

Kidney Trouble Cured.

A WELL-KNOWN HOTEL-KEEPER RELATES HIS EXPERIENCE.

He Suffered Greatly from Kidney Trouble and Indigestion—He Declared for a Long Time Without Getting Any Relief. From the Standard, Cornwall.

The march of the world's progress is forced, protracted and continuous, the competition for supremacy is keen. The man of business must keep rank if he would secure any covetable measure of success. The watchfulness, vigilance and thought involved in modern superintendency produces a severe strain on the physical and mental powers of modern business men, and exposes them to the attacks of certain diseases. Considering that much depends on health in this struggle, it behooves those who would be victorious, to guard against the first approach of disease. Neglect of early adjustment of digestive and kidney disorders is often fraught with dire results, added to this is the unparelleled trifling with health by experimenting with all manner of worthless decoctions. It is simply invaluable to make the acquaintance of a safe and effective remedy such as Dr. Williams' Pink Pills. James Macpherson, hotel keeper in the village of Lancaster, Glengarry county, has done business for a number of years in Lancaster, and having successfully catered for the patronage of the travelling public therefore is favorably known not only at home but also abroad. In conversation with a newspaper reporter he enumerated some of his ailments and how he was cured. About two years ago he said, "my whole digestive apparatus seemed to become disordered. Some days I could move around, then again I would be obliged to go to bed. I tried several things but with indifferent success. Occasionally I felt relieved, but in a day or two the old symptoms would return with a more depressing effect. This kind of thing went on until I became troubled with my kidneys, which was a very annoying addition to my sufferings. I was restless, with a sensation of sickness at the stomach, with intermittent pain in the small of my back. I was miserable enough when I consulted the doctor who probably did me some good, because I felt relieved. The doctor's medicine was taken and his directions obeyed, but I did not improve. I had heard of the fame of Dr. Williams' Pink Pills. My wife believed in them and urged me to try them. I am glad I did so, for after taking one box I felt better, and I continued taking the pills until I was completely cured. This summer I had an attack of the same complaints and I found Dr. Williams' Pink Pills as effective as before, I had this advantage, my knowledge and belief in the pills saved me from costly and tedious experimenting such as I had undergone previously. I may further add that both myself and Mrs. Macpherson have derived much benefit from the use of Dr. Williams' Pink Pills, and I can cordially recommend them to those who are suffering similarly."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

A TIRRED HUSBAND.

Socratoots—Mrs. Primpas calls her husband her Little Pneumatic Tire.
Spats—She must love him dearly.
Socratoots—I don't think so.
Spats—Isn't it because he makes her path smooth?
Socratoots—No; because she's always blowing him up.

Dr. Andres, Beaver Hall, Montreal, writes: "For burns and sores it is really far better than any remedy I know of; it is mild and safe to use, and it makes a splendid plaster. Where an Anodyne is required, and when Aconite or Belladonna might be dangerous, a 'Quickcure' plaster gives relief in fifteen minutes."

NO REAL DIFFERENCE.

Bishop Wilberforce was a keen sportsman by inclination, and one fine day, when on a visit at a ducal seat, was persuaded to join a shooting party. His grace's head keeper was a Scotchman and a Presbyterian, and the bishop tried to engage him in a friendly chat; but finding the keeper's replies were short and reserved, he said: "I suppose, Grant, you think a bishop ought not to go out shooting?" "Well, my lord," said the Scot frankly, "I doubt ye'll find no warrant for it in the Scripture." Did ye ever read of the apostles going out shooting?" "No, true, replied the bishop. They had no game in Palestine in those days; they went out fishing instead."

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure yet known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, setting directly upon the blood and mucous surfaces of the system. It cures, and cures the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

LUCKY DOG.

Are you taking pains with your professional work, Chumpley?
No! Never have had an ache or pain in my life.

Brown—"I see that the seal question has come up again." Jones—"Oh, yes! My wife notified me last night that she must have a complete sealskin outfit next winter."

A SHERREWED MERCHANT.

We can't afford to go through this world with gloomy faces.
Not much we can't; if we do we make our creditors think we are getting ready to fail, and they will jump on us.

Dr. Holford-Walker, now so widely known as the physician of Rotherham House, Isabella street, Toronto, his private hospital for the treatment of diseases of the nervous system, surgical diseases of women, rheumatism and diseases of the heart, has just returned from a three months' visit to the continent and England, spending three weeks in Nantheim, Germany, studying Dr. Schott's method for the treatment of the various forms of heart disease. While in London he investigated the Tallerman dry hot air cylinder method, by which means the various forms of rheumatism, even to rheumatoid arthritis, are now very quickly cured; and has secured a cylinder in order to carry out this successful method in his hospital. Dr. Holford-Walker who has always kept well abreast of the times in new advances in his profession has evidently kept his eyes open when abroad in the interests of his patients, while at the same time enjoying with Mrs. Holford-Walker a well-earned holiday.

TREATMENT OF SKIN DISEASES IN BELLEVUE HOSPITAL, NEW YORK

Professor Joseph N. Henry, M. D., lecturer on Dermatology, Bellevue Hospital, New York, writes: "I have used 'Pheno-Banum,' 'Quickcure,' in chronic skin disease; namely, Psoriasis, and obstinate ulceration of the leg, due to varicositas; and also in suppurative dermatitis. I have found it to be of marked service, and consider it a very good preparation."

NOT NECESSARY.

"I have just had a note from Willie's teacher, said Mrs. Parvenu, and she says that he is very deficient in spelling.
What in thunder is he studying spelling for? demanded Mr. Parvenu angrily. Does his teacher mean to insinuate that he won't be rich enough to hire a typewriter?"

POISONOUS PLASTERS.

Plasters that contain the powerful poisons Aconite or Belladonna should be used only when your physician permits, as your system might be poisoned by absorption of the drugs. Doctors now use plasters made with 'Quickcure' spread on cotton flannel, linen or cotton, which give more prompt relief from pain than any known means; the effect is almost beyond belief.

BOUND TO HAVE IT.

A small boy, the Rev. Dr. Lambuth relates, teased his father for a watch till he was forbidden to mention the matter again. At family prayers next morning, when asked for his Scripture verse, the youngster repeated, 'What I say unto you, I say unto all—watch.'

IN NOVA SCOTIA. ANOTHER TRIUMPH

The Case of John S. Morgan of Bridgewater.

PROMINENT BUSINESS MAN

His Testimony Right to the Point—Cured by Dodd's Kidney Pills.

Bridgewater, N.S. (Special).—No business man is better or more favorably known in this part of Nova Scotia than Mr. John S. Morgan, tinsmith of this town. For eighteen years he suffered from one stage to another in the progress of kidney disease, but without help until he got hold of Dodd's Kidney Pills. He tells the story in his own words, and says:—"I commenced with backache about eighteen years ago, with lameness, and pains in my limbs."
"I was under the doctor's care several times, and took several remedies aside from doctor's medicine, but gradually came to be badly crippled up."
"In the autumn of ninety-four I began to run down in flesh and strength rapidly until I was about forty pounds under my usual weight."
"I was then in constant misery, from rheumatic pain and the dread of passing urine which was of a very dark color and caused me the most intense misery."
"I realized my danger but from something I read about Dodd's Kidney Pills I made up my mind to use them, and commenced at once."
"I have used twenty boxes, have regained my weight and I am now as strong and well as ever before in my life."
"When I commenced using Dodd's Kidney Pills I was entirely unfit for the duties or enjoyments of life and they have saved and prolonged it. I trust my testimony may be the means of doing good to others."

A DIFFERENCE.

I love to see her parted lips,
I love her pearly teeth,
I love to see her dainty tongue
Within its ruby sheath;
But, ah, there is a difference like
The one 'twixt night and dawn—
For when I tell my love to her
I hate to see her yawn.

Every druggist in the city of Quebec, without exception, testifies to the universal satisfaction expressed by their customers, as to the merits of 'Quickcure' for all kinds of pain.

A VISIT OF CONGRATULATION.

What a lovely bouquet!
Yes; I'm taking it to Mrs. Wells, as this is her birthday.
But I thought you were not on very good terms with her now.
Neither I am, but this is her fortieth birthday, and she knows I am the only one who knows it.

EXTRACT FROM EDITORIAL IN "DOMINION DENTAL JOURNAL."

Since the article appeared by Dr. Levers in the last issue, a large number of testimonials from outside and impartial sources have been sent to us as to the value of 'Quickcure.' Eminent physicians express the same opinion from practical experience in its use in boils and wounds. We have had practical proof of its value in a burn, and repeated experience in its efficacy in exposed pulps, and various pathological conditions of the gums and the mouth. Dr. Levers, of Quebec city, for over eleven years had such invariable success with his preparation, that he had little trouble to persuade many of his colleagues experiment in the same direction, and the general consensus of professional opinion has been decidedly in its favor."

Messrs. McKellar & Gilroy, of Alvington, Friday shipped 400 head of cattle, averaging in weight from 1,400 to 1,500 pounds, via Montreal, and consigned to the English markets. One steer weighed 2,165 pounds and \$105 was paid for him.

TOO MUCH.

And were the concluding words of the professor's lecture to the medical students, do not promise too much. I know a physician of real ability who promised a patient whose legs he had just amputated, that he would have him on his feet within two weeks.

William Lee, Esq., Mayor of Parish of Quebec, writes: "I have used 'Quickcure' for most painful rheumatism and got almost instant relief, and the pain has not returned since last Spring; it also healed a wound caused by a rusty nail in a marvellous manner. I consider it the healing remedy of the age. We do not fear even toothache now, as we always keep 'Quickcure' on hand."

ADAMS' GINGER BEER.

RECIPE.
Adams' Extract One bottle.
Fleischmann's Yeast One half to one cake
Sugar Two pounds
Cream of Tartar One half ounce
Lukewarm Water Two gallons
Dissolve the water, cream of tartar and yeast in the water, add the extract and bottle; place in a warm place for twenty-four hours until it ferments, then place on ice, when it will open sparkling and delicious. The ginger beer can be obtained in all drug and grocery stores in 10 cent bottles to make two gallons.

Mrs. Cums—"Your husband dresses very quietly." Mrs. Cawker—"Does he? You ought to hear him when he can't find his collars or his cuff-buttons become mislaid."

Mrs. R. H. Smith, wife of President Quebec Bank, writes: "'Quickcure' stopped toothache and its use prevented any further trouble during a trip to Europe and back."

"What do you regard as the most important event of the century?" asked the philosopher. "Well," answered the wheelman, "the finish is about as satisfactory as any part of the run."

Mrs. E. B. Garneau, wife of President Quebec Board of Trade, writes: "'Quickcure' has always given instant relief to my children."

A REAL LUXURY!

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and he a churlish husband who would grudge the few cents which it costs.

If your grocer sends you anything in place of SAPOLIO, send it back and insist upon having just what you ordered. SAPOLIO always gives satisfaction. On floors, tables, and painted work it acts like a charm. For scouring pots, pans, and metals it has no equal. Everything shines after it, and even the children delight in using it in their attempts to help around the house.

As Grocers often substitute cheaper goods for SAPOLIO to make a better profit. Send back such articles and insist on having just what you ordered.

Standard Dictionary

OF THE ENGLISH LANGUAGE,

It is incomparably the greatest, as it is positively the latest, most complete, and most authoritative, new dictionary in existence. It is everywhere the standard.
ENTIRELY NEW . . . It is not a reprint, rehash, or revision of any other work, but is the result of the steady labor for five years of over twelve scores of the most eminent and authoritative scholars and specialists in the world. Nearly 100 of the leading universities, colleges, and scientific institutions of the world were represented on the editorial staff; 20 United States Government experts were also on the editorial staff. Over \$500,000 were actually expended in its production before a single complete copy was ready for the market. Never was any dictionary welcomed with such great enthusiasm the world over. As the St. James's Budget, London, declares: "It is the admiration of Literary England. . . . It should be the pride of Literary America." The highest praise has come from all the great American and British newspapers, reviews, universities, and colleges, as well as all classes of intelligent men and women everywhere.
