If you are in need of a Sew-
ing Machine be sure and see
my styles before buying.

L. DEYMAN.

The Fenelon Falls Gazette.

Friday, Sept. 4th, 1903.

LABOR DAY—A HOLIDAY.

Monday next, the 7th inst., will be
Labor Day, and a statutory holiday,
and we hope it will be as rigidly ob-
served here as elsewhere. For some
occult reason our villagers are bad holi-
day keepers, but they might have twice
or three times as many as they do, and
none of the merchants, at any rate,
would be any the poorer, for the year's
consumption of necessary articles would
not be diminished. The *Manita* ad-
vertises that on that day she will run
return trips between all points on her
route at half her regular fare.

The Sandford Company.

The "Sandford Furniture and Wood-
enware, Limited," was incorporated
under the Ontario Companies Act on
March 2nd, and the capital stock is fixed
by charter at \$100,000, divided into
one thousand shares of \$100 each.
\$14,000 of common stock has already
been taken, and when \$20,000—or
\$6,000 more of it—shall have been
taken, the village will take \$15,000 of
5 per cent. preference shares and the
reeve will become one of the directors.
The full directorate will be as follows:
Thomas Robson, President; F. Sand-
ford, Managing Director; F. McDoug-
all, Treasurer; John Austin, Andrew
Black, George Martin and Joseph Mc-
Farland. Mr. Herbert Sandford has
been appointed Secretary of the Board
of Directors, but is not a member of it.
A site of several acres, south of the rail-
way track and nearly opposite the sta-
tion, has been secured by purchasing
lots from different persons, and prepa-
rations for going into the business on a
very extensive scale have already been
commenced. The main building, or
factory, will be 60 x 150 feet, three, if
not four, stories high; and there will be
a dry kiln, 20 x 100 feet, two stories
high; a boiler house, 30 x 30 feet,
one story high; and a store room 36 x
50 feet, with an elevator between it and
the factory. The buildings are all to
iron-clad and made as nearly fireproof
as possible; and the factory will be kept
clean by means of fans, which will blow
all the dust and small refuse into the
boiler room, where it will be used for
fuel. A large boiler will furnish steam
to heat the various buildings and dry
the lumber in the kiln, and the machin-
ery will be driven by a 100 electrical
h. p. motor. In addition to the build-
ings above mentioned, there will be an
office, 20 x 28 feet, two stories high,
with a large vault to contain books and
papers; and Mr. Frank Kidd, of Toron-
to, has been employed to come down
periodically and audit the company's
accounts. About fifteen men, masons
and others, are already at work, and
others will be added as needed; but,
even with favorable weather and no un-
foreseen causes of delay, it is not likely
that the factory will be built, equipped
and in operation before the 1st of
March. The cost of buildings and
plant is roughly estimated at \$20,000,
and sixty or seventy hands will be em-
ployed at the start.

Verulam Council.

Council met on Monday at the call
of the reeve, J. D. Hunter, Esq., and
all the members were present, viz.,
Messrs. James Capstick, George Brooks,
J. J. Devitt and John Lewis. Minutes
of last meeting read and confirmed.

The clerk reported that, having
searched minutes and by-laws regarding
the crossway on lot 28, con. 7, stating
that no by-law could be found or no
minute of any kind that it was a high-
way. So on motion of Messrs. Lewis
and Capstick the clerk was instructed,
for the purpose of making no error, to
get posters printed and posted up, and
also advertise the closing of it by by-
law for Saturday, Oct. 3rd.

Mr. Robinson, manager of the bank
at Fenelon, asked as a favor that Veru-
lam deposit a portion of their taxes
with the bank, as it would be a great
convenience to the farmers of north
Verulam. The council decided not to
take any action at present.

Wm. Green applied for the collector-
ship at \$75, and on motion of Messrs.
Capstick and Lewis his application was
accepted, and naming Jas. Fleit Sr.
and Jacob Walker as sureties.

On motion of Messrs. Lewis and
Brooks, James Billett and J. Lamb
were granted \$17.33 for sheep killed.

A deputation consisting of Messrs.
McDiarmid, M. W. Brandon and Jos-
eph McFarland appealed in the matter
of the protest sent the County by the
council re guaranteeing the bonds of
Fenelon Falls water power by the
County, arguing that the County would
be in no way responsible for the amount
guaranteeing it, and they felt that even
Fenelon Falls would not be called upon

for any part of it because it would be
self-sustaining and even derive a profit;
while by the County guaranteeing the
bonds Fenelon Falls would be able to
sell them for 4½ per cent. more than
without the County guarantee.

A motion was made by Messrs.
Brooks and Devitt, that, whereas a de-
putation from the water and power com-
missioners of Fenelon Falls have waited
on this council regarding the memorial
placed on our books respecting the
County guaranteeing the bonds of the
village of Fenelon Falls purchase of
water power, and whereas it has been
shown by the said deputation that the
County would be under no liability
whatever in guaranteeing the said bonds,
and have also shown that even the vil-
lage of Fenelon Falls will not be called
upon to be under a liability, but that,
instead, a revenue shall be derived.
Therefore be it resolved that the reso-
lution passed at the last session, view-
ing with displeasure the County guar-
anteeing the bonds of the village of
Fenelon Falls in the purchase of the
water power from McDougall, Brandon
& Austin, be and is hereby rescinded,
and that, instead, this council look upon
the scheme with a deal of satisfaction,
tending as it does towards municipal
ownership, and that our County repre-
sentatives be instructed to support the
measure.—Carried.

Moved by Mr. Lewis, seconded by
Mr. Capstick. That the township rate
be raised to 4½ mills.—Carried.
Accounts given in next issue.

Somerville Council.

Cobocouk, Aug. 29th, 1903.

Council met at the call of the reeve.
All the members present, the reeve in
the chair. Minutes of last meeting read
and confirmed.

On motion of Messrs. Stewart and
Burtchell, By-law No.—, to levy rates for
1903, was read and passed.

Moved by Mr. Burtchell, seconded
by Mr. Stewart, That By-law No.—,
to permit scales to occupy a part of the
street, be read and passed.—Carried.

A petition praying for the opening
of a new street could not be entertained.

Moved by Mr. Callan, seconded by
Mr. Carew. That the following accounts
be paid: D. A. McDougall, blacksmithing
for Kinmount bridge, \$34.30; J.
Elliott, burning carcass of dead animal,
\$2; Fenelon Falls Star, printing ac-
count, \$21.55; W. Tipling, grant ex-
pended on the Kinmount road, \$15;
clerk and treasurer, postage, stationery
and travelling expenses, \$16; J. Hand-
ley, for culvert on 5th con. line, \$10;
E. Noice, lumber for sidewalks, \$32.68;
reeve, expenses self and C. Cobden to
Peterborough and self to Lindsay, \$10.
—Carried.

Council adjourned to meet at Barat
River on the 26th day of September.

Personals.

Miss McKay, of Woodville, is the
guest of Mrs. Dickson, at Rosedale.

Mr. Thomas McDiarmid is home
from French River, and will remain for
a few days.

Mrs. Bawks and Miss Gertie Bell
left on Thursday to spend a few days
at Toronto.

Mr. and Mrs. John J. Townley left
on Monday for Toronto, and returned
on Thursday.

Mr. Henry Puley came home from
Manitoba on Monday, and left next
day for Kinmount.

The Rev. A. S. Dickinson and family
left on Monday evening to visit friends
in Kempsville and Ottawa.

Mr. C. H. Plant of Montreal and
Mr. C. B. Plant of Hastings were guests
at the Rectory over Sunday.

Mr. J. D. Thornton, C. D. C., of
Omamee, was at the Falls on Saturday,
and paid the *Gazette* a friendly visit.

Mr. Thomas Robson left on Tuesday
to inspect a boiler and some machinery
at Bongford Mills, and returned on
Wednesday.

Reeve McFarland went to Toronto
last Friday on business connected with
the village debentures, and came home
on Wednesday.

Mr. Geo. H. McGee left on Tuesday
evening to attend the funeral of his
uncle at Omamee, and came home on
Wednesday.

The Misses Mattie McFarland, Maud
Littleton, Mabel Littleton and Pearl
Knox left on Monday to attend the
Dominion Exhibition at Toronto.

Mr. and Mrs. William Kennedy and
Mr. and Mrs. Nelson Corbett, of Chic-
ago, are at the Falls, visiting Mr. and
Mrs. W. L. Robson and other relatives.

Mrs. John Barrett, of Toronto, who
has been visiting relatives at the Falls,
left for home on Monday, and was ac-
companied by her sister, Mrs. Samuel
Ellis.

Miss Nugent, of Lakefield, who has
been visiting relatives at the Falls, left
for home on Monday, accompanied by
her cousin, Miss Annie Nugent, who
will be her guest at Lakefield for about
a month.

Balsam Grove.

(Correspondence of the Gazette.)

There was a large gathering at our
school house last Tuesday evening to
hear Rev. Mr. Jones, of Little Britain,
formerly of Millbrook. The young man
is of good talent and an able speaker.
His discourse was of "Faith, Hope and
Love." Mr. Jones spent a few days
visiting friends in this neighborhood.
He is a son of the late William Jones
of Millbrook, cousin of the late William
Copp.

BASEBALL.—There will be a match
at baseball, Lindsay vs. Fenelon Falls,
Monday afternoon on the agricultural
grounds. 15c. and 10c.; ladies free.

THE OGEMAH.—Public notice is here-
by given that the Trent Valley Naviga-
tion Company's steamer *Ogemah* will
be taken off her regular route on Satur-
day, September 5th.

OUR SCHOOLS.—The village schools
were opened on Tuesday last, after the
long midsummer vacation. All the
teachers employed last year were re-
engaged, with the exception of Mr.
Mitchell, the head master, who is suc-
ceeded by Mr. Case, from Uxbridge,
who comes well recommended and will,
we hope, be a success; and Mr. Horton,
in whose place Mr. P. J. Knox has
been engaged.

A True Nerve Tonic
acts not so much upon the nerves them-
selves as upon the digestive functions, and
the abundant formation of rich, red blood.
The nerves cannot be fed on medicine.
They can be fed and strengthened by di-
gested and assimilated food. Ferrozone's
marvellous action arises from its power
over the digestive and assimilative func-
tions of the body. You take it, the blood
grows richer, redder. You feel strength
and vigor, digestion ceases to be noticed,
for it has become good. Work is easier,
for you have the strength to do it. In a
short time you have health. Use Ferro-
zone. Sold by W. H. Robson.

A Loss.—Mr. Alfred Northey's mare
was taken ill on Saturday and died on
Wednesday forenoon. Dr. Mason, when
called in to see her, said that she was
suffering from a spinal disease and was
not likely to recover. Mr. Northey
says that he would not have taken \$125
for her, and could probably have sold
her at that price, as she was sound,
very gentle, a good traveller and only a
little over four years old.

THE CHURCH CO FACTORY.—The
Church Manufacturing Co.'s factory,
30 x 40 feet and two stories high, was
finished some little time ago, and the
first consignment of machinery arrived
from Ayr on Monday. The remainder
will soon be here (if it has not already
arrived) and we expect to be able to
announce, in the course of two or three
weeks, that the factory is in full opera-
tion.

MOONLIGHT EXCURSION.—Don't for-
get that there is to be a moonlight ex-
cursion to-night, under the auspices of
the public library. The steamer *Ke-
washa* will run as far as McConnell's
Island, this side of Boboaygeon, calling
at Sturgeon Point going and returning.
There ought to be—and, we hope, will
be—a good attendance, as the library
is greatly in need of funds, and it is
not at all likely that there will be an-
other excursion by moonlight this season.

THE BANK PREMISES.—From one
cause and another, work has proceeded
very slowly on the premises being pre-
pared for the Bank, which expected,
when they were rented, to be occupying
them before this. On Monday the
plate glass front was put in, and on
Wednesday a furnace was "installed"
in the cellar by Mr. Heard's men; but
there is still a good deal of work to be
done on the interior, and it is not likely
the Bank will take possession many
days before the end of this month.

Neuralgia's Agony.
Have you Neuralgia? Have you failed to
get relief? Do not despair; Nerviline will
cure you. Five times greater medical
power than any other remedy in the world
—more penetrating, more soothing. Pain
cannot exist if Nerviline is used. Cures
toothache in one minute, breaks up a cold
in a night. Its action is pain internal and
pain external borders on the marvellous.
Thousands have testified to this; neglect
no longer; use Nerviline. Druggists every-
where sell it. Sold by W. H. Robson.

ACCIDENT.—Mr. John Sheehy met
with a rather serious accident on Mon-
day evening while threshing on the farm.
in Fenelon rented from Mr. E. B. Why-
tall by Mr. Geo. E. Hughes. He jumped
from a straw stack to the ground be-
low, and his right foot struck a rail
which, on account of its being covered
with straw, he did not see, with the re-
sult that his ankle was badly sprained,
and the smaller of the two bones above
it was slightly fractured. He was
brought to Dr. Graham's office at the
Falls, where his injuries were attended
to; and we are glad to learn that he is
not likely to be laid up for any great
length of time.

PARISH WORKERS.—The Parish
Workers of St. James' church held a
business meeting on Thursday afternoon,
of last week, at which the following
