HELPLESS FOR A YEAR.

Bewed Down With Rheumatism and Sciatica.

From the Post, Sackville, N.B.

Records like the following carry conviction with them, and in a practical sense it might be said that this is still the age of miracles, Mr. Edward Downey, of Maccan, N.B., says:-"I have been a resident of Cumberland Co., some years. I have been a great sufferer from upwards of ten years with sciatic rheumatism. I was tortured with severe pains which at times would become almost unbearable, and I think I suffered almost everything a man can suffer and live. I was so crippled that I could not work and part of the time was not able to even move about. I became so weak, and my system so run down that I despaired of ever getting better. My case was an almost hopeless one, and as I had abandoned work I was almost helpless for over a year. I heard of Dr. Williams' Pink Pills and I was induced to at least give them a trial. In a short time I began to recover and the agonizing pains left my back and limbs, so that I was enabled to walk out of doors. Before I had used more than half a dozen boxes I was almost entirely well and could do a a hard day's work. I had a good appetite and began to gain flesh and feel like a new man. I am free from aches and pains and have Dr. Williams' Pink Pills to thank for it all." The reporter could not help feeling that Mr. Downey's case was a striking one, as he now presents a stout well built figure, straight limed and as smart in his movements as a young man of

ANTIQUITY OF THE ROSE.

The antiquity of the rose is so great that all account of its origin has been lost. His urine was scanty, painful to pass and loaded

ONTARIO.

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and he a churlish husband who would grudge the few cents which it costs.

If your grocer sends you anything in place of SAPOLIO, send it back and insist upon having just what you ordered. SAPOLIO always gives satisfaction. On floors, tables, and painted work it acts like a charm. For scouring pots, pans, and metals it has no equal. Everything shines after it, and even the children delight in using it in their attempts to help around the house.

Grocers often substitute cheaper goods for SAPOLIO to make a bester profit. Send back such articles and insist on having just what you ordered
