**PLYMOUTH,  
BRANTFORD,  
RED STAR,  
McCORMICK.**

All at prices that will defy competition.

### The Fenelon Falls Gazette.

Friday, Sept. 12th, 1902.

#### The Methods of Politicians.

"Bystander," in the Weekly Sun, says:

"To hell with Spain! Remember the Maine!" was the battle-cry. The American people were goaded into the war with Spain by the belief that the Spaniards had blown up the Maine. It now appears that the experts in the Government Department of Explosives have been forced by repeated instances of similar explosions to admit that the Maine was blown up by the ignition of coal in her own bunkers. The practical cause of all that bloodshed and havoc and of all the bloodshed and havoc which is still going on in the Philippines was a lie, but the end of politicians was served. In like manner British people were goaded into the South African war by the belief that the farmers of the little Transvaal Republic had made vast military preparations for the invasion of the British Empire. This also is now known to have been a pure figment. But it did its work."

Lies die hard. It is not three months since we heard a repetition of the assertion, made almost daily during the continuance of the South African war, that the Boers had for years been storing up arms and ammunition with which—if not to make war upon the British Empire—to turn the British out of Africa. The story was so incredible that we, like thousands of other true-born Englishmen, were unable to believe it; and Mr. Stead, in his publication, "War Against War," gave the date, which was later than the Jameson raid, upon which military preparations in the Transvaal commenced. That the ignorant mass of Boers may have imagined they could have successfully coped with the British in South Africa is quite possible, but the idea that men as intelligent and well-informed as their leading statesmen could have thought so is absurd. As Professor Goldwin Smith ("Bystander") says, "the belief is now known to have been a pure figment, but it did its work."

#### Cranks.

This is what the Chicago *Herald* has to say about cranks:

"It is by no means the worst thing in the world to be called a crank. I find as I prowl up and down through the earth that wherever I meet a man with sufficient individuality to stand against impurity and shams of every kind, too honest to get rich by underhand methods, and too brave to be a cowardly comfortist, he is called a crank. Whenever a woman is found who thinks more of the brain than the hat that surmounts it, she is called a crank. Whenever a man is found who honestly believes life holds better things for him than to become a dancing popinjay and a social success by fine clothes and society manners, he is a crank. Whenever a young girl is found who laughs at fashion and wears a gown to please herself rather than conform to a passing style, who stands by a friend at the risk of becoming unpopular, and who is a law unto herself by the dictates of her own pure, sweet, womanly heart, she is a crank. Discoverers are cranks. Philanthropists and poets are cranks. Christopher Columbus was a crank, and yet Chicago, after 400 years, turned itself head over heels to do him honor. Ah, well, when you count on your

fingers the world's most famous cranks, and note the outcome of their crankiness, who would not choose but go down upon that despised list?"

To-day, Socialists are called cranks by those who don't know any better; but, fifty or a hundred years from now, when Socialism shall have become the creed of almost everybody, the few who continue to oppose it will be called cranks—that is, if they are not called idiots.

#### Somerville Council.

Burnt River, August 30th, 1902.

Council met at the call of the reeve, all the members present and the reeve in the chair. Minutes of last meeting read and confirmed. A number of communications were read and laid before the council.

Moved, by Mr. Stewart, seconded by Mr. Carew, That Mr. Morrison be notified to fix the hole in the bridge near Bouda's, also that Mr. Callan be authorized to get some plank for a crossing in Coboconk.—Carried.

Moved by Mr. Stewart, seconded by Mr. Rumney, That By-law No. —, a by-law to levy certain rates in the township of Somerville for 1902, be now read and passed.—Carried.

By-law read and passed accordingly. Moved by Mr. Stewart, seconded by Mr. Burtchall, That the following accounts be paid: Jas. Rettie, work on bridge, \$25; John Suggitt, work on road after washout, \$2; Home for the Aged, keep of W. Badgerow, \$13.65; James Quinn, work on road, \$5.25; Mrs. Boyd, refund of statute labor, \$4; John Howie, road grant, \$10; W. W. Hales, repairing scraper, \$50; Municipal World, marriage registers, \$4.50; Fenelon Falls Star, printing, \$19.75; Sam Suddaby, postage, \$3; James Wilson, statute labor refund, \$4.—Carried.

Moved by Mr. Stewart, seconded by Mr. Carew, That Messrs. Craig & Austin be requested to attend the council with their accounts.—Carried.

Moved by Mr. Stewart, seconded by Mr. Carew, That Mr. Wilson be authorized to get 300 feet of plank for repairs on Kinmount bridge.—Carried.

Council adjourned to meet at the same place on Saturday, October 4th.

#### Village Council.

Fenelon Falls, Sept. 3rd., 1902.

Council met at regular meeting, all the members present. Minutes of previous meeting read and approved.

Dr. Gould gives notice of a by-law to be introduced at this meeting to levy certain rates and assessments.

By law introduced and read a first time.

By-law read a second time in committee of the whole, Mr. McGee in the chair. The rates were set at fifteen mills.

By-law read a third time and passed.

Moved by E. Sandford, seconded by T. Austin, That the following accounts be paid and the reeve sign orders for the same:—E. D. Hand, printing, \$31.50; E. Brock, salary, \$28; T. Scott, night soil \$100, cartage \$15; F. Bell, work on streets, \$4.88; G. Harris, work on hose, \$1; M. Burley, work on streets, \$13.50.—Carried.

#### Personals.

Mr. Francis Hare, of Ottawa, is visiting at Dr. Wilson's.

Mr. Henry Graham Sr., of Kinmount, was in town this week.

Miss Lucy Potts has resumed her old position in Mr. William Campbell's store.

Miss Lillian Wilson returned on Monday to the Ladies' College at Whitby.

Miss Sophia Wilson, of Buffalo, N. Y., is visiting her uncle, Dr. Wilson, at the Falls.

Mrs. A. J. Cameron left a few days ago to spend a month with friends at Bobcaygeon.

Mrs. George Rutherford, of Rosseau, and her nephew, Findley Varcoe, are visiting relatives at the Falls.

Mrs. William Campbell is expected home to-morrow from her annual visit to Two Mountains, Quebec.

Mr. and Mrs. S. H. Burbank left on Monday for their home at Newport, Vermont, after a two weeks' visit at Mr. Elwin Wood's.

Dr. Wilson's sons, Archie and George, and Mr. J. W. Junkin's son, Randolph, left on Tuesday for Albert College, Belleville, where they will probably remain for about a year.

Miss Lena Austin returned on Tuesday and Miss Washburn on Wednesday from attending the millinery openings at Toronto. Miss Shannon is still in the city.

Col. Sam Hughes arrived at the Falls on Friday, having hastened his return on account of the serious illness of his eldest daughter, who, we are glad to learn, is now out of danger and progressing very favorably.

Dr. O'Brien and Mr. Arthur O'Leary, Jr., of Rochester, N. Y., accompanied by their cousins, the Misses O'Leary, of Lindsay, paddled from Sturgeon Point to the Falls on Monday forenoon, and spent the remainder of the day at Mrs. Hand's.

#### Powles' Corner.

(Correspondence of the Gazette.)

There were about 300 gallons of cream shipped from Hall's Crossing to Kinmount during the month of August, and about \$160 was received by the three farmers who are shipping. It is expected that the amount of cream that will be produced for the month of September will be just as large. Some speculator at Fenelon Falls should have installed a butter plant about two years ago, and a good business could have been built up by this time.

According to reports, the potato crop is doomed. In some patches hardly a third of good sound potatoes will be dug.

The heavy rain on Tuesday put a damper on the harvesting for a few days. If this week had been fine it would have ended up the harvesting in this district.

Quite a number have gone to the exhibition at Toronto.

Mr. and Mrs. Levi Marshall, of Ionia, City, Michigan, spent a few days here visiting old friends and forming new acquaintances.

DENTAL.—Dr. Neelands, dentist, of Lindsay, will be at the McArthur House, Fenelon Falls, on Tuesday, Sept. 16th. Everything up-to-date in dentistry.

LATE ROSES.—A rose bush which Mr. J. J. Nevison removed from his own garden to Mrs. Healey's last spring, put forth buds late in August, and a few days ago they burst into bloom. This is rather late for roses, isn't it?

#### To Cure a Cold in one Day

Take Laxative Bromo-Quinine Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature on each box. 25c.

RECRUITS.—Miss Caroline Tinney, of Burnt River, and Miss Jane Wilkinson and Mr. Albert Menzies, of Fenelon Falls, were enrolled in the Salvation Army in the barracks here on Monday evening. Brigadier Pickering, of Toronto, conducted the proceedings.

BET SUGAR.—A writer in the *Popular Science Monthly* says that last year's product of American farms in refined beet sugar was 172,164,100 pounds, and that 500 more sugar factories are needed at once in the United States. It is estimated that there is an average profit of twenty dollars an acre on sugar beets grown on the right kind of soil in either Canada or the States.

#### Why Sniffle and Sneeze?

Don't suffer any more with a cold in the head, just carry a Catarrhzone Inhaler in your vest pocket, use it now and again and you won't have colds. Catarrhzone knocks out a cold in ten minutes, kills a headache in five minutes and hard racking coughs in half an hour. Inhale the pleasant Catarrhzone vapor five minutes four times daily and it will cure Bronchitis, Lung Trouble, Deafness, Asthma and Catarrh in any part of the system. Catarrhzone is the most direct, modern and scientific method, and is guaranteed to give satisfaction. Complete two months' treatment costs \$1; trial size 25c. Druggists or N. C. Polson & Co., Kingston, Ont. Sold by W. H. Robson.

"SARKASM."—The Hamilton *Herald* says:—"It is a matter of profound regret that Lord Masham has withdrawn his offer of a 100-guinea prize for the best essay on the best means of cultivating wheat on a large scale in Canada. Some British essayist might have been able to give valuable instruction to the men who have for years been cultivating wheat on a very large scale in Western Canada."

PEACHES.—On Saturday last our old friend, Mr. Joseph Eades, who is one of the *Gazette's* "chronic" subscribers, brought us two splendid peaches of the Alexander variety, plucked from a tree planted in his orchard in Somerville in 1899. There are, we believe, very few peaches grown in this county, but we hope that they will soon become more plentiful, as they are a fruit of which everybody is fond.

#### Stops the Cough and Works Off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25c.

HER LAST TRIP.—To-morrow, Saturday, the 13th inst., the steamer *Manita* will run her last trip this season between Coboconk and Lindsay. The *Ogemah* discontinued running between Bobcaygeon and Burleigh on Saturday last. The Trent Valley Navigation Company's other boat, the *Esturion*, will continue to run between Bobcaygeon and Lindsay in accordance with the time-table in our advertising columns, until notice to the contrary shall be given.

#### Wearry Brain Workers.

All fagged out, ideas flow slowly as molasses, snap and energy gone! The buoyancy that made work a pleasure, that,
