will make the Falls their permanent home. Mr. Varcoe has rented the house (next door to the Gazette office) at present occupied by Mr. William McKeown, and has resumed his old position in Mr. Campbell's store.

Mr. Robert McCallum left on Friday, accompanied by his son Malcolm and his daughter, to attend the funeral of his younger brother, Mr. David Mc-

Callum, at Sterling, Ont. "Mack" and his sister are home again, but their father remained at Sterling, on account of the dangerous illness of his mother, who is over 80 years old.

School Board Meeting.

Fenelon Falls, March 18th, 1902. The Board met at regular meeting; present, F. McDougall, in the chair, Jas. L. Arnold, Henry Pearce and Albert McIntosh.

Minutes of previous meeting read and adopted. Miss Ingram tendered her resignation as teacher in Division No. 3 in the north ward school.

Moved by J. L. Arnold, seconded by H. A. McIntosh, that Miss Ingram's resignation be accepted, and that we advertise in the Toronto Globe for a teacher to take room three in the north ward school for the balance of the term ending June 30th, 1902.—Carried.

Board adjourned, to meet on Thursday, the 27th instant.

Powles' Corner.

(Correspondence of the Gazette)

The basket social last Friday night was very well attended, considering the state of the roads. The proceedings commenced about 7.30. The programme, which consisted of dialogues, recitations and readings, was attended to first, and then Mr. J. B. Powles was selected auctioneer to sell the baskets, and if the roads had been good he would have had no small task, as there would have been a larger number to dispose of. About 25 or 30 baskets were sold, which realized, with the receipts at the door, about \$30, clear of expenses. Mr. W. Wagar was on hand with his gramophone, which is an entertainer within itself. The plan adopted that no basket should be sold for more than one dollar seems to give universal satisfaction. There is no basket worth a dollar, and often a basket is sold for two dollars or more, which is taking something for nothing.

The trustees of the church intend to have some fixing done to the basement as soon as the finances will allow. It can be made more comfortable, cleaner and more attractive to the Sabbath School children.

A few weeks ago we noticed in the Montreal Weekly Witness the death of Rev. Charles Fish, at the age of 82 years. He was stationed in Lindsay many years ago.

Some of the farmers here attended Mr. Thomas Cashore's sale last Tuesday.

The roads through here are very unsatisfactory to travel on at present, as there is neither wheeling nor sleighing.

There was an egg deal in this neighborhood not long ago between two women. Mrs. A went to Mrs. B to borrow half a dozen eggs. Mrs. B's hens were laying, but she happened to have some stale, packed eggs on hand, and lent them, and one of them was bad; but took a half dozen fresh laid eggs in return for the five stale ones, and laughed at the joke. At that time fresh eggs were selling on the market in Lindsay for 22 cents. Honesty is the best policy.

THE FIRST ROBIN.—What we believe to have been the first robin to arrive at the Falls this season was seen and heard last Friday morning, and two or three days later there were several of them, as well as a few blackbirds. How they liked the "cold snap" that commenced some time during Sunday night, we don't know; but the weather is now milder, and birds of all kinds will no doubt soon be here in hundreds.

To Cure a Cold in one Day
Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure E. W. Grove's signature on each box. 25c

OYSTER SUPPER.—Mr. Washington Northey treated about fifteen members of the Hockey Club to an oyster supper at his restaurant on Tuesday evening. Mr. M. H. McCallum, president of the club, occupied the chair, and a couple of hours were enjoyably spent in singing, speech making, etc. Fully twenty invitations were sent out, but, from different causes, four or five of the recipients were unable to attend, and missed having a jolly good time.

Never Say Die.
You may be weak, miserable, nervous, sleepless, your digestion may be poor, and you despair. Never say die, until you have used Ferrozone, the most wonderful blood maker, nerve strengthener and brain invigorator. It tones up the whole system. You can eat anything and digest it if you use Ferrozone. You sleep well. You make blood quickly, strength increases daily, and in a short time you're well. Try Ferrozone, which you can obtain at Robson's drug store.

THE HOCKEY SUGGESTION.—With reference to Mr. Britton's suggestion, mentioned in last week's Gazette, the Post of the 17th inst. says: "The Lindsay seniors have accepted the offer make
