Friday, Oct. 17th, 1902.

A Country That Has No Strikes.

The *Church Review* says:

"New Zealand has done the most daring things ever attempted by any modern government. The New Zealanders claim that New Zealand is a country without strikes. Laborers and employers have their disputes there as elsewhere, but the one cannot quit work or the other lock out workmen, pending a settlement of the dispute in courts. It is also a country without paupers or poor-houses, for injured workmen are cared for by their employers. The aged workman is pensioned by the Government as a soldier of industry worn out in the ranks. The Government owns not only the postal system, but the express service, the telegraph lines and the railroads. Recently it has purchased a coal mine to supply its locomotives with fuel; and it intends to compete with private mines in the sale of coal to the public far enough to keep the price of coal down to a reasonable figure."

The *Tacoma Ledger* gives an account of some rich New Zealanders who are to establish a woolen mill there, and says it is on account of the eight-hour labor laws and other legal conditions that prevail in New Zealand, where the price of labor makes it prohibitive. These capitalists, having robbed labor there of hundreds of dollars, and labor having gone into politics and defended itself, they now damn the country from which they have been enriched, and the people from whom they have fleeced their loot. But their argument shows that labor is better paid and has shorter hours than in this country. But that is not why they are to erect a mill at Tacoma. The reason is that they can raise wool and ship it into that country, and make it up and sell it, without paying as much tariff on the wool as they would on the cloths. But a lie better suited their ends, as it enabled them to slap the labor laws of New Zealand. That labor should go into politics and make laws in its own interest, as capitalists have always been doing, must be frowned upon, for if they begin such acts there will be no profit to capitalists, as the people will refuse to have masters. Capitalism shudders when the New Zealand experiments and labor laws are mentioned.

### Personals.

Mrs. (Dr.) Gould left on Wednesday to spend a week with relatives in Toronto.

Miss Jennie Howe, of Minden, is at the Falls, visiting her sister, Mrs. W. D. Prior.

Master Claude Haight, of Gelert, is visiting his cousin, Mr. W. D. Prior, at the Falls.

Mr. John Aldous returned home on the 11th inst. from an extended trip to the Northwest.

Miss Mabel Littleton left on Wednesday, to spend Thanksgiving Day with her sister at Midland.

Mr. Herbert Deyman left on Tuesday to take a position in a large tailoring establishment at Collingwood.

Miss Jones has taken the position, recently held by Miss Campbell, of book-keeper in Mr. F. Sandford's office.

Mrs. William Pearce, of Sprucedale, Ont., has been at the Falls since Tuesday, visiting her brother-in-law, Mr. Henry Pearce.

Mr. Herbert Puley returned on Wednesday from the Ontario College of Pharmacy at Toronto, to spend Thanksgiving Day at home.

Miss Campbell, who for some time past has been book-keeper in Mr. Sand-

ford's office, left on Wednesday for her home at Brooklin, Ont.

Mr. M. Doollittle, who left about three months ago for Allandale, returned on Friday. Whether he will remain at the Falls or be stationed elsewhere is as yet uncertain.

Mrs. A. J. Van Nostrand and Miss Wills, of Toronto, have been at the Falls since noon of Wednesday, and will remain until Monday. Mrs. Van-Nostrand is visiting at Mrs. Haud's, and Miss Wills at Dr. Graham's.

Mr. and Mrs. Joseph Heard returned last week from a visit of about a fortnight to relatives at Chicago. Mr. Heard says that, while there, he saw a street from part of which the wooden blocks with which it was paved had been torn up by poor people and used as fuel; and the authorities had not interfered with them, as they had nothing else to burn and the weather was terribly cold.

### Powles' Corner.

(Correspondence of the Gazette.)

Farmers are very busy just now, but there is so much wet weather and the days are so short, that all the fall plowing will not be done. Some have commenced to take their mangolds up.

There have been two threshing machines in this neighborhood at the same time, and they are making money and making things lively.

There is to be a fowl supper here about the middle of November. The correct date will be given next week. Some of the good people here were in favor of a free-will offering, but there are a considerable number of young people who never put their shoulders to the wheel and are always on the lookout for a big time, and they are the ones who are in favor of a fowl supper. Such a mean way of raising money for the building up of God's kingdom on earth is not pleasing and acceptable to Him.

Mr. James Fell had the misfortune to lose a good young horse last week. We did not learn what the ailment was. Mr. James Pollard has purchased a farm near Cameron, but we did not hear the price paid.

**CURLERS' CONCERT.**—Don't forget the curlers' concert in Twomey's hall next Thursday evening. It will be a good one, as they have engaged the famous Canadian Jubilee Singers, who are spoken highly of by all who hear them. Admission 25 cents; reserved seats 35 cents.

**BUTTER FACTORY.**—Messrs. Sandford & McIntosh have been making arrangements to open a butter factory, or creamery, which will be in operation within a few days, and will be a great benefit to the farmers of the vicinity, as well as, we hope, to the enterprising proprietors. We have been too busy, this week, to get particulars, which will appear in our next issue.

### Stops the Cough and Works Off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25c.

**ADDRESS.**—Rev. W. K. Shearer, General Secretary of the Lord's Day Alliance of the Dominion of Canada, will address a meeting in the interest of his work in St. Andrew's church on Monday evening, Oct. 20th, at 7.30 o'clock. A full attendance of those interested in the great work that this organization is doing to protect the Sabbath, or of those who would like to hear about it, is requested.

**NEW STORE.**—Messrs. R. B. Allan & Co., late of Lindsay, have opened a stock of dry goods in one of the red stores on the west side of Colborne street, and their advertisement will be found in this week's *Gazette*. They are old hands at the business, and their stock will no doubt be so large and their prices so reasonable that they will succeed in securing a fair share of public patronage.

**NOTICE.**—We are requested to give notice that there will be no service in the Baptist church on Sunday next, as the pastor, Rev. B. Davies, left on Thursday to attend the annual Baptist Convention at Montreal, and will not return until some time next week. The convention is the largest representative gathering of the Baptists of Ontario and Quebec that is ever held, and there are generally about 400 representatives present.

### Cramps are like Burglars.

They come unexpected and when least welcome. Be armed with a one-minute cure in a bottle of Nerviline, which relieves cramp and stomach pains in five minutes. In Colic, Summer Complaint, Diarrhoea, Indigestion and Nausea, Nerviline is a remedy of remarkable potency, and acts promptly and satisfactorily at all times. The composition of Polson's Nerviline expresses the highest medical progress of the age, which accounts for its superior merit. Price 25c. sold by W. H. Robson.

**FATAL ACCIDENT NEAR MINDEN.**—We regret to learn that Mrs. Frank Graham, mother of mother of Mrs. S. S. Gainer of this village, was killed by

the collapse of a shed on their farm near Boscung lake on Monday morning. She was milking at the time, and a daughter, who was with her, had a narrow escape, as she was struck down, but a buggy near which she fell saved her from serious injury. Mr. and Mrs. Gainer went north as soon as they heard of the accident, and it is needless to say that they have the sympathy of all who know them.

**A BEAR SHOT.**—On Saturday last Mr. Robert Junkin shot a big bear on Mr. Mulligan's farm in Verulam. The animal had been seen on each of the three previous days, and on Saturday Mr. Junkin and a boy went into the woods to hunt him. Mr. Junkin had a gun loaded with powder and shot, but his companion was armed with a rifle. When they got to the woods they separated, and were some considerable distance from each other when Mr. Junkin saw the bear approaching and "let drive" at him. Fortunately the shot was fatal or Mr. Junkin might have got into trouble, as he had no other ammunition with him. The person who gave us the above information said that two bears were shot close to the Boscung slaughter house the day before the agricultural show in that village.

### To Cure a Cold in one Day

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature on each box. 25c

**REAL ESTATE SALES.**—During the past few days two properties in the village have changed hands, Mr. Alfred Northey having purchased the store and dwelling, adjoining his own, on Colborne street, from Mr. Stephen Nevison. If the price paid be, as reported, \$1,200, Mr. Northey has got a bargain. The other transaction is the sale, by Mr. J. J. Nevison, of his house and half acre lot on Louisa street to Mr. C. E. Graham, of Toronto, who intends to make the Falls his home, and he could not choose a more desirable one. The house is nearly new, well finished and conveniently laid out, and a pretty creek winds through the lot. We do not know what Mr. Graham paid for the property, but we do know that he and his wife (*nee* Minnie Golden) will be heartily welcomed as residents of the village.

**A GOOD LECTURE.**—The anniversary services in connection with the Fenelon Falls Methodist church were held on the 12th and 13th inst., according to announcement. Sermons were preached morning and evening on Sunday by Rev. G. W. Henderson, whose lecture on Monday evening on "Workers, Loafers and Croakers" was about as good a one as we ever heard. Mr. Henderson has a pleasing and powerful voice, and his "organ of mirthfulness," as phrenologists call it, is evidently an exceptionally large one, as his hearers were repeatedly incited to laughter by funny anecdotes having more or less relevancy to the subjects of his lecture. Brief addresses were delivered by Revs. Sinclair and Davies, and excellent music was furnished by the choir. Rev. John Garbutt, pastor of the church, officiated as chairman. The supper in the basement was "A 1," and was so well attended that the receipts amounted to about \$140.

### Inflamed Nose and Throat

And such diseases of the respiratory organs as Bronchitis, Weak Lungs, Cold in the Head and Nasal Catarrh are treated with marvellous success on strictly scientific principles by Catarrhzone. The medicated vapor of Catarrhzone quickly traverses every air passage possible to be reached by any treatment. All soreness, pain, congestion and inflammation are at once dispelled, and by means of the healing powers of Catarrhzone the vitiated tissues are quickly restored. Where Catarrhzone is used colds last only ten minutes, coughs half an hour, and Catarrh, Consumption, Asthma and Bronchitis flee as from fire. A trial will convince anyone of the startling merit of Catarrhzone. Costs \$1, small size 25c. At druggists, or Polson & Co., Kingston, Ont. Sold by W. H. Robson.

**A BAD CUT.**—Mr. Albert McCallum came home from Peterborough a few days ago with a badly wounded hand, which will probably keep him idle for some little time. He and Mr. Lewis Deyman Jr., another native of the Falls, are both employes in Mr. Adam Hall's tinsmithing establishment, and on Monday, the 6th inst., they were sent to put up some stovepipes in a house in Peterborough. Mr. McCallum, who was mounted on a step-ladder, had hold with his right hand of one end of a length of piping, the other end of which was in a hole in the wall. From some cause it dropped out, the ladder slid back, and Mr. McCallum was thrown against the pipe, the sharp edge of which inflicted so deep and extensive a gash across the whole inside of his hand that the doctor to whom he went had to put no fewer than ten stitches in the edges of the wound before he dressed it.

**A CANINE TRAGEDY.**—When Mr. and Mrs. Walter McCall and family went to the Methodist supper and lecture on Monday evening, they unknowingly left their dog locked up in the house, and when they returned home
