

Christy's Hats

HATS

for men and boys.

If it's style you want, we have it. A visit to our Hat Department will convince you that for Style, Quality, Assortment and Price, we should be called

THE HATTERS of FENELON FALLS

We have an exceptionally fine line of Men's and Boys' fine quality Newest Style Suits, every suit guaranteed and prices to suit everybody.

A visit to our Gents' Furnishing Department will convince you that Burgoyne's is the right place to go for new and up-to-date Furnishings. See our display on Saturday.

W. BURGOYNE.

Three Stores.

FALL SUPPLIES.

We are receiving our annual supply of Stoves, which will be found of the best designs and makes and as cheap as anyone sells them.

Received a stock of Fairbank's Scales; considered ahead of any other make.

Appointed agent for the celebrated White Sewing Machine.

A full stock of Sporting Rifles, Guns, Ammunition etc.

Try one of Heard's own Hot Air Drums. The price is low and they are great savers of fuel, besides thoroughly heating your whole house.

JOS. HEARD.

REMOVED.

I have removed my Dressmaking business to the rooms over Miss Washburn's millinery establishment.

Street Entrance--door between the two red stores.

APPRENTICES WANTED.

MRS. M. E. CALDER.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 30, 1902.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

Harrows.

Any farmer in want of a good harrow should call and see Robson's

Flexible All Steel Harrow,
Empire All Steel Harrow,
Gananoque Patent
Spring Tooth Harrow.

These harrows are among the best on the market, and will be sold at prices that will defy competition.

Thos. Robson,

Fenelon Falls.

The Fenelon Falls Gazette.

Friday, April 25th, 1902.

HON. D. C. FRASER COMING.

The Hon. D. C. Fraser will address the electors of East Victoria in the Liberal interests in Dickson's hall, Fenelon Falls, on the evening of Monday, May 5th. It is needless to say that Mr. Fraser is an excellent speaker, and thoroughly conversant with all the questions of the day. The hall will be crowded, and we hope to see a good number of Conservatives in the audience.

Mr. Heyd's Meetings.

Mr. Louis F. Heyd, K. C., the Liberal candidate for East Victoria, will hold meetings at the following places during the next two weeks. All the meetings will commence at 7.30 p. m., except those at Long Point and Carnarvon, which will be held at 2 p. m.:
Cameron, Monday, April 28th,
Cambray, Tuesday, April 29th,
Long Point, Wed., Apr. 30th, 2 p. m.,
Glenarm, April 30th, 7.30 p. m.,
Bethel, Thursday, May 1st,
Lamb's School House, Friday, May 2,
King's Wharf, Saturday, May 3rd,
East Guilford, Monday, May 5th,
Harburn, Tuesday, May 6th,
West Guilford, Wednesday, May 7th,
Carnarvon, Thursday, May 8, 2 p. m.,
Maple Lake, May 8th, 7.30 p. m.,
Dorset, Friday, May 9th.

Ontario General Elections.

It was announced in the city papers of Saturday that the nominations for the coming Provincial elections are to be held on Thursday, May 22nd, and the polling on Thursday, May 29th. The *Globe* says:

"The electors are asked to renew the confidence they have wisely reposed in Premier Ross and his colleagues. The issue is between the experienced and the inexperienced, between the tried and trusted and the uncertain. Mr. Whitney, who is once more appealing to the Province as leader of the Opposition, has now the temerity to differ from the Government on a very few lines of policy, and on these lines he is wrong. He would remove the tax on financial corporations, levied by the Government as an eminently fair revenue measure. In many other vital measures he practically accepts the Ministerial policy. No doubt he fancies that he would walk faithfully in the footsteps of the Ross Ministry if successful in attaining power, but there is no adequate reason to make experiments. Mr. Ross very particularly deserves the support of the Province of Ontario. Canada has few more eminent public servants. He has been throughout all his life a strenuous Canadian and an eloquent exponent of the British spirit of Canada. He is alert, resourceful, progressive and absolutely clean-handed. He inspires in a remarkable degree the enthusiasm of his followers, and, we believe, the genuine respect of the great mass of the people of Ontario and of Canada. He is a national rather than a Provincial statesman. No other figure in this Province stands out with such distinctness, and in any Parliament in the world he would take a foremost position. We believe the people of Ontario of all classes recognize his great qualities, and will take care on May 29th to continue in his hands the vigorous policy of de-

velopment upon which he has entered, and give him full opportunity for the display of that resource and capacity which has already proved of such signal benefit to this Province."

Personals.

Mr. James Dickson left for Ottawa on Monday.

Mr. Joseph Brandon left on Tuesday for Midland.

Mrs. John Cullon came home last week from a visit of over four months to relatives at Marmora.

Mr. Thomas Lane came home on Saturday from Millport, Pennsylvania, and will probably remain until the fall.

Mr. George Quibell left this week to take the position of cook in the Standard Chemical Co.'s camp near Cobocok.

Miss Mabel Littleton, having decided to adopt photography as a profession, has taken a position in Mr. Stanton's studio. She could hardly have chosen a more competent instructor.

Mr. Louis F. Heyd and Mr. J. H. Carnegie were at the Falls on Monday. Mr. Heyd went north on the afternoon train, accompanied by Mr. Edward Fitzgerald, secretary of the East Victoria Reform Association.

Powles' Corner.

(Correspondence of the Gazette)

The farmers are very busy seeding just at present. Some will be done this week. On account of the shortage of the oat and pea crops last year, there will be a greater acreage of these grains sown this spring, and also of corn, as another silo or two are to be built.

The fall wheat, rye and clover are looking very well in this district.

In the home of Mr. Nathan Day there will be a vacant chair, as Mr. M. Day has gone to the County of Kent, but will spend a week in Toronto on his way there. Marshall is a first-rate young man, and we join with his numerous friends here in wishing him very many and prosperous years to come.

Miss Dyer and Miss E. Soanes wheeled down from Lindsay last Sunday and made a short visit to Miss Jennie Powles.

Congratulations! A young son in the home of Mr. James Mitchell.

We omitted to say that Mr. Marshall Day took out a policy for \$1,000 in the Mutual Life Insurance Co. before his departure. Mr. Thos. Mark represents this company, and any young man intending to have his life protected by insurance should consult him.

Fell's Station.

(Correspondence of the Gazette)

Fell's Station is in line with other places for changes, some people coming and others going away. Mr. John Robe has moved to Baddow.

Mr. W. Wood, our section foreman here, has again secured Mr. Wm. Henley, of Fenelon, as summer man.

Mr. G. Hughes went to Lindsay on Wednesday on business and returned the same day.

I think eggs are going to keep their price this summer on account of the large amount of opposition. No fewer than three egg buyers pass through here every week. This means better prices for the farmers, which is just what we want.

The roads being good and the weather favorable, there was a good turn out at the chaises at Bury's Green last Sunday.

Two large flocks of wild geese passed over here last week on their way to the north regions.

A great many farmers are shipping their cream from this station to Kinmount, which I think proves a good paying business.

As I am busy with my spring work I will close for the present. You will hear from me again later.

DEGREE MEETING.—Loyal Trent Valley Lodge No. 71, C. O. F., intend holding a degree meeting on the evening of Friday next, May 2nd. A good attendance is requested.

THANKS.—Miss S. J. Hopkins and her niece have requested us to return their hearty thanks to the friends who exerted themselves so successfully to save their house on Greene street and its contents from destruction by fire on the night of Tuesday, the 15th inst.

Call and see the most up-to-date Buggies in the market. You are sure to get a bargain here. James Knox, Blacksmith, Fenelon Falls.

GOOD VIEWS.—The limelight views of the Holy Land, etc., exhibited in the Baptist church on Wednesday evening by Mr. W. P. Reekie, B. A., were first class in every respect, and the accompanying lecture very interesting. The Misses Bertie and Minnie Graham sang a number of solos very acceptably, and all present were greatly pleased with what they saw and heard.

Got Lame Back or Lumbago?

No need of that now. That sort of pain can be knocked out in short order, for Polson's Nerviline, which is five times stronger than any other, penetrates at once through the tissues, reaches the source of suffering, drives it out, and thus gives relief almost instantly. Not magic, but strength that gives Polson's Nerviline this power. You will think it magic, however, if you try it, pain goes so quickly. Sold by W. H. Robson and dealers everywhere in large 25c bottles.

A HEAVY SOW.—A few days ago Mr. Alexander McGee, of Fenelon, sold at the Falls a Yorkshire sow that weighed 610 pounds. Our informant could not tell us her age, but he said that he thought she was the heaviest hog that had ever been weighed in this village. Last week Mr. McGee had shipped to him a thoroughbred Yorkshire sow, a few weeks old, that he had purchased from one of the most noted breeders in the province.

Apprentices wanted to learn dressmaking. Apply to Mrs. Calder.

BIG EGG.—On Wednesday morning a hen owned by Mr. Henry Pearce, of the Falls, laid an egg that weighed exactly four ounces. The hen is a cross between White Wyandotte and Light Brahma, and may justly feel proud of her product; but she has not beaten or even equalled the Fenelon Falls record, for two or three years ago one of Mr. Pearce's hens—a black Minorca, if we are not mistaken—laid an egg a few grains heavier. Still, four-ounce eggs are so few and far between that they generally get into print.

To Cure a Cold in one Day
Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature on each box: 25c.

CHANGED HANDS.—The large and commodious dwelling house now occupied by Dr. Gould, and owned by Mr. H. J. Lytle of Lindsay, was purchased a few days ago by Mrs. Heeley at the low price of \$1,250. It was built many years ago by the late H. W. Greene, and when Mr. Lytle moved from Cambray to the Falls he bought the property for \$1,000 and spent about \$500 on improvements. The lot, which contains an acre and a quarter, extends from Francis street to Bond street, and there is a good garden with numerous fruit trees thereon. Mrs. Heeley has got a decided bargain.

Wearry Brain Workers

All fagged out, ideas flow slowly as molasses, snap and energy gone! The buoyancy that made work a pleasure, that gone also. A doctor would say you are run down, enervated, neither eating or digesting enough. It's Ferrozone you need to brace up that flimsy appetite and improve assimilation and digestion, so that lots of pure, strong blood will be furnished to nourish the broken down system. Ferrozone will drive away the tired feeling, restore your spirits and energy, revive your ambition and strength for work. No tonic or re-builder like Ferrozone—try it. Price 50c. per box, or six boxes for \$2.50; at druggists, or Polson & Co., Kingston, Ont. Sold by W. H. Robson.

THE STUDIO.—Mr. J. H. Stanton, whom it is scarcely an exaggeration to call our "celebrated" photographic artist, has just spent quite a bit of money on improvements on his studio on Colborne street. He has removed the comparatively small skylight and sidelight, and put in a window 12 x 14 feet, containing 108 panes of 10 x 18 inch glass; and, in addition, has built a "printing room" six feet square, having on each side a window containing twenty 10 x 14-inch panes, each window affording room for at least fifty photographs. Mr. Stanton tells us, and we can easily believe him, that his studio is now as well lighted as any in the province, and, as he is a master of his art, and has an up-to-date camera and handsome scenery, can turn out as perfectly executed and satisfactory pictures as can be obtained in Toronto or any other city. The window sash was made at Mr. Sandford's factory, the carpenter work was done by Mr. Geo. H. Littleton and the glazing by Mr. Wm. Avery.

Apprentices wanted to learn dressmaking. Apply to Mrs. Calder.

ACCIDENT.—Mr. John Schell, of Somerville, met with what might easily have been a fatal accident, on Saturday forenoon, while working in the Standard Chemical Co.'s sawmill near Cobocok. In this mill the maple used in the works at the Falls is cut into four-foot lengths by a drag-saw and the pieces are then pushed endwise against a circular saw, by which they are halved or quartered, as may be needed to reduce them to the required size. By some means which we cannot understand, and which our informant could not explain, a stick was thrown from the saw and struck Mr. Schell a violent blow on his left breast, directly over the heart, and a "slicer" from the stick went clean through an inch board. Mr. Schell managed to stop the machinery, but he was badly hurt, and, after he had seen the Cobocok doctor, who said that two of his ribs were broken, was taken to his home at Bury's Green, where he was visited on Sunday by Dr. Wilson, who thinks that he is not seriously injured and will soon be able to go to work again.
