BINDER TWINE.

FARMERS! If you want your Binder Twine to be

**GOOD,
RELIABLE,
CHEAP,**

leave your order with

Thos. Robson.

The Fenelon Falls Gazette.

Friday, April 17th, 1903.

Sir Oliver Mowat Dying.

We are sorry to learn, from Thursday's *Globe*, that the death of Sir Oliver Mowat, Ontario's "Grand Old Man," may occur at any moment—if, indeed, he is still alive. While being helped into bed at the Government House on Sunday night, one of his thigh bones was broken, an accident which a young, or even elderly, man might soon recover from; but His Honor, the Lieutenant-Governor, is in his eighty-third year, and it soon became evident that the shock would prove fatal. For a time he appeared to be doing well, but on Wednesday night his physicians discovered signs of a collapse, and the members of his family were hastily summoned to his bedside. At the time the *Globe* went to press his condition was so grave that he was hardly expected to live until morning.

The By-Law Question.

In last week's *Gazette* we stated that in this week's issue we would give our reasons for believing that By-Law No. 428 ought to be carried; but Dr. Gould and another member of the council have, in communications to be found in another column, said pretty much what we intended to say; and, until last week's paper was on the press, we knew nothing of the meeting to be held to-night, an announcement of which was squeezed in at the end of our few editorial remarks. We shall vote for the by-law because we consider it advisable for the corporation to make the purchase, develop the water-power of which it will become possessed, and inaugurate a better system of fire protection than we have at present. The whole sum of \$75,000 is not to be borrowed at once, but in three instalments at intervals of, it may be, several years; and if Dr. Gould's figures and estimates be correct, which we have no reason to doubt, the first incurred debt of \$35,000 will not only add nothing to our taxes, but will give a surplus of a few hundred dollars. One reason alleged by the opponents of the by-law for voting against it is that a much better purchase could have been made years ago, though we have heard it denied that any *bona fide* binding offer was ever made by the executors of the Smith estate to the corporation; but supposing the allegation to be true, it must be remembered that, until comparatively recently, the only way of using water power was by taking it "off the wheel," which made it necessary for the industries run by it to be located near the falls, which is not now the case. There is in this issue a third communication, signed "The Other Side," the tone and spirit of which we do not like. It is every man's privilege to form and advocate, either verbally or in print, an opinion upon any subject; but it is not—or, if it is, it oughtn't to be—his privilege to attribute sinister motives to all whose opinions differ from his own. What "The Other Side" says would be all right enough, were it not for a covert insinuation that the projected purchase is, so to speak, a "put up job," a sort of conspiracy to load Messrs. McDougall, Brandon & Austin's property upon the village, and that, with that end in view, they have been guilty of misrepresentations and deceptions at which others—presumably members of the council—have connived. The writer's questions are all perfectly legitimate, and will have to be answered. We could answer nearly all of them, but it is unnecessary, as it will be fully done at to-night's meeting, which it is the duty of everyone who has a vote upon the by-law to attend.

Personals.

Mr. and Mrs. Thomas Sadler Jr., and the baby, spent Easter at Lindsay.

Rev. James Fraser, of Vaukleck Hill, was at the Falls from Friday until Tuesday.

Miss Teenie Campbell left on Tuesday for an extended visit to friends at Toronto.

Miss Eva Brokenshire went home to Woodville on Friday and returned on Tuesday.

Mr. George A. Jordan, of Lindsay, was at the Falls from Saturday until Monday.

Miss Flossie Smitheram went to Toronto on the 9th inst. and returned on Wednesday.

Mrs. F. C. Hare, of Ottawa, is at the Falls visiting her parents, Dr. and Mrs. Wilson.

Mr. Alvin Gould came home on Monday from the Ontario College of Pharmacy, Toronto.

Mrs. La Folly (nee Wallace) of Omeenee, is visiting her mother and brothers at the Falls.

Mrs. Robert J. Graham of Kinmount, was at her old home at the Falls from Friday until Monday.

Mr. Blake Junkin and family have moved from town to Mr. Edward English's farm in Fenelon.

Miss Vina Edlis was on a visit to relatives at Toronto from Thursday of last week until Tuesday.

Mrs. Caldwell, of Bracebridge, has been at the Falls since Friday, visiting her sister, Mrs. Fred Cullon.

Mr. Walter Metcalfe, of Mariposa, was at the Falls, visiting his relatives, from Saturday until Monday.

Mr. Will Junkin, of the Ontario Bank, Lindsay, was home for a day or two at the beginning of the week.

Mrs. Dr. Wilson returned home on Saturday from Toronto and Whitby, accompanied by her daughter Lillian.

Mr. and Mrs. Thomas Robson were visiting relatives in Lindsay from Thursday of last week until Wednesday.

Mr. and Mrs. Edwin Wood and Mr. John T. Thompson Jr. spent Easter Sunday at Mr. William Wood's at Fell's Station.

Mr. N. Thompson, of Washago, father of Mrs. Fred Cullon, was at the Falls from Thursday of last week until Saturday.

Powles' Corner.

(Correspondence of the Gazette.)

Mrs. Robert Cooper, of Lindsay, spent a week visiting relatives here.

Miss Clara Powles accompanied her on her return last Tuesday, and will spend a week in Lindsay.

Miss Jennie Knox is visiting relatives in Lindsay.

Mr. M. Day and his brother David arrived safely at their destination in the North-west. They were one week on the way.

We copy the following from the *Farm Journal of Philadelphia*: "An editor who runs a Notes and Queries column received the following: 'What ails my hens? Every morning I find two or three lying on their backs, toes curled up, never to rise again.' The editor replied as follows: 'Your hens are dead.'"

APPOINTMENT.—We understand that Mr. F. A. McDiarmid has been appointed solicitor to the Bank of British North America in this village.

CHURCH NOTICE.—The Rev. John Garbutt will occupy his own pulpit next Sabbath, both morning and evening. In the evening he will preach the second sermon on the life of Jacob.

WORTH ASKING FOR.—The Bank of British North America has issued a neat little booklet, free on application, giving useful information in connection with banking.

The Agonizing Pains of Rheumatism.

Swollen, aching joints, muscles are stiff and sore, every movement accompanied by pain. The most potent remedy is Polson's Nerviline, which has five times the pain-subduing power of any other preparation. Apply the Nerviline copiously, rub it on well and then bind in a hot flannel bandage. This will cure the worst cases in a short time. Try Nerviline for Rheumatism, Neuralgia, Sciatica or Lumbago—it's all right and only costs a quarter. Sold by W. H. Robson.

THE FIRST LOCKAGE.—The steamer *Alexandra* was the first boat for which our locks were opened this season. She arrived up the river about 6 p. m. on Monday, but made slow progress, as she had a heavy tow of boom timber behind her.

CORRECTION.—The correspondent at Fairview stated in last week's *Gazette* that Mr. Levely and family had moved to Blythe farm, whereas he has moved to the farm opposite, owned by Mr. John Brandon. Blythe farm is in Fenelon township, owned by Mr. John Graham; so henceforth, let there be no mistake, as there is only one Blythe farm in the County of Victoria.

Turning Down the Doctors.

The marvellous cures of Catarrhoxone are being much talked about. Thousands are daily recognizing the exceptional merit of this simple inhaler treatment, and instead of running to the doctor with their winter ills they protect themselves by Catarrhoxone; it kills colds in the head in ten minutes; quickly relieves Catarrh, Bronchitis, Asthma, Lung Troubles, and cures even though all other remedies have failed. Catarrhoxone is very pleasant, safe and convenient to use. Its best recommendation is its enormous sale; try it to-day. Price \$1, small size 25c, at Druggists. Sold by W. H. Robson.

ACCIDENT.—On Tuesday last, in De-Cew & Sons' stove factory, Mr. Herbert Raby kicked, with his left foot, at some small blocks of wood that were lying close to a saw, and unfortunately kicked too carelessly. The result was that the saw cut through his boot and inflicted a gash two inches long at the base of his great toe. He went to Dr. Wilson, who dressed the wound, after putting in three stitches.

DISAPPOINTED.—Rev. R. MacNamara, pastor of St. James' Church, left for Winona on Wednesday, having handed in his resignation after a residence here of almost exactly a year. Why he got dissatisfied we do not positively know, and therefore say nothing about it. We, and we believe, every other member of the congregation, not only hoped, but expected, that he would remain until the new church which he was instrumental in erecting should be nearly, if not entirely, free from debt; and those who have entertained that hope and expectation feel very much disappointed.

Some Results of Impure Blood.

A blotched, pimply, disfigured face, feeling of exhaustion, wracked nerves, headache and a dull brain. The proper cure is one Ferrozone Tablet after each meal. Ferrozone clears and beautifies the complexion by making rich, pure blood. It restores the enfeebled brain and unstrung nerves to a healthy, vigorous condition. It invigorates all the physical and mental powers, and brings strength and ambition to the depressed. Refuse a substitute for Ferrozone—it's the best tonic, re-builder and invigorator known. Price 50c. at druggists or Polson & Co., Kingston, Ont. Sold by W. H. Robson.

IT WAS GOOD.—The entertainment given in the basement of the Methodist church on the evening of the 9th inst. was a very good one and was well attended; but we can afford neither time nor space to do more than just mention it. There was excellent music by the orchestra, some good singing and three or four little plays (if we dare call them that) in which the "boys" and young ladies who took the different parts acquitted themselves admirably. A very long recitation, "The Convict's Escape," by Mr. Horton, was much applauded. Lemon pie, cakes, coffee, etc., were served at the close of the entertainment, and were disposed of with great celerity.

HOW ARE YOUR KIDNEYS?

THIS SIMPLE TEST WILL TELL.

If any of your family have been troubled with kidney disease, make a test of the urine, and satisfy yourself whether you need a food remedy before the disease has caused serious complications. To-morrow morning put some urine in a glass or bottle and let it stand for twenty-four hours. If it shows particles or germs floating about, is milky or cloudy, or contains a reddish sediment, then your kidneys are diseased. Commence at once to take Ferrozone to arrest these unnatural conditions. Ferrozone is especially intended for the immediate relief and cure of kidney and bladder troubles, and its health-giving, strengthening properties will be felt at once in new, pure blood, healthy circulation, good color, increased vigor and a general strengthening of the system. Ferrozone quickly corrects urinary disorders, headache, and pain in the back. It improves the appetite, digests the food, and makes it nourish the nerves, makes them strong and enduring, and fits one for lots of hard work. Don't be misled by cheap, so-called kidney cures offered by dealers for the sake of extra profits. There is only one safe and reliable specific for Kidney, Bladder, Liver and urinary troubles, and its name is Ferrozone. Refuse point blank to accept a substitute, and insist on your druggist supplying the genuine Ferrozone; it is the best. Price 50c. per box, or three boxes for \$1.25. At all druggists, or by mail from N. C. Polson & Co., Kingston, Ont.

CORRESPONDENCE.

Municipal Ownership.

Editor *Gazette*,
Will you kindly allow space for the following statements re purchase of the mill, lighting plant and water power by the village for \$35,000?

How can the money be raised?
By the issue of 4 per cent. debentures, which we believe can be sold at sufficient premium to pay all the working expense and leave a working surplus.

What will the revenue be?
The mill can be rented at \$1,200 per year and taxes on an assessment of \$6,000.

The present income from the electric light plant is over \$2,100.

The mill may be rented for more than \$1,200 per year if a satisfactory tenant can be secured.

The income from electric light may be increased, by adopting the metre system or charging only for the amount of electric current used.

What will be the probable expense?
