

A BROAD-MINDED DOCTOR

Relates Some Experiences In His Own Practice.

Believes in Recommending any Medicine That he Knows Will Cure His Patients—Thinks Dr. Williams' Pink Pills a Great Discovery.

"Akron Pa., April 24th, '95.
Dr. Williams' Medicine Co.
Gentlemen.—While it is entirely contrary to the custom of the medical profession to endorse or recommend any of the so-called proprietary preparations, I shall, nevertheless, give you an account of some of my wonderful experiences with your preparation, Dr. Williams' Pink Pills for Pale People. The fact is well known that medical practitioners do not as a rule recognize, much less use preparations of this kind, consequently the body of them have no definite knowledge of their virtue or lack of it, but soundly condemn them all without a trial. Such a course is manifestly absurd and unjust, and I, for one, propose to give my patients the best treatment known to me, for the particular disease with which they are suffering, no matter what it is, where or how obtained. I

J. D. Allright, M.D.

was first brought to prescribe Dr. Williams' Pink Pills about two years ago, after having seen some remarkable results from their use. Reuben Hoover, now of Reading, Pa., was a prominent contractor and builder. While superintending the work of erecting a large building during cold weather he contracted what was thought to be sciatica, he having first noticed it one morning in not being able to arise from his bed. After the usual treatment for this disease he failed to improve, but on the contrary grew rapidly worse, the case developing into hemiplegia, or partial paralysis of the entire right side of the body. Electricity, tonics and massage, etc., were all given a trial, but nothing gave any benefit and the paralysis continued. In despair he was compelled to hear his physician announce that his case was hopeless. About that time his wife noticed one of your advertisements and concluded to try your Pink Pills.

"He had given up hope and it required a great deal of begging on the part of his wife to persuade him to take them regularly.

"He, however, did as she desired, and if appearances indicate health in this man, one would think he was better than before his paralysis.

"Why," says he, "I began to improve in two days, and in four or five weeks I was entirely well and at work."

"Having seen these results I concluded that such a remedy is surely worth a trial at the hands of any physician, and consequently when a short time later I was called upon to treat a lady suffering with palpitation of the heart and great nervous prostration, after the usual remedies failed to relieve, I ordered Dr. Williams' Pink Pills. The result was simply astonishing. Her attacks became less frequent and also less in severity, until by their use for a period of only two months, she was the picture of health, rosy-cheeked and bright-eyed, as well as ever, and she has continued so until to-day, more than one year since she took any medicine. I have found these pills a specific for chorea, or as more commonly known, St. Vitus' dance, as beneficial results have in all cases marked their use. As a spring tonic any one who, from overwork or nervous strain during a long winter has become pale and languid, the Pink Pills will do wonders in brightening the countenance and in buoying the spirits, bringing roses to the pallid lips and renewing the fountain of youth.

"Yours respectfully,
"J. D. Allright, M. D."

No Mystery.

Mistress (severely)—How did this fire happen to go out?
New Girl (innocently)—I guess you forgot to tell me to put coal on.

UNSANITARY WALL COATINGS CONDEMNED BY THE BIBLE.

"And behold if the plague be in the walls of the house with hollow streaks, greenish or reddish, then the priest shall go out of the house to the door of the house, and shut up the house seven days. And he shall cause the house to be scraped within round about, and they shall pour out the dust that they scrape off without the city into an unclean place."

To each of the first three persons in every city and town in the Dominion of Canada who write The Alabastine Co., Limited, of Paris, Ont. giving the chapter containing the above passage of scripture, will be sent an order on the Alabastine dealer in the town for a package of Alabastine, enough to cover 50 square yards of wall, two coats, tinted or white. To all who apply, giving us the name of the paper in which they saw this notice, will be given an ingenious puzzle, the solving of which may earn you \$50.00.

To test a wall coating, take a small quantity of it, mix in equal quantity of boiling water, and if it does not set when left in the dish over night, and finally form a stone-like cement without shrinking, it is a kalsomine, and dependent upon glue to hold it to the wall, the feature so strongly objected to by sanitarians.

This matter of looking to the sanitary nature of wall coatings seems to be considered of much importance of late. A supplement to the Michigan State Board of Health, condemns wall paper and kalsomines for walls, and recommends Alabastine as being sanitary, pure, porous, permanent, economical and beautiful. Alabastine is ready for use by mixing in cold water.

Must Not Shave Women.

A strange incident occurred in Bombay recently. A monster meeting of Hindu barbers was held for the purpose of considering the question of the impropriety of shaving the heads of Hindu widows, and thereby disfiguring them for life. About 400 barbers having assembled, one of them, named Babajee More, read a pamphlet in Marathi, in which he stated that the barbers of old were happy and contented, but latterly, as though a curse had descended on their heads, trade had fallen off and they had become poor. The curse could only be accounted for by the fact that they were committing a great sin in shaving the heads of poor, innocent widows, thus depriving them of their best ornament. It was against the Hindu Scriptures to deprive a widow of her hair, and doubtless it was the curses of the widows that had lowered their calling. The meeting thereupon unanimously resolved that no barber should shave a widow's head, and that if he did he should be excommunicated.

Sure Proof.

Mrs. Williams had put two large peppermint drops in a little box kept for such treasures on the table in the children's playroom, and told Johnny that he and Eva might each have one.

Unfortunately Eva had discovered the tempting drops before her brother's arrival, and he presently returned to his mother with a doleful face, saying that Eva had devoured both drops.

Oh, I hardly think she can have been so greedy as that, said Mrs. Williams. Perhaps she spilled the other on the floor.

Johnny left the room again, and in a moment returned with his small sister, whose mouth was filled with the missing peppermint. I wish you'd just smell her, mamma! he remarked, gloomily.

A NO-TO-BAC MIRACLE.

Physical Perfection Prevented by the Use of Tobacco.

An Old-Timer Cured After Using Tobacco Twenty-Three Years—He Gains Twenty Pounds in Thirty Days.

Lake Geneva, Wis.—(Special).—The ladies of our beautiful little town are making an interesting and exciting time for tobacco-using husbands, since the injurious effects of tobacco and the ease with which it can be cured by No-To-Bac have been so plainly demonstrated by the cure of Mr. F. C. Waite. In a written statement he says: "I smoked and chewed tobacco for twenty-three years, and I am sure that my case was one of the worst in this part of the country. Even after I went to bed at night, if I woke up I would want to chew or smoke. It was not only killing me, but my wife was also being killed by the injurious effects. Two boxes of No-To-Bac cured me, and I have no more desire for tobacco than I have to jump out of the window. I have gained twenty pounds in thirty days, my wife is well, and we are indeed both happy to say that No-To-Bac is truly 'worth its weight in gold' to us."

The cure and improvement in Mr. Waite's case is looked upon as a miracle—in fact, it is the talk of the town and county, and it is estimated that over a thousand tobacco users will be using No-To-Bac within a few weeks. The peculiarity about No-To-Bac as a medicine is that the makers, the Sterling Remedy Co., of New York and Chicago authorize every druggist in America to absolutely guarantee the use of three boxes to cure or refund the money, and the cost is so trifling as compared with the expensive and unnecessary use of tobacco, that tobacco-using husbands have no good excuse to offer when their wives insist upon their taking No-To-Bac and getting results in the way of pure, sweet breath, wonderful improvement in their mental and physical condition, with a practical revitalization of their nerved nerves. No-To-Bac not only cures the tobacco habit but restores vitality and nerve vigor for weak men, and the public is warned against having imitations palmed off on them, as the great success of No-To-Bac has brought out a host of counterfeits.

It has recently been estimated that a November fog in London costs for electric lights, gas, accidents, delays and damages about \$500,000.

It's a Secret

that many women owe their beauty to Dr. Pierce's Favorite Prescription. The reason—beauty of form and face, as well as grace, radiate from the common center—health. The best bodily condition results from good food, fresh air, and exercise, coupled with the judicious use of the "Prescription." In maidenhood, womanhood, and motherhood, it's a supporting tonic that's peculiarly adapted to her needs, regulating, strengthening, and curing the derangements of the sex.

If there be headache, pain in the back, bearing-down sensations, or general debility, or if there be nervous disturbances, nervous prostration, sleeplessness, the "Prescription" reaches the origin of the trouble and corrects it. It dispels aches and pains, corrects displacements, cures catarrhal inflammation of the lining membranes. Once used it is always in favor.

Dr. Pierce's Pellets cure constipation, indigestion, biliousness, headaches and kindred ailments.

Timely Warning.

The great success of the chocolate preparations of the house of Walter Baker & Co. (established in 1780) has led to the placing on the market many misleading and unscrupulous imitations of their name, labels, and wrappers. Walter Baker & Co. are the oldest and largest manufacturers of pure and high-grade Coconuts and Chocolates on this continent. No chemicals are used in their manufactures.

Consumers should ask for, and be sure that they get, the genuine Walter Baker & Co.'s goods.
