Two Tins Horseshoe Salmon for 25c. The Red Store.

DENTAL NOTICE.—Dr. F. A. Walters, dentist, Lindsay, will be at Twomey's hotel, Fenelon Falls, on Tuesday next, December 14th.

A FREE LECTURE ON SCIENTIFIC COOKING.—Miss L. Burnham (Medalist and Graduate of the Toronto School of Cookery) will hold classes in Fenelon Falls after Christmas if a sufficient number of ladies will consent to avail themselves of the opportunity of learning to cook in a Scientific and Hygienic manner. She will give a free lecture on Food, and demonstrate by cooking it in the presence of the audience, in Dickson's hall on Monday evening, December 13th, at 7.30, to which all ladies are cordially invited. N. B.—Bring paper, pencil and spoons.

WILL BE HERE.—Edison's wonderful invention, the "Vitascope," will be on exhibition in Dickson's hall on the evenings of Tuesday and Wednesday of next week, and everybody who can spare the price of admission—25 cents for adults and 15 cents for children—should go and see it. We don't know how better to describe it than to say that it shows moving pictures, and is one of the most extraordinary products of Mr. Edison's genius. Programmes giving full particulars have been distributed throughout the village, and will, we feel sure, attract a large audience as the hall can conveniently hold.

A Sunderland lady writes Dr. Neelands that he had made her a successful fit after having eight sets of teeth made in Toronto and elsewhere.—431f

WARNING.—On Thursday of last week Colonel Deacon, County Police Magistrate, came to the Falls, accompanied by the Inspector of cheese factories and two Lindsay lawyers, to try a Verulam farmer charged with having skimmed or watered some of the milk sent by him to the Red Rock factory during the past season. As he acknowledged the offence, and paid the pecuniary penalty without the formality of a trial, we do not publish his name, which is well enough known to the parties interested—the patrons of the factory. As the lowest penalty is \$20 and the costs were not much, if any, less than \$10, he is worse off, even if he is indifferent to the odium of his position, than if he had not indulged in crookedness; and it is to be hoped that his fate will be a warning to other farmers not to attempt to make money by illegal means.

In a certain Ayrshire town there is a couple who find it very difficult to get joined in the holy bonds, etc. The would-be groom is 96 years of age and his sweetheart 85. Both the Established and Free Church ministers have refused to officiate—one of them giving the man a good deal of advice. On a fine afternoon the aged couple may be seen taking a constitutional arm in arm together.
