

"hefty" load, we wondered whether the buggy, which was as old as well as a light one, would get home without breaking down; but it probably did, or we should most likely have heard of it.

**Poor Girl, Pity Her.**

Growing? Yes, into weakness, but not strength. Studies—plenty of them. Tired, of course she is, and weak too. Does not eat enough, and digests far less than enough. This condition is so frequent, but how seldom noticed even by fond parents. Give her Ferrozone, then watch her appetite improve, her cheeks and lips grow ruddy, her step elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood, and thereby strengthening the nerve and brain power. Ferrozone gives a woman's strength to weak girls. Your daughter or wife needs Ferrozone. Get it to-day.

**A "PUBLIC OWNERSHIP" BOAT.**—We see by a communication in the *Post* that the owners of the cottages at Sturgeon Point are thinking of building a steamer to ply between the Point and Lindsay, as they are dissatisfied with the rates charged by the T. V. N. Co. and the slowness of their boats. Season tickets, which at first were only \$8, have been raised to \$15, with baggage extra, and it still takes from 1 1/2 to 2 hours to travel the nine miles. The cottagers have the plan of a boat that can be built and equipped for \$5 000, will afford ample accommodation, and will be guaranteed to make the distance in from five to ten minutes less than an hour. It is said that two years ago the *Esturion* made over \$3,000; and if the statement means that she made that amount over and above running expenses, depreciation in value and insurance, it is no wonder that the Sturgeon Pointers are getting dissatisfied and figuring out whether they cannot save money by having a boat of their own. Public ownership of other things as well as boats is in the air, and it is a step in the direction of Socialism, when all the appliances of production and distribution will be in the hands of and owned by the whole people.

**TAX THE CATS**—Anybody is at liberty to keep as many dogs as he can afford to feed, or as can find feed for themselves, provided he pays the tax imposed upon them. If he do not pay, his bow-wows are in danger of death by violence, and we see that Peterborough's boss policeman has been provided with a double-barrelled gun, with which to shoot all tagless dogs found running on the streets. Why are cats not taxed as well as dogs? Shakespeare wrote of the "harmless, necessary cat," but what might might have been true before the age of invention is not true now. Cats are no longer necessary, as two or three five-cent traps will clear any house of mice, and rats can be got rid of by the same means. As for the cats' "harmlessness," look at the way in which they are everlastingly sneaking after birds; and that is why we object to them, and would like to see their number reduced by taxation. There are two or three horrible feline monsters always prowling around our premises, and how many robins, wrens and other birds they kill during a summer we don't know, but the number must be very considerable. It is against the law to destroy or capture any kind of insectivorous birds, and why should cats be allowed a privilege denied to human beings? And why should any person be permitted to keep a useless and mischievous animal, and let it run at large to be a nuisance to his neighbors?

**Tiredness, Lassitude, Head-ache.**

**DANGER SIGNALS OF SPRING SICKNESS.** Only the very robust can maintain health and vigor if deprived of the quickening influences of fresh air and sunshine. Canadian winters are so severe that many are compelled to abandon outdoor exercise. The result is that body and mind soon become less active, vigor decays, sleep fails to bring rest, the brain grows weary. An ever-increasing tiredness rapidly develops into positive weariness. These symptoms of impending weakness signify danger. Lack of mental and physical power must be overcome. A rebuilding must be started at once with the aid of Ferrozone, which rapidly stimulates all the activities of the body and restores the loss of energy and vigor. The power of Ferrozone lies in its ability to strengthen and purify the blood; to nourish enfeebled organs with digested and assimilated food; to reinforce the nerves and eliminate the debilitating poisons. You will get back your lost appetite and have a beautiful complexion. Head-aches and tiredness will be replaced by a reserve of vitality, thus minimizing any danger from pneumonia, typhoid, humors and other diseases common to this season. The king of all tonics is Ferrozone. It brings health and keeps health. It has no equal, and is the best and largest selling medicine of its kind. That's the result of true merits and lasting cures. Ferrozone cures stomach, liver, kidney and bladder complaints, nervousness, rheumatism and female disorders, and costs only 50c. per box, at all dealers, or by mail from The Ferrozone Company, Kingston, Ont. Ferrozone assures health.

Forest fires are raging in the vicinity of Folger Station and Westbrook Village, north and west of Kingston.

There are twenty-two cases of small-pox in Detroit.

All the railroads in Florida are idle on account of the floods.

Nearly 900 immigrants arrived at Winnipeg on Wednesday, including 710 British.

Nine Aldermen and ex-Aldermen of Saginaw, Mich., were indicted on charges of bribery in connection with various contracts.
