

Just a Cold in the Head.
 It followed by another cold or some extra exposure, is liable to result in Nasal Catarrh. Unless a radical cure is obtained, the throat, bronchial tubes, and finally the lungs become affected. Nothing cures colds so quickly and pleasantly as Catarrh-ozone. The Inspector of Mines for Nova Scotia, Mr. Neville, says, "Catarrh-ozone is the best remedy I have ever used. It cured me of Catarrh of the head and throat, and I am pleased to recommend such a satisfactory remedy." Catarrh-ozone is a safeguard against colds, coughs and catarrh. It can be used while at work, in the church, theatre or street cars. Simply inhale Catarrh-ozone and it cures. Price \$1, small size 25c. Druggists or Polson & Co., Kingston, Ont.

THE GLORIOUS TWELFTH.—Though there was a big Dominion day celebration in Lindsay on Wednesday, and one on a smaller scale at Burnt River, there was none here. There will be a great day here on the 13th—a week from next Monday—the 12th falling this year upon Sunday. The village and surrounding country have been placarded with two hundred large posters, and should the weather prove at all favorable, there will be a tremendous crowd in town. There will be lots of eating and drinking, and plenty of speaking too, as Col. Sam Hughes, M. P., J. H. McConnell, of Windsor, Dr. Wood, of Kirkfield, Charles Fairbairn, ex-M. P., of Verulam, County Master Cottingham, J. H. Carnegie, Hon. J. R. Stratton, Mr. John Austin and the resident ministers have been invited to address the assembled brethren, and several of them are sure to come. We have had some big celebrations here on previous twelfths, and the one on Monday week is expected to eclipse them all.

Dreadful Spinal Pains.
 Weak back, pain in the side, number their victims in thousands. Only very powerful and penetrating remedies will reach these distressing complaints. Nerviline is as sure to cure them as anything in the world can be sure. One drop equal in pain-subduing power to five drops of any other. Potent, penetrating, persistent in action, these express the qualities of Nerviline. Druggists everywhere sell it.

MORE BUILDING.—Mr. M. H. McCallum is about to put up a handsome red brick dwelling-house 24 x 36 feet and a story and a half high on his lot on the north side of Oak street, and the cellar is already partly dug. Mr. Jas. Crowden, of Lindsay, is to do the stone and brick work, and Mr. David Sharpe, who has the contract for the whole building, will do the carpenter work himself. The cellar will be completed and the walls commenced as soon as possible, as Mr. McCallum is to have possession by October 15th. We have not seen the plan or specification of "Mac's" future home; but have no doubt that, when finished, it will compare favorably with the many handsome residences on that street. We may remark, in this connection, that Mr. C. W. Burgoyne's house on Francis street west, and Mrs. Robson's on Fidler's hill, are rapidly approaching completion, as is, also, an addition, apparently about 26 x 24 feet, that Dr. Mason is putting to his house on Francis street east. Mr. Eukpin and his assistants are at work on the Smith houses, which are undergoing repairs that will cost a good deal of money.

THE JOY OF EVERY WOMAN.
 A BEAUTIFUL COMPLEXION AND A GOOD FIGURE.

These are coveted by all sensible women because they lend additional enjoyment to life through the respect and attention they command everywhere. The most vicious robber of beauty is ill-health. It is well known that when a woman gets thin she loses her nerve, energy and complexion at the same time. When these are gone she is deprived of the most highly valued acquisitions of her sex—beauty, strength, vivacity. A well rounded form is dependent upon perfect nutrition. Food must be assimilated and turned into rich, red blood, otherwise a good complexion is impossible. If you are thin, run down, have blue, transparent skin, you need Ferrozone. When the nerves are weak and the tears ever ready to flow, it's a sure sign you need it very badly. Nothing on earth makes blood so vitalizing, nothing puts on flesh, makes hard muscle and renovates weakened systems like Ferrozone. Why not restore your beauty and keep back signs of old age? It is easily done with Ferrozone. Suffer no more from nervousness and weakness; use Ferrozone instead. Let Ferrozone help you to get more out of life. It is an easy and quick road to health, a splendid remedy for all womanly disorders. Don't fail to test Ferrozone, which druggists sell the world over. Price 50c. per box, or six boxes for \$2.50, by mail from the Ferrozone Company, Kingston, Ont. Ferrozone assures health.

CORRESPONDENCE.

To the Editor of the Fenelon Falls Gazette:
 Sir,
 Kindly permit me to draw your attention to the character of the article on the first page of your paper of June 19th, entitled "The Misinformation of the World," by Geo. B. Herron in *Globe Fair Journal*. I think you could not have read that article carefully before inserting it in your paper, else you would have consigned it to the waste basket, as it is a slanderous libel on the press, religious and secular, upon the country he lives in, and upon the Christian church. The whole letter seems to me to

be the product of a depraved mind in an individual who discredits everything and everybody else in the world, but thinks he himself should be believed in his statements and ravings about times, things and places, who has quarrelled with the rest of the world, whose life has been a miserable failure, who has lost his chance in the struggle, and who has settled down to the role of a chronic faultfinder of everything under the sun, not sparing the most illustrious persons or the most sacred teachings. His last paragraph is disgusting. He tries to pose as a light in Socialism, but his pen uncovers the heart of an extremist—just the material from which the foolhardy, raving anarchist comes. Such articles are of no benefit either to Socialism or your readers, but are injurious, causing mistrust and want of confidence in the good we already have. They are not appreciated by your humble servant,
 A. WILSON.

To the Electors of Fenelon Falls.

LADIES AND GENTLEMEN,—

I am a candidate for the office of Water Commissioner, and am seeking election thereto solely because I think the village has far less protection against the ravages of fire than it ought to have—less, probably, than any other place of its size and importance. I have to be away from home on business during the remainder of this week, and therefore cannot personally solicit your votes; but if you honor me with your confidence and elect me on Monday next, I will not only use my utmost endeavors to materially increase our fire fighting appliances, but will do my best to in every way further the interests of the village.
