COUNTERFEITERS AT WORK.

Health and Life Endangered by Unscrupulous Dealers Who Persuade Unsuspecting People to Take Imitations—Some Pointers Worth Remembering.

No medicine that is not of more than ordinary merit suffers from imitations or substitutes. The fact that an imitation is offered is one of the strongest proofs of the excellent qualities of the genuine article. The Dr. Williams' Medicine Co. is continually trying to impress upon the public the fact that Dr. Williams' Pink Pills are only sold in securely sealed boxes, the wrapper around which is printed in red ink and bears the registered trade mark "Dr. Williams' Pink Pills for Pale People." Notwithstanding this constant warning there are unscrupulous dealers here and there who defraud the public by selling an imitation pill (also colored pink) either by the dozen, hundred or by the ounce, alleging that they are "just as good," or "just the same" as the genuine Dr. Williams' Pink Pills. This is a falsehood and the unscrupulous dealer who offers the imitation knows it, but is more concerned for the extra profit he makes on the imitation than for the health of his unfortunate victim.

Will the public, in their own interest, bear in mind the following facts.—Dr. Williams' Pink Pills are never sold by the dozen, hundred, or ounce. If any dealer offers you a pill in this form (no matter whether colored pink or not) he is trying to cheat you and should be avoided.

The formula of Dr. Williams' Pink Pills is a secret and is known only to the company. Therefore if some dealer tells you a substitute is "just the same" or "just as good" he is simply trying to deceive you because there is a larger profit for him in selling the imitation.

When you ask for Dr. Williams' Pink Pills see that the trade mark is on the wrapper of every package, and do not be persuaded to take anything else, no matter how plausible a story the dealer may tell. Imitations in medicine are always cheap, always worthless and often dangerous, and people who have a care for their health will always refuse them.

Dr. Williams' Pink Pills cure when other medicines fail. That's why they are imitated, and that is why you should insist on getting the genuine. Used as a spring medicine Dr. Williams' Pink Pills surpass all other medicines. If feeling "out of sorts" give them a trial.

Get Rid of Neuralgia.

There is no use in fooling with neuralgia. It is a disease that gives way only to the most powerful remedies. No remedy yet discovered has given the grand results that invariably attend the employment of Polson's Nerviline. Nerviline is a positive specific for all nerve pains, and ought to be kept on hand in every family. Sold every where, 25 cents a bottle.

Charlatans and Quacks.

Have long plied their vocation on the suffering people. The knife has been used to the quick; caustic applications have tormented the victim of corns until the conviction shaped itself—there's no cure. Putnam's Painless Corn Extractor proves on what slender basis public opinion often rests. If you suffer from corns get the Extractor and you will be satisfied. Sold everywhere.

Appetite and Health Restored by Hood's Sarsaparilla.

Mr. Chas. Steele St. Catherine's, Ont.

"C. I. Hood & Co., Lowell, Mass.: 'For a number of years I have been troubled with a general tired feeling, shortness of breath, pain in the back, and constipation. I tried a great number of medicines but did not get any permanent relief from any of them.'"

To Down Spooks.

A wealthy bachelor declared that a horrid night had glared at him through the night. His friends laughed at him but he insisted that the house was haunted. He grew ill, complaining of extreme heaviness in the stomach, his appetite failed, he grew sallow, emaciated and despondent, believing he was going to die, the spook being a warning, and declared he could hear funeral bells ringing in his ears, and even hinted at suicide. A friend induced him to use Dr. Pierce's Golden Medical Discovery, and he rapidly grew well, spooks and all his distressing symptoms disappearing. A torpid liver and dyspepsia caused his suffering and the medicine cured both.

\$10 worth \$40

Last week we told of the process of galvanizing and its indispensable preservative qualities. Next week we will give you the experience of two representative business men of Ontario, one of whom has sold 400 and the other 500 Aeromotors, one of which we will quote a price on the best pumps made in Canada, and will bring lower than was ever before dreamed of; and the work following that we shall take to you of steel galvanized tanks, with covers, at the unheard of price of 24 cents per gallon. This is cheaper than wood. They do not shrink, leak, rot, rust or give taste to water.

The Aeromotor Company treats the public generously. While its competitors are passing their time in repairing farm machinery at exorbitant prices, it is a fact that THE AEROMOTOR COMPANY HAS FOR THE YEAR 1906 BEEN COMPELLED TO RAISE ITS PRICES. THIS IS BECAUSE SOME OF ITS CUSTOMERS HAVE BEEN ORDERING REPAIRS TO PARTS TO MAKE IT COMPLETE MACHINES, SINCE IN THAT WAY THEY COULD GET A MACHINE CHEAPER THAN BY ORDERING IT ASSEMBLED. People are not compelled to buy machinery; they are compelled to buy repairs. The Aeromotor Company grows to a full. It is the only company in the world that could assemble a machine at less than the cost of the parts. It is not certain that they assembled in good shape, but their reputation, the best of their kind, is just enough to prevent this price of certain repairs in the future. Not only has the price and value of the Aeromotor Company's machinery increased, but THE BEST PARTS OF THE COUNTRY IN ORDER TO HAVE THEM REPAIRS WITHIN REASONABLE LIMITS. IT IS TO GREATLY INCREASE THE NUMBER OF MACHINES IN THE hands of the greatest number of farmers. Accidents will happen, and when he is buying an article that repairs can quicken, it is well to have it equipped with water supply and power connections by body together with the accessibility of a full line of our goods and repairs, will be appreciated. — Aeromotor Co., Chicago
