FARMERS! If you want
your Binder Twine to be

**GOOD,
RELIABLE,
CHEAP,**

leave your order with

Thos. Robson.

The Fenelon Falls Gazette.

Friday, June 5th, 1903.

THE TRAIN WILL BE HELD.

The corner stone of the new Anglican church at Burnt River will be laid this (Friday) afternoon at 2 o'clock; and for the convenience of residents of the Falls and its vicinity who wish to witness the ceremony, the regular train, which leaves here at 12:25 p. m., will be held at Burnt River, on its return trip, until 4.30 o'clock. The track runs within a very few rods of the site of the new church. Return tickets are 50 cents. An invitation to be present is extended to everybody.

The Teachers' Convention.

(Continued from last week.)

Mr. Elliot, in his lecture on "Nature Study," made it clear that the Department was not introducing a new subject on the curriculum. Nature study is not a study; it is rather an attitude of the mind towards its surroundings. The purpose of nature study is to train the powers of observation, and reasoning from these observations. Nor need it take up any great extent of time in the schools. It will cultivate a habit of observing. The tendency of bright pupils to become shy and diffident regarding school work is due to the fact that nothing of that nature had been previously introduced. The lecturer then went on to show various lines of study which would be both profitable and interesting to the pupils.

Mr. Stevens' talk on "The Birth-right of every Canadian" struck the proper keynote when he stated that this birthright included: (1) A thorough elementary education, (2) A comfortable school house with comfortable surroundings—proper seats, blackboards, ventilation, lighting, etc., (3) Good example both in school and at home. The speaker took special pains to show how each of the above requirements had its indelible and ineradicable effect on the child's whole future life.

There were four exhibits made at the convention. The Steinberger Hendry Company showed a very large line of maps and school supplies. The E. N. Moyer Co. also showed a line of maps, etc. George N. Morang & Co., Ltd., Toronto, put up a very neat exhibit of first-class books, which would be helpful to a teacher. The International Correspondence Schools had an exhibit of correspondence school supplies, samples of students' work, etc., all of which were very much admired.

Village Court of Revision.

Fenelon Falls, May 29th, 1903.
Council met as Court of Revision; all the members were present and took the necessary declaration as members of Court of Revision.

Moved by Mr. McGee, seconded by Dr. Gould, That Mr. McFarland be chairman.—Carried.

The following appeals were then taken up:

The Rathbun Co.; assessed too high.

Moved by Mr. Austin, seconded by Mr. Martin, That the assessment of the Rathbun Co. be confirmed.—Carried.

Wm. Campbell; assessed too high on personal property.

Moved by Mr. McGee, seconded by Dr. Gould, That Mr. Campbell's assessment be confirmed.—Carried.

Thos. Robson; assessed too high.

Moved by Mr. Austin, seconded by Mr. Martin, That Mr. Robson's assess-
ment be confirmed.—Carried.

Wm. Routley; to be changed.

Moved by Mr. Martin, seconded by Mr. Austin, That Wm. Routley be assessed for lot 112, south of river, as owner, instead of Andrew Tait, at \$50.—Carried.

F. A. Northey; appeal.

Moved by Dr. Gould, seconded by Mr. McGee, That west half 10, south Bond, east Clifton, be struck from the assessment roll, as it is used for church property.—Carried.

The appeal of the Lindsay Light, Heat & Power Co. was thrown out as not being filed in time.

Moved by Dr. Gould, seconded by Mr. Austin, That the Court of Revision be now dissolved and the Roll as amended be confirmed.—Carried.

A communication from Mr. R. J. McLaughlin, in regard to a claim for damages from W. H. Walsh, was laid on the table.

Verulam Council.

Council met at the town hall, Bab-
caygon, on Tuesday, as a Court of Re-
vision. On motion of Messrs. Lewis
and Devitt, Mr. George Brooks took
the chair. There were no appeals: one
was received from Ed. Prescott; too late
for consideration. Jas. Gallagher was
entered on roll for M. F., and the court
adjourned until Monday, June 29th.

Council then entered on general busi-
ness, the reeve, J. B. Hunter, Esq., in
the chair.

The reeve reported that he had seen
Mr. Kennedy in respect to wages owing
to Peter Brodie, deceased, and he did
not feel like paying the full amount of
Brodie's book, \$9.15, because Brodie
had not put in the full time hired for,
and also he had supplied goods not in
Brodie's book.

On motion of Messrs. Lewis and Cap-
stick, the clerk was directed to write
Mr. Kennedy for a statement, and, in
case of refusal or neglect to do so, the
matter be placed in the solicitor's hands
for collection.

Messrs. Brooks and Capstick reported
that satisfactory arrangements had been
arrived at with the friends of Mr. Kelly
as to his keep.

James Seymour applied again regard-
ing work on his quarter line. He would
give his own work and team free. About
25 rods needed repairs badly.

On motion of Messrs. Brooks and
Lewis, a by-law was passed commuting
the statute labor of James Seymour and
G. H. Bick off Wm. Purdy's and Jas.
Kelso's to William's on to quarter line
con. 10, betw'n 20 and 21, for this year.

Andrew Stapler complained that a
portion of the road opposite lot 28; con.
7, was covered with water, and in spring
was flooded about three feet deep for
sometimes a month or six weeks. He
thought the council should take some
action, and build a floating bridge or
drive piles and raise the road.

On motion of Messrs. Capstick and
Hunter, Messrs. J. J. Devitt and Geo.
Brooks were appointed to make exami-
nation on repairing it; and if they de-
cide to repair it or any part of it, they
are empowered to do so.

The reeve moved Mr. Brooks into
the chair and seconded the motion.

On an explanation by C. Brown, the
clerk was, on motion of Messrs. Devitt
and Brooks, instructed to request the
county treasurer to write off the taxes
against the south half of lot 8 and the
east half of lot 7, con. 7.

On motion of Messrs. Brooks and De-
vitt, C. Kelly was granted the privilege
of cutting the timber on line between
lots 20 and 21, con. 6, for \$2, which was
paid forthwith; and the reeve and Mr.
Everson, having valued the timber on
Cook's line, opposite lot 22, at \$5, the
privilege was granted accordingly on
motion of Messrs. Devitt and Capstick.

Richard Warren asked aid towards
building a wharf at Emily creek bridge,
as the council has forbidden the use of
road or bridge by woodmen.

On motion of Messrs. Brooks and
Capstick, the reeve and Mr. Lewis were
appointed to inspect and report.

The treasurer's statement showed
\$809 on hand.

A by-law was passed appointing road
commissioners, and appropriating money.
Requests for repairs on Kelso's hill
and at Mrs. Prescott's, and Wm. Gra-
ham's were referred to commissioners.

Mr. James Akister was, on motion of
Messrs. Devitt and Brooks, appointed to
arbitrate in the matter of removing the
west half of lot 19, con. 3, from present
school section to section 10.

On the application of Mr. A. Knowl-
son, the council agreed, on motion of
Messrs. Lewis and Brooks, to meet on
June 29th and pass a by-law granting
him the use of forty feet of roadway at
Sandy Point, con. 1, for the erection of
a wharf, the public to have free use of
the same.

Mr. Lewis advocated the abolition of
statute labor, the purchase of a stone
crusher, and the making of roads sys-
tematically and permanently.

The reeve thought the Dominion
Government might be memorialized re-

garding the flooding of lands by the
dams, and on motion of Messrs. Lewis
and Capstick the matter was left with
the reeve and clerk, to consult with the
solicitor, and with power to act.

On motion of Messrs. Brooks and
Devitt, Robt. Wilkinson was appointed
to operate the grader on north side of
lake.

The following accounts were passed:
A. Dunsenath, asses-or, \$60; Jos. Tay-
lor, planking etc. for culverts, \$2.75;
D. Hetherington, half cost of culvert on
Bick street, \$9.13; J. J. Thurston, poli-
booth for Referendum, \$3; Independent,
printing, etc., \$44.05.

Council adjourned till June 29th.

Personals:

Mr. Harry Robson left on Tuesday
to visit friends and relatives at Toronto.
Miss Mattie Quigg came from Tor-
onto on Wednesday for a few days' hol-
iday at home.

Mr. Herbert Euley is home from
Toronto, and has charge of Mr. Harry
Robson's drug store during his absence.

Mr. Will Swanton drove to Lindsay
on Sunday, accompanied by Miss Flos-
sie Smitheram and Miss Eva Broken-
shire.

Mrs. Mary Ann Pogue, of Peter-
borough, has been here since Monday,
visiting her daughter, Mrs. Thomas
Smith.

Mrs. E. Sandford returned home on
Tuesday from Toronto, where she had
been under medical treatment for three
or four months.

Rev. John Garbutt left on Monday,
and Mr. Joseph McFarland on Wed-
nesday to attend the Methodist annual
Conference, which is being held this
year at Oshawa, and will last about a
week.

One Minute Cure for Toothache.

Not only for toothache, but any nerve-
pain cured almost instantly by Nerviline.
One drop equals in pain-subduing power
five drops of any other remedy. Thousands
say so. Powerful, penetrating, pain-sub-
duing Nerviline. Marvellous in action for
internal and external use. The world chal-
lenged for its equal. Druggists sell it.
Your money back if it is not so.

BAPTISMAL SERVICE.—A baptismal
service was held in the Baptist church
on Sunday last, and was very largely
attended.

COUNCIL MEETING TO-NIGHT.—The
village council should have held its reg-
ular monthly meeting on Wednesday;
but, owing to the absence of the reeve
and Mr. Martin, it was postponed un-
til this (Friday) evening.

PROMOTION EXAMINATIONS.—The
promotion examinations in the schools
will be held during next week, and the
results will be published in our issue of
the 26th inst. We understand that the
teachers' reports for the term will be
considered in making the promotions,
and that marks are being assigned for
attendance and punctuality.

She's as White as a Ghost.

As pale as a lily. A matter of pride?
Certainly not. Strength! Color! Endur-
ance! That's what every woman wants.
Good digestion, perfect assimilation, buoy-
ancy and vim is the right of every woman.
She need not lack these if she will only
use Ferrozone. It makes blood, gives ap-
petite, gives strength to the nerves, color
to the cheeks, and brightness to the eyes.
A box of Ferrozone tablets is at once trans-
mittable into health, beauty and strength.
There is power in Ferrozone. Try it and
see if it is not so. Sold by all druggists
and medicine dealers.

IT WASN'T HURT.—On Sunday last
a sucking calf on Mr. Richard Byrnell's
farm, in Fenelon, fell into about a foot
and a half of water at the bottom of a
well sunk for a distance of thirty-two
feet through solid rock. When Mr.
Byrnell and two or three assistants had
got the little animal out, they found, to
their surprise and pleasure, that it was
quite unharmed.

OUR NEW MINISTER.—Rev. Mr.
Dickenson, now of Warsaw, has been
appointed to this parish by Bishop
Sweetman, of Toronto. Mr. Dickenson
preached in St. James' church here, and
in St. Peter's, Verulam, on Sunday,
May 17th, and was well liked by both
congregations. We do not know when
he may be expected, but he will no
doubt come as soon as possible.

Deafness is Curable.

Sufferers from impaired hearing will be
glad to know that their affliction is prob-
ably not due to any organic defect in the
ear, but results probably from a thickening
of the lining of the middle ear caused by
catarrhal inflammation. Hundreds of per-
fect recoveries as a result of the inhalation
of Catarrhazone are reported, and on the
highest authority we recommend this treat-
ment to our readers. Catarrhazone quickly
restores lost hearing, and its efficiency is
placed beyond dispute by the case of Mr.
Warren, of Toronto, who recovered perfect
hearing by using Catarrhazone, after years
of deafness. Price \$1. At druggists or
by mail from Polson & Co., Kingston, Ont.

UNFAIR.—Every time the water cart
has been out it has "operated" almost
entirely on Colborne street, which we
and many others consider unfair, as
other streets need sprinkling, too, and
the cart was paid for by the whole pop-
