

earloads of passengers on their way home from the Queen city passed through the Falls on the afternoon train.

**Rheumatism is a Constitutional Disease.**  
The pain and localized conditions are mere results of constitutional conditions. Poisoned blood sends its evil influence to various parts of the body, and to cure permanently you must treat it constitutionally. Nothing so completely dispels these poisons from the system as Ferrozone. It makes new blood. It imparts vitality and vigor, enabling the system to throw off the poisons that engender rheumatism. Ferrozone also fortifies the system against the weakening effects of rheumatism, and cures, not simply relieves as most medicines do. Sold by W. H. Robson.

**WATERCRESS**—We can—or think we can—remember the time when there was no watercress in the Falls, and we are sure that we once heard a statement to the effect that seeds or roots of it had been brought to the village by some person, who planted them in one or two of our creeks. At any rate, there is now no end of it, and those who like its flavor, and know that it is a healthful aperient, pluck or cut it and eat it with bread and butter, with which it "goes good." Where watercress one gets a hold it is hard to eradicate, and the little creek that flows past the Gazette office is nearly choked with it, though cleaned out and widened last year. Such a creek near a city in the old country, where watercress is very extensively used, would be worth a lot of money, as the plant grows up again, like grass or thistles, after every cutting, so that a bed of it gives several crops during the season.

**FALL SHOWS.**—The Verulam agricultural show, which is predicted to be an unusually good one, is to be held at Bobcaygeon on Monday and Tuesday next; and, as the bills say that boats will run to Caygeon from all points, we suppose there will be one from here. The Gazette has received a complimentary ticket, for which the management will please accept our thanks.....The Lindsay Central will be held on Thursday, Friday and Saturday, the 24th, 25th and 26th inst., and the Post says that it will undoubtedly eclipse all past successes. The speeding events for good purses will interest all lovers of the horse, and the daily performances in front of the grand stand will be of unusual merit. This year there will be trained animals, expert acrobats, Scotch dancers, variety comedians, an exceptionally fine lot of moving pictures to be shown at night, and many other attractions.....The Fenelon agricultural show will be held here on Wednesday and Thursday, October 15th and 16th.

**CORRESPONDENCE.**

To the Editor of the Fenelon Falls Gazette:  
Sir,

I desire to draw the attention of the ratepayers of Fenelon Falls to the manner their council have of doing business for the corporation. Some time ago, desiring to rent the detached house on Francis St. owned by the corporation, I sought for information from your reeve, who informed me that the Street and Sidewalk Committee, of which Councillor McGee was chairman, had authority to deal with the matter. I asked Mr. McGee if the house was rented. He said "Yes," and then informed me it was and it wasn't; that he was trying to deal off his own residence, and, if successful, he wanted it for himself, but if unsuccessful in his negotiations it would be to rent. I saw Mr. McGee several times in the course of the following week, and not getting any satisfaction, I asked your reeve if McGee had authority to juggle with corporation property in this manner. His reply was that he guessed he had. I interviewed McGee twice more, receiving the same undecided reply. Then, learning from Councillor Austin that Councillor McGee had no such authority, and that such business had to come before the council, I handed a written application to the clerk on Saturday, Aug 29th. When your council met on Sept. 2nd, my application was before them. Councillor McGee, backed by Reeve McFarland, wished to reject it because he had applied verbally to the reeve two weeks previous. Councillor Austin moved that my application be accepted, as it was the only application before the council. Then, Mr. Editor, was seen a business spectacle. Councillor McGee, sitting at the council board, wrote and handed in an application to become a lessee of the corporation of whose council he is a member, and this application was received by your council. A motion was then passed appointing the reeve and Councillors Robson and Deyman a committee to deal with the matter. This they did in a five minute session held the following day in Mr. Deyman's workshop, by renting the house to Councillor McGee. Mr. Editor, your reeve and Councillor McGee not only told an untruth, but kept that untruth going for two weeks, and misled me from start to finish in order to give Councillor McGee time to complete the negotiations for the sale or rental of his own property. Councillor McGee cannot legally become a lessee of the corporation and remain a member of the council, and any contract made by him with the council while he is a member of that body is strictly illegal. Not being a ratepayer, I am barred from taking any action, and take the advantage offered through the medium of your esteemed paper to lay the matter before those who have the power to stop and annul these illegal acts of your council, should they desire to do so.

Yours truly,  
J. F. MANN.

**HIS LIVER DIDN'T WORK,  
AND DREADFUL HEADACHES AND DEPRESSION FOLLOWED—CURED BY  
FERROZONE.**

Mr. Lionel S. Lascelle, of Strathcona, had a trying time with liver complaint, but wisely used Ferrozone in time. He says: "My liver got sluggish and torpid, and made me feel about half dead. When I got up in the morning I was as tired as if I hadn't slept at all. My head ached and specks swam before my eyes incessantly. If I bent over or did any stooping work I would be in a perfect whirl in two minutes. I felt depressed and out of sorts, and only got relief from Ferrozone. It went right to work, and before long cured me. I feel ever so much improved in health since using Ferrozone, which I strongly recommend for the kidneys and liver."  
Mr. Ed. E. Moncrief, of Springfield, says: "For years I was subject to frequent attacks of liver complaint, and no remedy ever cured like Ferrozone. When my head ached fit to split, and I felt drowsy and sick, Ferrozone relieved quickly. I used Ferrozone two months after being cured, and haven't been bothered since."  
When it comes to curing liver and kidney ills, you can't beat Ferrozone. It has a specific action on these organs, and at once puts them in a strong, healthy condition. Ferrozone isn't the kind that just relieves—it cures, and cures thoroughly. Ferrozone prevents a return of further trouble, and costs only 50c. a box, or six boxes for \$2.50. All druggists, or by mail from the Ferrozone Company, Kingston, Ont. Get a supply to-day.

**DIED.**

HALLIDAY.—At Sudbury, Ont., on Wednesday, Sept. 9th, Frank Halliday, Ontario Government Agent at Parry Sound. Deceased was a brother of Mrs. James Dickson, of Fenelon Falls.
