Hearts that are Diseased

will never be cured by the false, unnatural stimulation of liquor. First increase your vitality, build up the system, strengthen and purify the blood—then the heart will respond and grow strong. Ferrozone is precisely what to take, it gives you an appetite and a digestion that will look after everything that is eaten. Ferrozone improves nutrition, makes rich, vitalizing blood, and is positively the most powerful restorative and strengthener known to science; it improves the nerve tone, regulates the heart's action, makes the feeble strong and the sick well. Ferrozone will do you untold good, and costs only 50c at druggists, or Polson & Co., Kingston, Ont. Sold by W. H. Robson.

Valuable Farm for Sale by Tender.

Sealed tenders will be received by the undersigned, addressed to Lindsay post-office, up to Wednesday, the 24th day of December, A. D. 1902, at the hour of twelve o'clock noon, for the purchase of that valuable farm property lately owned by Robert Graham, deceased, and being composed of Lot number Eighteen in the First Concession of the Township of Verulam, and Lot number Nineteen in the Eleventh Concession of the Township of Fenelon, containing two hundred acres, more or less. Upon the property is a good brick house, a first-class barn 50 x 64 feet, with stone stables, and a frame stable. The farm is well watered, and convenient to church and school.

TERMS.—Five per cent. of the purchase price must accompany the tender, which will be returned if tender is not accepted, and the balance must be paid within 30 days, or the Executors will allow not more than one-half of the purchase price to remain upon the property secured by first mortgage for five years, bearing interest at five per cent.

The highest or any tender not necessarily accepted.
Dated this 10th day of December, A. D. 1902.

F. A. McDIARMID, Lindsay, Ont.

Solicitor for William Graham and George Isaac, Executors of the Estate of Robert Graham, deceased. 44-2.

XMAS PERFUMES.

Perfumes are made direct from the flower or from volatile oils distilled from flowers.

These have certain antiseptic and disinfectant properties which make perfumes a necessity not only from an esthetic standpoint, but as a preventative from disease and contagion.

Their use as such is becoming more and more recognized by authorities who say they should be used by everybody—not in sickening quantities or rank odors, but only enough for a mere suggestion.

Our perfumes are carefully selected—the best odors of the best makers.
