

rie, have each purchased a windmill of the same make, but smaller than the one at the Falls, and Mr. Robson expects two more in a few days. They will soon be seen upon many farms, as they are cheap and durable, and will run various kinds of machines at a nominal expense.

**ACCIDENT.**—On Wednesday of last week Mr. Wm. McKee, one of the employees in the lumber yard at the red mill, met with an accident that will lay him up for some time, which, as he is a poor man, will be a great hardship. While handling a board he by some means tripped and fell, and his right arm striking one of the rails of the track, the larger of the two bones between the elbow and the wrist was broken. Dr. Wilson set the fracture and put it into splints, and Mr. McKee is now going around with his arm in a sling, looking as depressed as a man who needs money and is earning none naturally looks, though, after the first few days, he suffered but little pain.

A Sunderland lady writes Dr. Neelands that he had made her a successful fit after having eight sets of teeth made in Toronto and elsewhere.—431f

**MYSTERIOUS DISAPPEARANCE.**—Mr. J. H. McNally, who returned a few days ago from Desbarats, Algoma, Ont., where he has purchased a sawmill, was to have left the Falls with his family this (Thursday) morning, but was prevented from going by the mysterious disappearance of an article of wearing apparel without which no man is willing to travel, especially when accompanied by his wife or any other lady. Mr. McNally brought no clothing with him except the suit he was wearing, and on Wednesday evening, while moving his goods to the station, he took off his coat, in order to work more comfortably. Whether he hung it on the fence or laid it on the ground at his residence on Francis street, where he dug up some flowers, or took it off at the railway station, he is not sure, but when he wanted it he couldn't find it, though he took nearly all his chattels out of the box car in which they had been packed, and has not seen it since. Therefore he was compelled to remain at the Falls another day and get a coat made at Mr. Townley's. When he took off the one he has lost, he fortunately removed a roll of bills amounting to \$250 from the breast pocket. It is possible that some dishonest person knew or suspected it was there, and stole the coat in the expectation of getting a wad of money.

**A GOOD LECTURE.**—St. James's church was filled to its utmost capacity on Tuesday evening by an audience assembled to hear Mr. Maurice J. Goodheart's lecture on "The Jew's Life in Russia," which was fully up to their expectations and exceedingly interesting. Mr. Goodheart was a Russian Jew, but has been converted to Christianity, and is now lecturing to raise money to keep him while pursuing his studies at Wycliffe College, Toronto, with the intention of becoming a missionary amongst the Jews in far off lands. He speaks English fluently and grammatically, though with a foreign accent, and his lecture was enlivened with numerous touches of humor that moved his audience to hearty laughter. Canadians who think they have hard times will be forced to admit that they are grumbling without cause when they hear the conditions of life in the dominions of the Czar. Mr. Goodheart and some companions escaped from Russia by swimming, at night, the canal that divides, at one point, that country from Germany, after dodging the sentries posted at short distances apart on the Russian side. We are glad to hear that there is a probability of Mr. Goodheart paying another visit to Fenelon Falls.
