“About four years ago I was afflicted with a severe attack of la grippe, which left me almost a complete wreck. I was prostrated for weeks, I doctored with several physicians and used many remedies, but none had any lasting effect. My friends began to be alarmed for my recovery. The doctors shook their heads, and held out little hope. I was attracted by an advertisement of South American Nerve, and as my trouble was of a nervous nature I decided to try it. The first bottle helped me greatly. I persisted in its use and this great remedy has completely built up my system, and I positively declare that it is the only remedy that gave me any relief.”

"A. M. C." MEDICINE CO., 578 St. Paul St., Montreal.

AN INCURABLE CURED

After Treatment in Canada's Best Hospital Had Failed.

One of the Most Remarkable Cases on Record—Ten Years of Intense Suffering From Acute Rheumatism—The Whole Body Contracted and Out of Shape in Every Limb—Again Restored to Active Life.

From the Newmarket Advertiser.

We suppose there is not a resident of Newmarket who does not know Mr. J. A. Moffatt, who does not know of his years of suffering and who has not heard of his release from a life of helplessness and pain through the medium of Dr. Williams' Pink Pills. Indeed we doubt if in the annals of medicine there is a more remarkable restoration than has been accomplished in Mr. Moffatt's case, and he deems it his duty to mankind to make the facts known through the columns of the Advertiser.

Ten years ago Mr. Moffatt was working in the Newmarket Hat Factory. Through the influence of the damp room, and possibly some carelessness in regard to his health, he was attacked with a severe cold which eventually settled in his limbs. For some years he was an almost constant sufferer from rheumatic pains and spent much money in treatment for the trouble, but with no result beyond an occasional temporary release from pain. Finally to make matters worse he was attacked with malaria and rheumatic fever. He was then forced to go to the Toronto General Hospital when it was found that he was afflicted with torticollis (wry neck). During the first six months in the hospital he was under the treatment of the staff electrician, but the powers of electricity entirely failed, and after a consultation of physicians it was deemed advisable to perform an operation. Six weeks later a second operation was performed. The operation proved successful only in so far as it afforded temporary relief. He remained in the hospital from November, 1890, till January, 1892, and with all the modern remedies and appliances known to the staff of that well equipped institution no permanent relief could be obtained. He was then advised to go home, partly in the hope that the change might prove beneficial, but instead he continued to grow worse, and in March, 1892, was again forced to take to his bed, and those who knew of his condition did not believe he had long to live. At this time every joint in his body was swollen and distorted, and he suffered the most excruciating agony. If a person walked across his bedroom it intensified the pain as though he was

being pierced and torn with knives, and if touched he would scream aloud with agony. In this state of hopeless suffering he remained bedfast for eight months, all the while using all manner of medicines from which relief might be hoped for. Then he was put under the treatment of a celebrated Toronto specialist, but with no better result. After this last experiment failed, he determined to try Dr. Williams' Pink Pills, at the same time discontinuing all other treatment. At the end of three months there was a very noticeable improvement in his condition, and so much so that his mother thought he could be lifted outside. He was still so weak, however, that he was only able to remain up a few minutes at a time. When taken back to his bed he felt a sudden tingling sensation going up from his toes and through his joints and spine. The next morning when he awoke the pains had left the body and lodged in the arms, and then for some weeks the pain flitted from place to place in the arms and then disappeared, and he has not had a particle of pain since. All this time he was taking Dr. Williams' Pink Pills and slowly but surely regaining his strength. Then an invalid's chair was procured, and he was wheeled out, eventually he was able to wheel himself about. The continued use of the Pink Pills constantly added to his strength, and then the chair was discarded for crutches, and then the crutches for a cane. At this time, Sept. 1895, Mr. Moffatt had so far recovered that he was a frequent contributor to the columns of the Advertiser and procuring a horse and buggy he was engaged as local reporter for the paper. The once utterly helpless invalid is now able to go about, and to get in and out of his buggy without any assistance, and is at his post of duty whenever called upon.

Thus we find that after years of suffering and helplessness Dr. Williams' Pink Pills have proved successful after all other remedies and the best of medical treatment had utterly failed. With such marvelous cures as this to its credit it is no wonder that Dr. Williams' Pink Pills is the most popular medicine with all classes throughout the land, and this case certainly justifies the claim put forth on its behalf that it "cures when other medicines fail."

VALUE OF EXPERIENCE.

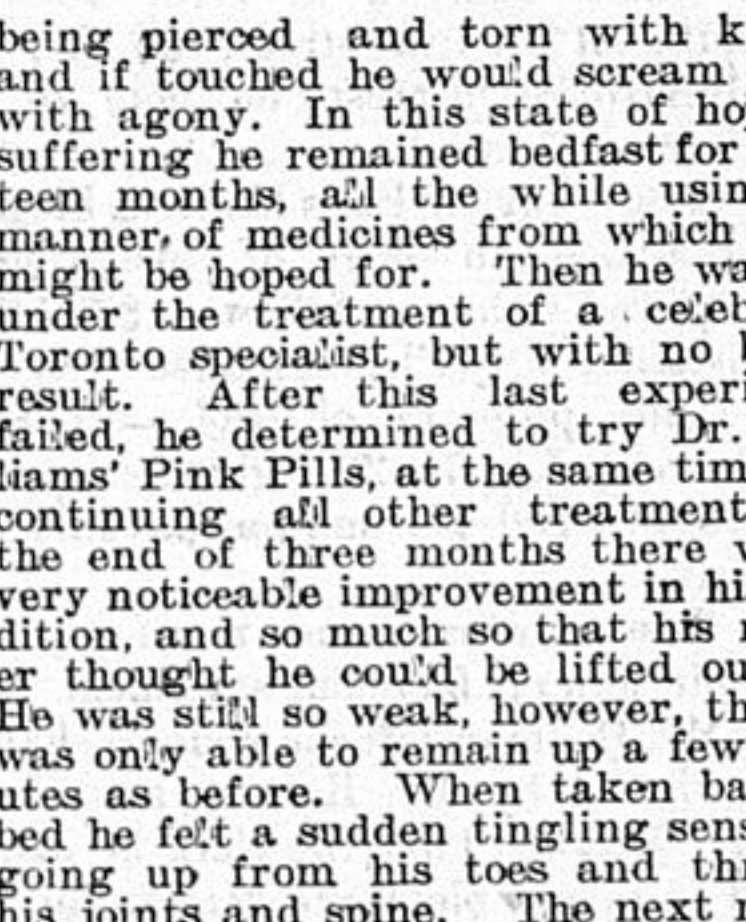

Fond Mother—Why, my dear, what is the matter?

Daughter, recently married,—Boo, hoo! My husband doesn't love me any more. He didn't kiss me when he came home, and he kept edging away from me whenever I went near him; and now he's in the library, and don't want don't want to be disturbed—boo, hoo, hoo!

Fond Mother—Calm yourself, my dear. He loves you as much as ever, but I suppose he has taken a drink and doesn't want you to know it.

RYCKMAN'S KOOTENAY CURE

A Lost Voice Restored—Unexpected Deliverance—Praise Given Where Praise Was Due.

Monastery of Our Lady of Charity, 411 St. Andrew Street, Ottawa, May 19, 1896.

S. S. Ryckman, Esq., Hamilton, Ont.

Dear Sir—You must have found it strangely ungrateful on our part never to have thanked you for the Kootenay Cure you were so kind as to send us last winter. The fact is we had it a long time before we knew to whom we were indebted, until Rev. Father McGuckin, Rector of the Ottawa University, told us that he had sent you our name and you were kind enough to send the medicine gratis.

Those amongst our sisters who took it find themselves much benefited, especially cases of indigestion, poverty of the blood, and the after effects of the Grippe. But there is one thing it cures which we have not noticed in your publications, and which we are happy to be able to announce to all great singers: One of our sisters who sings in our choir took the Grippe last December. She was ill a long time, as it specially affected the bronchial tubes and, although she recovered slowly, still continued weak. Her voice, however, remained so husky that she had to give up singing altogether. About two weeks ago she began to try the Kootenay Cure, and, besides feeling stronger, finds her voice coming back so quickly that she is already able to sing short pieces.

Thanking you heartily for the medicine you sent us and recommending it to all sufferers, and especially to all singers, we have the honor to be, sir, Your humble servants,
The Sisters of Our Lady of Charity, Good Shepherd.

WORTH ITS WEIGHT IN GOLD

Is the Testimony of Frank S. Emerick of Alvinston, Ont.—Says South American Kidney Cure Saved His Life—It Relieves in Six Hours.

"For two years I was greatly troubled with kidney disease. I suffered intense pain, and frequently was unable to walk. I doctored at intervals, but got little or no relief. I began to grow worse, and the pains were frequent and intense. About this time I saw South American Kidney Cure advertised as a speedy relief for all kidney troubles. I purchased a bottle, and it gave me wonderful relief in a few hours. I improved steadily, and after taking four bottles I am completely cured. I consider it worth its weight in gold, for it assuredly saved my life."

Spent Thousands for Health, But Did Not Obtain This Greatest of All Blessings Until She Used the Great South American Rheumatic Cure Suffered Intensely for 12 Years.

Mrs. F. Brawley of Tottenham, Ont., states: "I suffered almost continually for 12 years with rheumatism, the effects of which I will carry to my grave, and while the joints at my elbows and wrists are yet stiff I am entirely freed from pain in the use of South American Rheumatic Cure. It has indeed proved a wonderful cure in my case. I have spent thousands of dollars in doctors' bills and medicines without avail. Five bottles of this wonder-worker has cured all pain. I am better in health generally than I have been for ten years."
