

BAPTIST GARDEN PARTY.—The annual garden party of the Baptist church congregation will be held next Thursday evening, the 11th inst., on the church grounds. Admission 10 cents; extra for refreshments, consisting of ice cream, lemonade, cakes &c. The village orchestra has been engaged for the occasion, and there will be plenty of good vocal and instrumental music.

OUT AGAIN.—Mr. Walter McCall, who (as stated in last week's *Gazette*) was kicked by one of his horses on the previous Tuesday, proved to be less seriously injured than was at first feared, and was able to be out again on Monday. He is to be congratulated upon his narrow escape from death, as a blow from a horse's foot in the pit of the stomach is generally fatal.

Pain Must Get Out

where Polson's Nerviline is used. Composed of the most powerful pain-subduing remedies known, Nerviline cannot fail to give prompt relief in rheumatism, neuralgia, cramps, pain in the back and side, and the host of painful affections, internal or external, arising from inflammatory action. A bottle of Nerviline will give efficient proof of its superiority over every known remedy. Try Nerviline. Large bottles 25c. Druggists sell it. Sold by W. H. Robson.

RUSHING THINGS.—The Church Manufacturing Co., Limited, the formation of which we announced in our last issue, are rushing things at such a rate that the factory is already partly built, and will, if the weather prove favorable, be finished and in operation in less than a month. The company have just purchased a 15 h. p. electric motor from the Canadian General Electric Co., of Toronto, and have made arrangements with the Lindsay Light, Heat & Power Company for electricity to run it.

UPSET IN THE LAKE.—On the afternoon of Thursday of last week, when there was a high wind blowing, a sail boat from Sturgeon Point, with four navigators therein, by some means got upset in the lake, about half way between the mouth of Seagow river and the Point; and when the *Manita* came along the navigators, who were sticking like limpets to their capsized craft, said they were all right and could get on shore without help, though, of course, they did not refuse to be rescued.

MORE FIRE PROTECTION.—A short time ago the village council purchased a force pump from the A. R. Williams Manufacturing Co., of Toronto, on thirty days' trial. When Messrs. McDougall Brandon & Austin transferred their electrical plant from the stone mill to the building erected for it, a large water wheel was left idle in the mill, and to this wheel the force pump is now being attached. We hope that it will prove satisfactory and be retained, as we cannot have too much protection against fire.

Slowly Dying from Catarrh.

Thousands are in this terrible condition but don't realize their danger. If you have the slightest taint of Catarrh, would it not be wise to commence Catarrhzone treatment now and be perfectly cured in a short time? This pleasant remedy cures without the use of drugs, atomizers or snuffs. You inhale the medicated vapor which spreads to all parts of the breathing organs, kills the germs and heals the inflamed surfaces. Catarrhzone clears the throat and nose instantly, and never fails to cure the most obstinate catarrhal, lung and throat trouble. A trial will demonstrate the value of Catarrhzone, which sells for \$1, small size 25c., at druggists or Polson & Co., Kingston, Ont. Sold by W. H. Robson.

ANOTHER COTTAGE.—Mr. Wm. S. Scott, of Toronto (formerly a resident of the Falls) is occupying, with his family, one of the Summer Resort Company's cottages near Cook's Point; but has drawn up the "plan and specifications" for one of his own, which is to be built this fall and finished some time before the commencement of next summer. It is to be two stories high and measure 16 x 24 feet, with a kitchen 10 x 12 feet; and along the end which faces the lake, and in which the front door will be located, there is to be a veranda 8 x 16 feet, with a balcony above. An ice-house 10 feet square and a boat-house 8 x 20 feet are also to be built. The cottage will be set on posts and will not be plastered; but it will be built of planed and matched lumber and nicely painted. Not very many years ago such a summer residence could have been put up for about \$300; but now, owing to the great advance in the price of materials and labor, it will cost not much less than \$500. The work will probably be done by Mr. G. H. Littleton, from whom we obtained the above particulars.

FAGGED OUT, DEPRESSED.

ENERGY, SNAP AND AMBITION GONE—YOU NEED A BRACING TONIC TO IRONIZE THE BLOOD. TRY FERROZONE.

Ferrozone will make you strong and capable of doing a heavy day's work without fatigue. It is a marvellous remedy, and does marvellous things, as the following testimonial proves:

"After my baby was born, I was left in a weak, sickly condition, totally unfit for a mother's household duties. I somehow did not gain strength, although I took malt extracts and tonics all the time. A lady friend recommended Ferrozone, which I used with splendid results. The first box helped quite a little, and when I had taken six boxes my former health, ruddy cheeks and good spirits were fully restored."—Mrs. Newlands, Swansea.

You can't spend 50c. to better advantage than on a box of Ferrozone, and the sooner you get Ferrozone, the sooner you will get well. Don't accept a substitute, but insist on your druggist supplying the genuine Ferrozone, which sells for 50c. a box or six boxes for \$2.50. By mail from the Ferrozone Company, Kingston, Ont. Sold by W. H. Robson.

BIRTHS.

LAMB.—In the township of Fenelon, on Saturday, August 1st, 1903, the wife of Mr. Walker Lamb of a daughter.
