Two Instances of Many Where They Effected Cures.

MEN AND WOMEN MADE WELL

Gratitude Compels them to Testify to the Curative Value of Dodd's Kidney Pills-The Greatest Discovery of the 19th Century.

Smith's Falls, Ont., Dec. 14.—This village can produce evidence indisputable that the diseases most feared by men and projects its pessimistic shadows upon women are curable. Two well-known citizens gratefully testify to the efficacy of Dodd's Kidney Pitls. They have been cured.

No kidney disease is so far advanced or so severe that these Pills will not effect a cure. Bright's disease disappears, diabetes is conquered, gout subsides, calculi are dissolved, weak backs are made strong, rheumatism vanishes, through the agency of Dodd's Kidney Pills.

Thousands of Canadians who have suffered from some form or other of kidney complaint, to-day enjoy perfect health—thanks to Dodd's' Kidney Pills.

Dodd's Kidney Pills are the cure. They cure backacke, weak back, bearing-down sensations of women, rheumatic pains whereever located. They cure Bright's disease. They cure diabetes. They cure them for all time. They have cured others. They will cure you.

Don't take our word for it, if you don't wish to. Inquire of those who have been cured. Let those who have tried Dodd's Kidney Pills speak in their behalf.

For example, read this statement from a well-known citizen of a town in Eastern Ontario:-Almonte, Ont., Dec. 2.-Harry Grace,

of this town, has been troubled with Lumbago, for over a year. Doctors could give him no relief. He is now cured. He says:-"I heard of the wonderful cures effected by Dodd's Kidney Pills. I thought I would try them. I have tried one box, and I must say they have cured me. I have no objection to allowing you to publish this as you see fit, so it may help others. "Harry Grace, Ottawa St."

Shiloh's Consumption Cure cures where others fail. It is the leading Cough Cure, and no home should be without it. Pleasant to take and goes right to the spot.

First tramp—"The papers all say that work is starting up everywhere." Second ditto-"I know; isn't it awful? You and I may be drawn into it yet." Stop that Cough! Take warning. It

may lead to Consumption. A 25c. botthe of Shiloh's Cure may save your life. substantial relief. When Mrs. McCrim-A cigar store, in New Orleans, owned by a colored man, does a big trade in the sale of feet belonging to "graveyard rabbits."

For Constipation take Karl's Clover Root Tea, the great Blood Purifier. Cures Headache, Nervousness, Eruptions on the Face, and makes the head olear as a bell.

can tell how much it will cost to go to Europe." "All you've got and all you meal of any variety, without the pain-can borrow over there." ful effects that once asserted them-

WHAT DR. A. E. SALTER SAYS.

Buffalo, N.Y .- Gents:-From my personal knowledge, gained in observing the effect of your Shiloh's Cure in cases pills, and almost anything going she of advanced Consumption, I am prepared to say it is the most remarkable came a thing less dreaded, and largely Remedy that has ever been brought to my attention. It has certainly saved der therefore that she urges the use many from Consumption.

MR. GRATEBAR TO PHILIP.

are times when luck seems against us, when everything seems against us, and everything seems to go wrong; among the triumphs of modern medical but there never comes a time when we science. The genuine Pink Pills are want to lie down. I don't believe in luck myself, I think every man is the architect of his own fortunes; but there are times when circumstances seem to combine to help a man, and there are times when they seem to be against him. But, as I said before, there can be no possible time when a man should give up; for there is no difficulty, however great, that the man of stout heart and unbroken tenacity of purpose, cannot surmount. In money is liable to transfer bacteria this free country, Philip, we don't go from one person to another, and thus very much for coats of arms and that sort of thing, but if you should ever have one made I bid you blazon on it a bulldog rampant, with a collar mark-ed 'Never say die!'" in circulation than notes, might similar-

A BOON AND A BLESSING TO MAN-KIND.

The Life of a Dyspeptic one of Constant Misery-One Who Has Suffered From Its pangs Points the Way to Renewed Health.

From the Cornwall Freeholder. The life of a dyspeptic is proverbially a miserable one, eliciting universal commiseration. Not so much because of the actual painfulness of the ailment, but largely because it all the concerns of life, and here they sit like a deadly incubus upon every enterprise. An impaired digestion gives rise to an irritability that exposes the person to much annoyance, besides being extremely trying upon others. We are all aware of the value of cheerfulness in life. It is a flower of the rarest worth and strongest attractions. It is a tonio to the sick and a disinfectant to the healthy. Those things that destroy a man's habitual cheerfulness, lessen his usefulness, and ought therefore to be resisted by some drastic and efficient remedy. The duties that devolve upon the average man and woman are invested in so much difficulty as to put a premium on hopefulness. The relation between the prevailing moods of the mind, and the health of the digestive apparatus is close and vital. Hence it is not surprising that many would-be-benefactors have caught the patronage of sufferers from indigestion. Judging by results, Dr. Williams' Pink Pills is a remedy unique in its success, therefore it is confidently recommended as a safe and adequate cure for acute dyspepsia. This claim is substantiated by experience as the following facts will show.

Mrs. D. McCrimmon, of Williamstown, Glengarry Co., suffered untold misery from a severe attack of dyspepsia, which manifested itself in those many unpleasant ways for which dyspepsia is notorious. Every attempt to tion, I made personal inquiries from 25 His medicine was taken and his directions followed, but unfortunately three lease of life gained. months of the treatment brought no mon expressed her intention of trying Dr. Williams' Pink Pills the doctor laughed and held the thought in derision. However Mrs. McCrimmon decided she could not afford to leave untried such a well recommended remedy as Dr. Williams' Pink Pills. Hence she took a course of this medicine, which after a fair trial was eminently successful. From being only able to "Well, now that you are back, you take stale bread and milk or soda biscuits, she became able to take a hearty selves after every meal. It only remains to be said that Mrs. McCrim-

ANTISEPTIC QUALITIES OF COINS.

It is a well-known fact that paper to spread contagious diseases. It is also supposed that coins, which are more and investigations in that direction were made at the Vienna University servations was recently published by Dr. Vincent in the Vienna "Medical Gazette," in which he states that metals, act, so to speak, as antiseptics in regard to bacteria, or microbes, the A strange vehicle, called a cycle chair, fact being that these microscopic organisms have but a very short lease of life while on metals. The destroying influences of metals increases with ferent in this respect, silver being the most antiseptic and gold the least. Copper and bronze hold about the middle between the two more precious me-

VAGABONDS OF SIBERIA.

In many parts of Siberia there wander about from village to village numbers of men and women who are known as "vagabonds." These are Russians and Poles-people who have either themselves been sent to Siberia, or are the descendants of criminals or outlaws. These "vagabonds" are passportless people, over whom the police cannot exercise any very effective control. They are now to be collected and compulsorily settled in small colonies in those parts of Siberia where the climate conditions most favor agricultural labor. The scheme, it is believed, has the hearty support of the Czar, who is prepared to devote large sums who is prepared to devote large sums from his private means to further its at right prices.
