

CALGARY SHOW AND SALE

LIVE STOCK CONVENTION WAS A GREAT SUCCESS.

Prices Realized for Cattle Was Good—Total Receipts of the Sale \$21,077.

The gathering of stockmen at Calgary from the 14th to the 17th of May for the Live Stock Convention, show and sale, was the largest and most representative ever known in the West. Calgary is the centre of the great ranching country and it was not surprising that hundreds of able and prosperous ranchers, representing literally "the cattle on a thousand hills," should assemble at the meetings which had for their object the fostering of interests in

LINIMENTS, OILS AND MANY OTHER MEDICINES DID NO GOOD.

A New Brunswick Postmaster Tells of His Efforts to Cure His Kidney Trouble—He Suffered for Years and Tried Many Medicines, But Only Recently Found the Right One.

Lower Windsor, N. B., June 23—(Special)—Mr. T. H. Belyea, postmaster of this place, has made a very interesting statement of his experience in his efforts to be cured of Kidney Trouble which has bothered him for many years.

At times he would have very bad spells, and when these came on he was almost laid up.

He tried several doctors and used many medicines, but nothing seemed to help him in the least.

Plasters, oils, liniments on the outside and doses of all kinds and prescriptions taken internally seem to have but one result. He was no better.

Finally through reading an advertisement he was led to the use of Dodd's Kidney Pills. He says:

"Dodd's Kidney Pills were so highly recommended for Kidney Trouble that after reading some testimonials, I concluded to try them according to directions.

"I had tried so many things that I was very skeptical and had but little faith that Dodd's Kidney Pills could or would help me. However, I did not use them long before I found that they were all and more than was claimed for them.

"I have received more benefit from them than from any other medicine I have ever used, for they seem to have made a complete cure of my case.

"I feel as well as ever I did and have not the slightest trace of the Kidney Trouble that bothered me ever so long.

"I want to say that I believe that Dodd's Kidney Pills are the right medicine for Kidney Trouble."

Mr. Belyea is very well known to everybody in this neighborhood and there are but few who have not been aware of his serious illness.

Everyone is delighted at his improved health and his published statement has done much to make Dodd's Kidney Pills even more popular in this neighborhood than they have been.

which every farmer and rancher of the plains of Alberta is concerned. It is recognized in the west as well as in the east that those who engage in any branch of agriculture or in any pastoral pursuits are entitled to rank high in the community, their occupations calling for as much skill and intelligence as any of what are termed the higher professions. The stockmen of the territories came together to interchange views and experiences with regard to the care, breeding and

IMPROVEMENT OF STOCK, to receive instruction from men who have made a life study of such matters, and to enjoy social intercourse with another. That the addresses at the meetings were well worthy of attention will be readily recognized when it is mentioned that among the speakers were C. W. Peterson, Deputy Minister of Agriculture for the Territories; J. R. Anderson, Deputy Minister of Agriculture for British Columbia; J. A. Turner, W. R. Stewart, R. B. Bennett, M. P. P., A. E. Cross, ex-M. P., and P. J. Nolan, besides a strong delegation from the east consisting of Profs. Day, Creelman and Grisdale and Messrs. Robert Miller and F. W. Hodson.

There was only a moderate number of entries for the Stallion Show, but everything shown was of excellent quality, and spoke volumes for Alberta as a horse-raising country. Clydesdales, Shires, Hackneys, Standard Breds and French Coachers were the breeds represented and all classes were judged by Mr. Robert Miller of Stouffville, Ont.

The show of cattle was very large, and the quality averaged high, although a number of the females were old and some not in calf which detracted considerably from their value in the sale ring. The large majority of the animals exposed for sale were Shorthorns, with a few Herefords, Aberdeen Angus and Ayrshires, all of which were judged very satisfactorily by Prof. C. E. Day. The sale passed off exceedingly well, and

into consideration the fact that some of the animals were as young as one month and others as old as twelve years. Two hundred and twenty head were disposed of at an average price of \$95.80, making the total receipts of the sale \$21,077. The top price of the sale was \$290, while six excellent yearling Shorthorns contributed by one breeder averaged \$174 each. The following is a summary of the results of the sale:

Messrs. Alfred Mansell & Co., Live Stock exporters, Shrewsbury, shipped by ss. "Lycia" from Avonmouth on the 29th April, 30 Shropshire sheep bred by Mr. A. E. Mansell, and purchased by Mr. Robert Miller. These sheep consisted of 14 rams and 16 ewes, which with the exception of one ram were all too young to include in the famous Harrington Dispersion sale, so were kept by Mr. Mansell until his final farm sale at Bishton Hall last March. Mr. Miller is to be congratulated on obtaining these sheep which are the last of Mr. Mansell's breeding which Canada will obtain, and it is therefore to be hoped that they will arrive safely at their destination.

On Tuesday, April 29th, four Shorthorn bulls purchased by Mr. J. Lawrence of Manitoba during his recent visit to England, were shipped by ss. "Lycia" to Quebec, by Messrs. Alfred Mansell & Co., Live Stock exporters, Shrewsbury. These bulls were really fine animals, two being bred by M. W. J. Hosken, and two by Mr. Roskrug, and should they reach Manitoba safely should prove of great service in Mr. Lawrence's herd.

WIRE WOUNDS.

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until, after three weeks, the sores have healed, and best of all the hair is growing well, and is not white, as is most always the case in horse wounds.

OLD WHEELING DAYS.

Citizens Rose by Candle-Light.—Strange Change in Public Fancy.

There was a time when "city folks" got up by the fading dark of night and started countryward on a wheel in search of entertainment. They rode far and long, and probably, if the truth were told, overdid it somewhat. That was when bicycling was treated as a fad, but, as with most fads, the public tired of it rapidly. A transformation in the citizens' fancies then occurred. They dropped the wheel as a novelty, only to realize that it was a positive necessity—a convenience—a money-saver on car fares. And that's what caused the big bicycle revival in the city.

Out along the highroads the farmer was wont to look upon the bicycle as some foolish vehicle for giddy tourists. He said hard words about it because it rudely shocked the tense nerves of his colt, and placed him more than once in an unconventional position by the ditch-side. This man of the country districts has also experienced a change of thought, and probably for even stronger reasons than that of his city cousin. Can you imagine a more useful article out of town, than a bicycle? It has the virtue of making eight miles feel as one—puts the post office and your neighbor at the turn of a pleasant spin—is always at your immediate call. And these things have made the bicycle popular in the country districts.

HOW TO GET A WHEEL.

You should not be without a bicycle to-day. The cost of one is very easy. Write to Canada Cycle & Motor Co., Limited, 34 King St., West, and ask about June prices for "Cleveland," "Massey-Harris," "Brantford," and "Perfect" bicycles.

LESSON FOR LESSON.

Man is so prone to err that he should reflect a little before drawing attention to the mistakes of others. A professor who prided himself on his correct English heard his wife remark:

"I intended to tell Jane to bring a fresh bucket of water."

"You doubtless mean a bucket of fresh water," corrected the professor. "I wish you would pay some little attention to your rhetoric."

A few moments later he said: "My dear, that picture would show to better advantage if you were to hang it over the clock."

"Ah," she replied, "you doubtless mean if I were to hang it above the clock. If I were to hang it over the clock we could not tell the time. I wish you would be more careful with your rhetoric, my dear."

And the learned professor became all at once very interested in his book.

The following is copied from The Nassau Guardian and Bahama Islands Advocate, and shows that Salada is for sale everywhere.

SALADA.

"The shades of night were falling fast,"
As down the street a good wife passed,
And in her hand she bore a charm,
To keep her husband safe from harm,
Salada.

Her "brow was" glad; her loving mate,
She knew would meet her at the gate,
She knew he loved her best, but then,
He loved his "cup" like other men,
Salada.

"In happy homes (she) saw the light"
Of stoves that glowed. And kettles bright,
All boiling hard as hard could be,
For why? their inmates all drank tea,
Salada.

"Try not" Oolong, the Grocer said;
"This is the tea that soothes the head,
E'en Lipton must his 'Brands' give up,
Since he has failed to lift the Cup,"
Salada.

"O, stay," her neighbor said, "and take
Just one more sip for friendship sake."
She thought of home—"My husband's there,
Without his tea he will despair,"
Salada.

"Beware" the stuff, they sell in trade;
Don't buy at all, until you've made
Quite sure it's stamped in letter plain
As guarantee the famous name,
Salada.

"At break of day" when good wives rise,
There is one thing they greatly prize
And that's a cup of liquid bliss,
And if you want to know, 'tis this,
Salada.

A traveller "from across the pond,"
On afternoons of tea was fond,
The good wife told her where to find
A tea that's unexcelled in kind,
Salada.

"There in the twilight" they did part,
And each one pondered, in her heart,
The fact that all the finest tea
Was at The Model Grocery,

A falling body moves at the rate of 32 feet the first second of its drop; at 64 feet the next; 96 feet the third; and so on, increasing 32 feet per second during each second of its fall.

Beware of Ointments for Catarrh that contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c per bottle.
