

Garden of Bobcaygeon were at the Falls last Saturday, and Mr. Garden called at the *Gazette* office for a few minutes' chat. He has been a subscriber to the paper ever since it was started, and when he left he took away with him a receipt for this (the 23rd) volume.

Mr. M. Barrett, warden of the county of Essex, was at the Falls a few days ago visiting his sister, Mrs. Jas Jewell. Mr. Barrett is an example of what can be done by the right man in the right place. About 22 years ago he was a hired hand in the neighborhood of Bowmanville; and since then by hard and head work—by industry and thrift—he has become the owner of one of the best farms in one of the finest parts of Canada, and ought to be, if he is not, as happy and contented a man as there is in the Dominion.

Rosedale.

(Correspondence of the *Gazette*.)

Miss Maggie Hore has been visiting friends and relations around Rosedale.

Mr. & Mrs. William McMahon from Michigan are visiting his parents, Mr. and Mrs. James McMahon of Rosedale.

Mrs. John Hughes has returned to her home at Orillia, after a three weeks visit at her father's, Mr. Thos. Smith's.

Mrs. Wm. Lang of Peterborough is visiting her father, Mr. Wm. Swanton.

While Mr. Samuel Irvine of Fenelon township was driving into the village last Friday, his horses got frightened and ran away. The waggon was broken to pieces and one of the horses badly cut, but Mr. Irvine escaped uninjured.

YUM! YUM!—Do not forget the pumpkin pie social at the residence of Mrs. Findley McDougall on Wednesday evening, the 25th inst.

The same price to every one at the leading Tailor's, one door below the barber shop, Fenelon Falls.—24.

HALF SHEET EXTRA.—As the *Gazette* was not published last Friday, we give with this issue a half sheet extra containing, amongst other reading, last week's portion of the interesting story of adventure that has been running in our columns for some time past.

Butter, eggs, etc., taken in exchange at Mrs. R. McDougall's.

ODDFELLOWS' EXCURSION.—Trent Valley Lodge No. 71, C. O. O. F., Fenelon Falls, will run an excursion to Lindsay on Thursday, 26th Sept. inst., the second day of the county show. The *Crandella* will leave the lock wharf at 8 a. m. sharp, and Lindsay at 5 p. m. Tickets for the round trip 25c.; children under 12 years old 15c.

You can save money by calling on McCallum for your Fall Suits.

A COW KILLED.—About 4:30 last Friday afternoon Mr. Wm. Johnston was informed that his cow had got between two piles of lumber in Howry & Sons' mill-yard, and by the time he reached the scene she had been got out, but was dead. The piles between which she had jammed herself were only about fifteen inches apart; but as she could not have been there more than three hours, having been seen grazing at half-past one o'clock, her death can only be accounted for upon the supposition that she sustained internal injuries by her struggles to release herself or while being dragged out.

TRIMMED HATS 50c. and upwards; untrimmed hats from 20c. and upwards. Mrs. R. McDougall.

LIVE STOCK SHIPMENTS.—Mr. Henry Austin, of this village, who has taken a lot of live stock to either Montreal or Toronto nearly every week since the opening of the season, left on the 10th inst. for the first named city with two car loads of sheep, cattle and hogs, and on the 12th shipped 53 sheep by the steamer *Lycia* to Messrs. Smith & Coonan, live stock dealers of Liverpool—the first consignment he ever sent across the ocean. He was home again as soon as possible, and yesterday morning left for Toronto with a hundred sheep and lambs and fourteen head of cattle. Mr. Austin has been in the business for several years and has done well, but dollars acquired in the live stock business are earned by getting up early, going to bed late, and working hard between meals.

Call and see Mac's stock of fall Overcoatings, the largest and best selected stock ever sold in Fenelon Falls.

THE COLUMBIAN BURNED.—The steamer *Columbian*, which was laid up in winter quarters near the dry dock at Bobcaygeon a short time ago, was discovered to be in flames about 5:30 last Sunday morning by Mrs. Robinson, whose house is opposite and who was up with a sick member of her family. The powerful steam fire engine owned by the village was promptly got out, but the hose was too short, and, by the time some more had been brought to the spot, the steamer—either because the rope that held her to the shore had burned through or been cut—had drifted nearly across the river. Mr. William Boyd and two or three other men went out in a punt and towed her back, but

it was too late to do any good, and she was soon a mass of smouldering ruins down to the water's edge. The *Columbian* was built three years ago for W. McCamus & Co., cost about \$14,000 and was insured for \$9,000. It is, we hear, suspected that the fire was the work of an incendiary.

Now is the time to get a cheap hat at Mrs. McDougall's. The summer stock must go to make room for the fall stock.

McCallum, the only Fashionable Tailor in town, has just received his fall stock of cloths, which are being sold at prices to suit the times.

A FLAG FOR THE FALLS.—Messrs. Thomas Johnson and Frank Bell were busy a couple of days this week preparing a staff or pole from the apex of which is to proudly flaunt in the breeze a flag which Mr. R. B. Rogers, Supt. Engineer of the Trent Canal Works, has presented to the village, and which was unfurled and shown to us by Mr. McArthur in the gubernatorial office by the locks. It measures six feet by twelve and a half feet, and appears to be a British mercantile flag considerably elongated, in order to make room for the insignia of the maritime provinces in the lower right-hand corner of the fly. The flag-staff, which is of white cedar, will stand 65 feet above ground, and is to be erected somewhere on the "north shore" of the lower lock. Somebody has suggested that it be put up and the flag flown for the first time on the fifth of November; and—except that it is a long time to wait—the suggestion is a good one, as the ceremony would appeal to and gratify our feelings of Protestantism as well as of patriotism. The total cost of the pole and the labor connected with the undertaking will be about \$10—400 little to enable the good Conservatives who have the contract to contribute very liberally to the next election fund.

Call and see our hats in dark shades for fall wear. Mrs. R. McDougall.
