

**A WOMAN'S MESSAGE.**

Conveying Words of Hope to the Afflicted.

Had Suffered From Heart Trouble and Liver Complaint, Which Wrecked Her Nervous System—Is Now as Well as Ever.

From the Carleton Place Herald.

Truth, it is said, is sometimes stranger than fiction, and in no way has this phrase been better exemplified than in the plain unvarnished statement of Mrs. W. H. Edwards, of Carleton Place, to a reporter of the Herald a few weeks ago. Mrs. Edwards is well known in this town, having lived here for nearly twenty-five years. The story she related we will give in her own words. She said: "In July of 1894 I was taken ill with fever, caused by blood poisoning, and laid hovering between life and death for eight weeks. After the doctor succeeded in breaking up the fever, my heart began to trouble me, jaundice and liver complaint also set in. I could not sleep and my nerves were terribly unstrung. During my illness, after the fever left me, I was attended by no less than three doctors, but their medicines seemed of no avail as I lay for months in a terribly emaciated condition and never expected to be around again. This state of affairs lasted until about Christmas, when a friend suggested to me to try Dr. Williams' Pink Pills. My husband procured a few boxes and I then began their use although with little confidence in them. By the time I had used three boxes I began to feel a little better and began to get an appetite. This encouraged me to persevere in the use of the pills, and I still continued to improve. I began to sleep well, my heart ceased to bother me and my nervous system which had received such a fierce shock was again fully restored. My liver trouble also disappeared, in fact I now feel as well as I ever did in my life. I have used in all eight boxes and still continue to take an occasional pill if I feel any way depressed. Yes, she said, I am thankful to think that I tried Dr. Williams' Pink Pills, because I believe no other medicine could have effected such a cure in me and have so effectually built me up. I am perfectly willing that this simple statement of mine should be published, and hope some poor suffering creature may see it and be restored to health as I was."

Dr. Williams' Pink Pills make pure, rich blood, thus reaching the root of disease and driving it out of the system, curing when other medicines fail. Most of the ills afflicting mankind are due to an impoverished condition of the blood, or weak or shattered nerves, and for all these Pink Pills are a specific which speedily restore the sufferer to health. These pills are never sold in any form except in the company's boxes, the wrapper round which bears the full name. Dr. Williams' Pink Pills for Pale People. All others are counterfeits, and should always be refused. Get the genuine and be made well.

**DISLIKED THE FLAVOR.**

A farmer in Strong, Me., has discovered a way to keep the crows from his corn. After he plowed the land he strewed corn about in a few places, which was picked up by the crows. He then strewed some more corn that had been soaked in water in which was dissolved some strychnine. This was eaten by the crows and shortly after he never heard such a cawing in his life before. They seemed to be holding a caucus, and evidently decided that the corn was not good, for he has not seen a crow on that corn field since.

**SMOOTHING THE WAY.**  
 The way of life is by no means smooth but let us not make it rougher than it is. The world is not all that we could wish; but, if it goes wrong, let us not spend ourselves trying to make it go worse. Rather let us make it a little smoother and a little pleasanter by our disposition, manners and deeds. If men in general are out of sorts, there is the more need of our being in sorts.
