## WILL IT BE A PAIR OF SHOES?

You couldn't go wrong by giving  
shoes.

They are an every-day need of every-  
body, and for that very reason should  
be of value. That's the sort of present  
that most people give now-a-days—  
something sensible, something useful.

And where will you find anything  
in the whole list of wearables that  
would be more appreciated than  
shoes?

But have them good—that's a rea-  
son why we should sell them to you.  
And don't pay more than you ought—  
that's another reason.

In Groceries we have all the Christ-  
mas necessities in perfection of qual-  
ity and completeness of variety. We  
don't believe there is a single thing  
missing—there shouldn't be, because  
we've given Christmas wants quite a  
good deal of our attention lately.

**J. L. ARNOLD.**

shoes.

"Who makes your clothes?" invariably he  
will tell you

His prices are right, consistent with first-class  
style and workmanship. He makes no other.

## FOR ONTARIO'S SICK CHILDREN.

Opportunity for Every Citizen to Join in the Noble Work of Bring-  
ing Health and Happiness to Young Lives.

When a farmer puts his seed under  
another cart he expects it to bear  
bushels of grain in a few months.  
So it is with the merchant. He in-  
vests money in merchandise, counting  
on a profitable turn over.

A father pays for his son's education  
anticipating that it will provide the  
young man with the powers of mind to  
put the body and head at work in gain-  
ing a livelihood.

Yet the seed may not bring forth  
grain, the merchandise may not be  
sold at a profit, and the young man  
may not reach the ideals of his father.

In all these instances the expendi-  
ture of money is a speculation. It  
may bring happiness and it may not.  
Today the Hospital for Sick Child-  
ren, Toronto, is performing a Heaven-  
born mission on earth. It is renewing  
health, removing pain and straighten-  
ing distorted limbs of hundreds of

young Canadians, boys and girls who  
will yet make their mark in this grow-  
ing Dominion, but who, were it not for  
this noble institution, might have al-  
ready filled an early grave.

That's where your dollar can find a  
way to bring you pleasure and profit  
without any doubts or fears as to the  
investment. Money is always at work.  
It is ceaseless in its labour, but in no  
spot in this fair Canada is it put to  
better service than at the Hospital for  
Sick Children.

You see your money is at work from  
the very day it is placed at the Hospi-  
tal's disposal. Your investment  
quickly brings you back joy, for your  
contribution has entered into the task  
of life saving, body building and  
health giving.

Look at a few examples of the work  
done in the Orthopedic Department.  
The feet shown are those of children  
who live outside of Toronto. You see  
the condition "before" entering the  
Hospital—and you see the condition  
"after" hospital treatment. The par-  
ents of these children could not afford  
to pay for treatment. Do you know  
of any child so situated? Then have  
him sent to the Hospital.

The Hospital for Sick Children de-  
pends solely upon the generosity of  
the people of Ontario. It requires  
\$35,000 a year for its maintenance,  
and it stands to-day as a monument to  
the big hearts of Ontario people. Lo-  
cated though it is in Toronto, it is not  
a city institution; it is provincial.

The child in the farthestmost regions  
of Ontario has the same rights and  
privileges as one that may live next

door to the Hospital. The Ontario  
child is on a level with the Toronto  
child. Neither has an advantage.

It takes a dollar a patient per day to  
maintain the Hospital. The Ontario  
Government contributes \$7,000 a year,  
or almost seventeen cents per patient  
per day, for there are always at least

one hundred and twenty children under  
treatment. This amount from the  
Government is all expended on main-  
tenance. Then the corporation of the  
city of Toronto gives \$7,500, or seven-  
teen cents per patient per day, and  
remember, not for Toronto patients,  
but for every child no matter from  
what point he may come. And in ad-  
dition to this Toronto citizens donate  
\$6,000 for the maintenance of all  
patients.

Again remember all these gifts from  
Toronto are devoted to the main-  
tenance of patients from all over On-  
tario as well as the city itself, and  
the children that seek relief from  
places outside are very numerous, and  
it ought to be as great a privilege and  
pleasure for the generous citizens of  
the province to contribute to the main-  
tenance of this Hospital as it is for  
the people of Toronto.

Ten years ago the Hospital was en-  
cumbered with a mortgage. Year by  
year the mortgage has been reduced,  
and it is now paid.

The Hospital must proceed in per-  
forming its great mission. Money is  
needed to maintain it, and this appeal

is made for that purpose. Hospital  
work cannot be conducted without  
money. To keep the machinery mov-  
ing the dollars and cents of the people  
of Ontario are needed. Nurses, do-  
mestics and officials have to live.  
Their wages must be paid.

True, it is, that some have to pay—  
yes, all who can afford it are expected  
to pay—but those who cannot pay and  
can produce the certificate of a clerg-  
yman or known ratepayer of the pro-  
vince to the effect that they are too  
poor to pay, can have maintenance and  
treatment free of charge.

This year an effort is being made to  
clear away a bank overdraft created  
by cost of maintenance. Every dollar  
sent us helps to lighten the load that  
is being carried.

Let everyone who can spare a dollar  
forward it as quick as the good  
thought strikes them, to Douglas  
Davidson, Secretary of the Hospital  
for Sick Children, or to J. Ross Robert-  
son, Chairman of the Trust, College  
street, Toronto.

Students of social science, from Her-  
bert Spencer to Benjamin Kidd, declare  
Socialism to be the next stage in indus-  
trial development which is to succeed  
the present competitive wage system.  
It is already a clearly defined movement  
in America, and is winning support  
from the best brain and brawn of our  
country at a marvelous rate. Only the  
ignorant regard it as allied to anarchy  
or atheism; only the prejudiced view it

with alarm or suspicion. We believe it  
to be the safe and efficient political rem-  
edy for existing social disorders, and we  
advocate the collective ownership of the  
means of production and distribution.

Does "Freedom ring from every  
mountain side," or do the protests of  
overworked and underpaid miners blend  
harmoniously with the soft seductive  
notes of the prosperity yawper?
