## MAKING MATTERS WORSE.

A philanthropic lady visited an asylum not long ago, and displayed great interest in the inmates. One old man particularly gained her compassion.

"And how long have you been here, my man?" she inquired.

"Twelve years," was the answer.

"Do they treat you well?"

"Yes."

"Do they feed you well?"

"Yes."

After addressing a few more questions to him the visitor passed on. He noticed a broad and broadening smile on the face of her attendant, and on asking the cause heard with astonishment that the old man was one other than the medical superintendent. She hurried back to make apologies. How successful she was may be gathered from these words:

"I am very sorry, doctor. I will never be governed by appearances again."

## ACCIDENT TO A MINER.

STRAINED HIS BACK AND WAS SENT HOME IN AGONY.

Laid Up All Winter, but Dodd's Kidney Pills Put Him on His Feet Again and Now He is Completely Cured.

Indian Brook, Victoria Co., N.S., Dec. 15.—(Special)—Angus D. McDonald, son of the postmaster here, is prominent among those in this district who swear by Dodd's Kidney Pills as a sure cure for those terrible pains in the back that are one of the surest symptoms of Kidney Disease. And Mr. McDonald has good reason for the stand he takes.

While at work in the coal pits he strained his back and was sent home in an agony of pain. The nearest doctor, twenty-five miles away, was sent for, but he could do little to relieve his suffering. This was in October, 1901, and he couldn't do a hand's turn of work till the spring of 1902.

Then a hotelkeeper advised him to try Dodd's Kidney Pills. That hotelkeeper didn't see him again till last August, and then his first question was "Angus, how's your back?" "As well as ever it was," answered Angus. "What cured it?" "Dodd's Kidney Pills cured me completely."

And the postmaster at Indian Brook is always ready to testify to the truth of his son's statement.

Pains in the back, Lumbago, Rheumatism, Dropsy and Heart Disease are caused by diseased kidneys. Dodd's Kidney Pills will cure them.

## MISTRESS AND MAID.

"Jane," said a mistress the other day to her servant, "I am sorry to part with you; but I can put up with your impudence no longer. You must go."

"All right, mum," answered Jane, pertly; "a change will do us both good. I am going to be married next month."

"Indeed, Jane! Well, I hope you may be happy, for, apart from your temper, you are certainly the most careful girl I ever knew or heard of. During the twelve months you have been with me you have never once broken a piece of glass or china of any description!"

"Not that you have ever found out, mum," said Jane, with a revengeful smile. "But I have smashed nigh everything in the place at one time or another!"

Had a bombshell struck her the mistress could hardly have been more astonished; but she managed to gasp:

"What do you mean, Jane?"

"Pretty nigh everything, I say; but the 'joins' is so fine that they haven't noticed them; and I'll leave you some cement in the dresser drawer, for I don't bear no malice, and you'll find it come in wonderful handy, seeing as how you ain't bad at breaking things yourself."

Messrs. C. G. Richards & Co. Gentlemen,—My three children were dangerously low with diphtheria. On the advice of our priest my wife began the use of MINARD'S LINIMENT. In two hours they were greatly relieved, and in five days they were completely well, and I firmly believe your valuable Liniment saved the lives of my children.

Gratefully yours, ADELBERT LEFEBVRE, Mair's Mills, June 10th, 1899.

Mother — "Why aren't you and Georgie as good boys as your little brother?" Young Hopeful — "I s'pose it's 'cause you'd had more experience bringin' up boys when you commenced on him."

## TEACHERS ON STRIKE.

The little principality of Birkenfeld, in the Grand Duchy of Oldenburg, is threatened with the strange spectacle of a general strike of school teachers. The population is about 43,000 all told, but the pay of school teachers is so low that, after many vain efforts to obtain redress, they have drawn up an ultimatum in form, declaring that unless a new scale of emoluments be granted within a specified time, the entire body of school teachers will resign.

## WHY SWIMMERS DROWN.

A long-distance swimmer, correcting popular errors, states that accidents to swimmers are seldom due to cramp, but to apoplexy resulting from sudden cooling. The sinking three times is a curious error, as some persons swallow water and strangle on first immersion, sinking but once, while others may sink and rise fifty times. A man who has saved sixty-five lives has found that the drowning person cannot be stunned by a blow in the face, but that he can be handled by pressing the thumbs under his ears and ducking his head until manageable, this being done from behind.

## Deafness cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.
