Kawartha Lakes Sea Serpent.

The Sturgeon Point correspondent of the Post says:

"I was paddling slowly up the lake Friday evening when, happening to look around, I saw an immense animal racing after me. My canoe was soon speeding towards the shore at a tremendous rate, but on looking back again I saw that the serpent was slowly but surely gaining. On it came, its great mouth open and large enough to swallow a house, and seeing that it was impossible to escape I jumped out and tried to appease it by giving it the canoe. While it was swallowing the canoe I jumped on its back and ran down to its tail, about half a mile away. Right at the very tip of its tail I could get my arms around and hang on, but as soon as the animal felt me he tried to bite me off, but fortunately he could not get within a rod of me. It kept going round and round just like a little dog does when it has a tin can on its tail, and all the time it was raising a wave eight feet high. Of course, it could not stay in the same place, and I almost held my breath when I saw that it was getting nearer the shore. At last the tail struck the sandbar and I jumped off, feeling sorry to lose my canoe, but glad to escape with my life."

We think that serpent must have been the one known as the Father of Lies.

Powles' Corner.

(Correspondence of the Gazette)

Mr. E. Beacock has the heartfelt thanks of the post-master for sending a team and three men to get his hay in. We hope this may be such a prosperous year with Mr. B. that he will not have to work any more.

Mr. Percy Powles and his sister Carrie will leave for Chicago about the 12th inst.

The post-master has received a large poster announcing that farm laborers' excursions will be run to the North-west on Aug. 20, 21 and 22, and that 20,000 men are wanted. Perhaps it will be like last year. It will be a good thing for the C. P. R. if they can sell 20,000 tickets, whether the men find work or not.

Harvesting is progressing slowly on account of the supply of rain being in excess of the demand.

The population of this section is greater now than it was in 1863, but there was a larger number of scholars over fifteen years of age attending the Sabbath School then than at the present time, and there were no lesson leaves, banners, fern leaf clusters nor any nonsense. There was more heart work in the Sabbath School in those days, under the superintendence of that grand old man, Isaac Matthews. When he died the Bowmanville Observer said in his obituary notice that "he left no better behind." There should be a better school here than there was in '63, but we fail to see it.

Miss N. Moore spent a week visiting relatives at Cobcook and Victoria Road.

Mr. Will Tipling wheeled out to Powles' Corner on Sunday, and was the guest of his cousin, Mr. James Fell.

Miss Jennie Hughes, of Toronto, is enjoying her holidays at her home (Green Mountain Home.)

Mr. W. Wood has purchased a new light wagon. I wonder if he intends giving up his job and going peddling, or is he going to farm?

Quite an improvement is being made in the station grounds this year, owing to the good crop of hay, which is being all cut down. Other years it was left stand, so that the burs and other bad weeds had a chance to seed the surrounding farms. I hope that there will be more good crops of hay in the future, so that we will have the weeds looked after.

ACCIDENT.—On Friday evening two young men who work in the stove factory, Percy Brokenshire and Samuel Crawford, engaged in a scuffle for a moment, with the result that young Crawford suffered a dislocation at the knee. He was placed on a wagon and driven to his boarding house, and Dr. Gould was called in to reduce the dislocation. After a few days' rest he will probably be able to work again.

MUSIC CLASSES.—Miss Violet M. Wilson wishes to announce to the public that she is prepared to take a limited number of pupils in Piano and Theory, and also that classes will be formed in "The Fletcher Music Method," which is a kindergarten, or simple, method of teaching music to children. This method is taught in the Toronto Conservatory of Music, and in some of the large conservatories in Canada, the United States, Germany and other countries. Miss Wilson will give a demonstration of the method in the near future, but further notice will be given regarding it.

One Common Cause of Headache.

Perhaps the most general cause of headache and pain across the eyes is nasal catarrh. The simplest cure is to inhale the medicated vapor of Catarrhazone, which traverses every air cell and air passage of the throat, lungs and nose. It kills myriads of germs at every breath, clears away mucous discharges, preserves and heals the membrane. Catarrhazone is just a splendid remedy for headache, and its action is certain and unfailing in diseases of the Throat and Lungs, Deafness, Bronchitis, Asthma and Catarrh. A trial will convince the most sceptical that Catarrhazone is all right. Large size, \$1.00; trial size 25 cents. Druggists, or Poulson & Co., Kingston, Ont. Sold by W. H. Robson.

CORNER STONE.—The corner stone of the new St. James' Church on Bond street east will be laid by His Honor Judge Harding, Grand Master of the Grand Lodge of Canada, A. E. and A. M. G. R. C., assisted by the officers of the Grand Lodge, with Masonic honors, on Wednesday next, August 13th, at 2:30 p. m. An excursion will be run from Lindsay, per steamer *Kenosha*, leaving that town at 10 a. m. and calling at Sturgeon Point, and leaving the Falls on the return trip at 6 p. m. Return fare, 35c. Dinner and tea will be provided by the ladies of the congregation, in aid of the church fund, for 25c.

THE E. L. EXCURSION.—The postponed Epworth League excursion to Sturgeon Point and Bobcaygeon is to take place on the evening of Friday next, the 15th inst. Those who bought tickets three weeks ago have them yet, and as another hundred have been printed, and the *Kenosha* may not be able to carry all who wish to enjoy the pleasure of the excursion, the *Alexandra* has also been engaged. Good music will be furnished by the orchestra and arrangements are being made for a garden party at Bobcaygeon that evening. Adult tickets for the round trip, 25c; children 15 cents. The boat will leave the lock wharf at 7:30 o'clock.

RUNAWAY.—On Saturday afternoon Mr. Joseph Chambers paid the natural penalty for driving a high spirited, hard-mouthed colt with a common snaffle bit. Opposite Mr. Harry Anstin's on Louisa street the colt took fright—at some dogs, Mr. Chambers thinks—and ran away at a furious pace. Unable to turn, when he reached Colborne street, he crossed it in a few jumps and then horse and buggy fell in a heap into the ditch;
