Blood Purifier

Before the people today, and which stands preeminently above all other medicines, is

HOOD'S Sarsaparilla

It has won its hold upon the hearts of the people by its own absolute intrinsic merit. It is not what we say, but what Hood's Sarsaparilla does, that tells the story:—

Hood's Cures

Even when all other preparations and prescriptions fail.

"The face of my little girl from the time she was three months old, broke out and was covered with scabs. We gave her two bottles of Hood's Sarsaparilla and it completely cured her. We are glad to recommend Hood's Sarsaparilla." THOS. M. CARLING, Clinton, Ontario. Be sure!

THE WORLD'S BIGGEST WATCH.

It is Four Inches Wide, Gold and Weighs Two Pounds.

The largest watch in the world was made in London for William Wilkens, founder of the firm of William Wilkens & Co., dealers in curled hair and brushes, of Baltimore. It is kept by his sons as an heirloom.

Mr. Wilkens was an odd man in many ways. One of his peculiar desires was to possess things that were entirely different from other things in the world. His big watch was a manifestation of this trait. It cost him \$2,500. He ordered it in 1866, but it was not finished until 1869. The massive gold chain, to which it was attached, weighs four pounds and cost \$800.

The watch—a repeater—weighs two pounds lacking an ounce. The hunting case is of eighteen-carat gold and is seven-eighths of an inch thick. The white enamel dial is four inches in diameter. The case is elaborately engraved inside and outside, the design on the front representing Mr. Wilkens' Baltimore factory and residence. The engraving on the back represents Mr. Wilkens and his favorite old white horse for which he had as much affection as it is possible for one to have for a dumb animal.

Mr. Wilkens, who was very wealthy when he died, began life in a humble way. He started business by wheeling home in a barrow the hair and brushes which he gathered at the Baltimore slaughter-houses, there sorting and preparing them for market. The business grew steadily and Mr. Wilkens purchased a horse and wagon abandoning the wheelbarrow. The horse, however, was never deserted. When it became too old to work it was cared for tenderly, and when it died its owner purchased a plot of ground opposite his residence and buried it there.

When his huge watch was made he gave his faithful old horse equal prominence with himself in the engraving on the case. Mr. Wilkens carried this big watch to the day of his death. The chain, which is about four feet long, was worn about his neck. He had an extra large pocket made in each of his vests to hold the watch. Some idea of the immensity of the timepiece may be gained by knowing that the largest watch now occasionally manufactured for the trade has a case two inches wide and a dial one and three-quarter inches wide. The diameter of the watch is nearly four and a quarter inches. The watch was made in London.

Kind Words from Hamilton Regarding the Great Remedy Which Cures Rheumatism in One to Three Days.

Mrs. Phillips, sr., corner Hunter and Grath streets, Hamilton: "Several months ago I was afflicted with rheumatism, which completely crippled me. South American Rheumatic Cure being recommended to me, I procured a bottle, and obtained perfect relief from the first few doses. It is without doubt the quickest relief for rheumatism I have ever seen, and I heartily recommend it to all sufferers from this disease."

THE DOCTORS WERE WRONG.

They Said Mr. Reuben Petch Was Permanently Disabled.

They Apparently Had Good Grounds for Their Report and on the Strength of it He was Paid a \$1,500 Disability Insurance—Another Case in Which Dr. Williams' Pink Pills Have Brought Health After all Other Means Failed.

From the Meaford Monitor.

Mr. Reuben Petch is a resident of Grier'sville who has been known to the editor of the Monitor for a considerable number of years. For several years Mr. Petch has been in bad health, has been an intense sufferer and was declared incurable by a number of physicians and was paid a disability insurance of \$1,500. Lately, to the astonishment of those who had known that he was pronounced incurable, Mr. Petch has been brought back almost to his former health. This restoration he attributes to the use of Dr. Williams' Pink Pills, and knowing that his story would interest the readers of the Monitor, a reporter was sent to interview him.

The following is Mr. Petch's narrative as given by the reporter: "I had been sick for some years. I consulted in that time with no less than six of the best physicians I could find, but none seemed to help me so far as medicine was concerned. My limbs and body were puffed or bloated so I could not get my clothes on. I had lost the use of my limbs entirely. When I began taking Dr. Williams' Pink Pills I

could not dress myself and had not dressed myself for two years previous. I could not even open my mouth enough to receive any solid food, and I had to be fed with a spoon. I seemed to have lockjaw. I could not get up or down the doorsteps, and if I fell down I had to lie there until I was helped up. I could not get around without a cane and a crutch. My flesh seemed to be dead. You might have made a pin-cushion of me and I would feel no hurt. The doctors told me I could never get better. They said I had paralysis on one side, caused by spinal sclerosis, the effect of la grippe. You might roast me and I would not sweat. I was a member of the Mutual Aid Association of Toronto, and, as under their rules I was entitled to a disability insurance, I made application for it. I was examined by two doctors on behalf of the Association and pronounced permanently disabled, and was in due time paid my disability insurance of \$1,500. This was about two years after I first took sick. Things went on in this way for a considerable period, and my helplessness was, if anything, on the increase. I was continually reading about the cures through the use of Dr. Williams' Pink Pills, and at last determined to try them. After using four or five boxes there was a change. It first made itself manifest by my beginning to sweat freely. I made up my mind to give them a thorough trial and to my surprise I have gained in health and strength except since. I take no other medicine except Pink Pills. I began taking them when all other medicines and the doctors failed to do me any good. I could not get off my chair without help. I never expected to get better but Pink Pills have rescued me from a living death, and now I am happy to say I can work and walk and get around finely. I eat heartily, sleep soundly, and feel like a new man, and I ascribe the cause entirely to Dr. Williams' Pink Pills. I cannot say too much in their praise and recommend them highly to all similarly afflicted."

The above is Mr. Petch's unvarnished statement of his case and we might add, we know him to be a respectable, reliable gentleman, who has no interest in making the statement only to do good to others who might become afflicted as he was.

This strong testimony proves the claim made that Dr. Williams' Pink Pills cure when other medicines fail, and that they deserve to rank as the greatest discovery of modern medical science. The public should always be on their guard against imitations and substitutes, which some unscrupulous dealers for the sake of extra profit, urge upon purchasers. There is no other remedy "just the same as" "just as good" as Dr. Williams' Pink Pills and the genuine always have the full trade mark, Dr. Williams' Pink Pills for Pale People, on the wrapper around every box.

LEFT TO HIS FATE.

John, she said, there's a burglar trying to get in the house.

Is there? was the uninterested reply.

Yes. Aren't you going to do something about it?

No, Maria. I'm a human man, but if that fellow falls over Johnny's tin wagon, and steps into a toy drum, and gets frightened by treading on a rubber doll that says papa, and barks his shin the same as I did when I came here in the dark to-night, it'll be all his own fault.

WEST SHORE THROUGH SLEEPING CAR TO NEW YORK.

One of the handsomest sleeping cars that had ever been turned out of the factory is now running from Toronto to New York without change via the popular West shore route. It is a buffet car, and refreshments can be obtained en route, if desired. This car leaves Union Station, Toronto, every day except Sunday, at 4.55 p. m., reaching New York next morning at 10.10 a. m. On Sundays the sleeper runs from Hamilton only, connecting with the through train from Toronto. Call at any Grand Trunk office in Toronto for information or space in sleeping car. Reservations can be made in advance if desired.

NATURE'S METHOD OF CURING KIDNEY DISEASE.

Not by Pills and Powders, but in Dissolving the Stony Substances That Prove the Real Root of the Trouble.

Everybody is talking about the prevalence of Kidney Disease. Bright's disease, Diabetes and other forms of kidney trouble, are striking at all kinds and conditions of people. It is nonsense to say that these conditions are incurable. The trouble is in trifling with the disease and employing pills and powders and other nostrums, that are wholly lacking in the elements that are necessary to a cure. Where South American Kidney Cure has been used it is a rare exception that a cure is not effected. It cures the most aggravated cases, because it is a solvent that removes the uric acid and hardened particles that gather in the kidneys and blood. As Mr. Frank S. Emerick, of Alvinston, Ont., who suffered intense pain from kidney trouble for two years, says: "In a few hours from taking the first dose I began to find relief, and as a result of four bottles I am to-day completely well."

A rotten cause abides no handling.—Shakespeare.

CAN THE HEART BE PHOTOGRAPHED?

It Certainly Can be Reached and Its Worst Diseases Cured.

In the wonderful experiments being made at the present time it has not yet been demonstrated that the heart has actually been photographed. It is a question if this is necessary, despite the terrible prevalence of heart disease. In Dr. Agnew's Cure for the Heart is a remedy that goes at once to the disease as certainly as if the particular spot had been photographed by the new 19th century process. James Allen, of St. Stephen, N. B., who had been troubled with severe palpitation of the heart for years, says that before he took half a bottle he was feeling better, and to-day is a sound man, though using only one bottle of this remedy.

MONTREAL EAST FALLS INTO LINE.

Lepine, M. P.

Of the many wise acts of the member in the House of Commons for Montreal East, it is a question whether any is more widely important than his endorsement of the good effects that come from the use of Dr. Agnew's Catarrhal Powder. Mr. Lepine has used this medicine himself, and found that it gave all the relief in the case of catarrh that it promises. The results accomplished by this medicine are simply wonderful. In Toronto there is the case of Captain Ben Connor, of 195 Berkeley street, who was cured of catarrhal deafness of twelve years' standing by the use of this medicine. It relieves in ten minutes. Sold by all druggists. Sample bottle and blower sent by S. G. Detchon, 44 Church street, Toronto, on receipt of 10 cents in silver or stamps.
