The Fenelon Falls Gazette.

Friday, Oct. 9th, 1903.

The Bank Premises.

It is but two months since the Public Library vacated their premises at the corner of Colborne and Francis streets, yet the changes made in the building, both in the exterior and interior, make one wonder if these are really the same premises. On entering, a nice bright office is presented to one, and, although still unfinished, it is easily seen that care has been taken to ensure comfort for the public as well as the staff. The Bank, heated by the most improved furnace and lighted by electricity, is furnished in oak, the counters and panels being exceedingly well finished, and should in particular find favor in our eyes as being the product of native industry—Sandford's. The bronzed grill work and the chipped glass blend well, and the general effect of the wall coloring is all harmonious. We understand that the management has decided to remain open on Thanksgiving Day to enable those who live out of town and who may be attending the Fenelon Agricultural Society's Show to see the premises.

Verulam Council.

Council met on Saturday, Oct. 3rd; all the members present, and the reeve, John D. Hunter, in the chair. Minutes of last meeting read and adopted.

Moved by John Lewis, seconded by George Brooks, That the clerk be instructed to procure information in respect to an application being made for a hotel license, and as to the powers of a municipal council, and to be able to report at the next meeting of council.—Carried.

Moved by James Capstick, seconded by John Lewis, That by-law No. 477, closing that part of road between lots 28 and 29, con. 7, be read a first time.—Carried.

By-law read first time. Council went into committee of the whole, Messrs. Harren and Stabler being present.

Moved by John Lewis, seconded by George Brooks, That, after hearing the evidence of Messrs. Harren and Stabler, this by-law be not now passed, and that, instead, this road be still occupied as a highway; but that this council shall not be liable for any damages which may be caused by any accident from any traffic thereon, and that notices be posted up on the said road to this effect.—Carried.

Application was made by Mr. John Lamb for \$6 for one sheep killed, and \$2 for one sheep worried by dogs on the night of September 24th.

Moved by James Capstick, seconded by John J. Devitt, That John Lamb be compensated two-thirds the value of these sheep, \$5.33.—Carried.

A communication from School Section No. 1 was read, asking that the treasurer make out a statement of the standing of school debentures of said section, and forward the same to the treasurer of the said section. On motion of John Lewis and John J. Devitt, the treasurer was instructed to procure this information.

Moved by James Capstick, seconded by John J. Devitt, That council meet in a body on con. line between cons. 7 and 8 on the 16th inst., when the job of repairing about eight rods of that part of the road over which the lake overflows will be let by the commissioner for that division to the lowest bidder.—Carried.

W. J. Finley asked that the bridge over Martin's creek be repaired immediately, as it was getting unsafe for travel. The repairing of the said bridge was left with the commissioner for that division.

Moved by Geo. Brooks, seconded by J. J. Devitt, That the council of the

Twp. of Verulam is of the opinion that the railway and other corporations are not bearing their fair share of taxation in this Province, and consequently the people whom we represent in our capacity as a council are compelled to bear an unjust share of the burden of taxation. Therefore we desire to go on record in favor of the immediate enactment by the Provincial Legislature of the Pettypiece Bill, or some such measure as will embody the principles of that bill. We believe that such legislation will meet with the unanimous approval of the ratepayers of this municipality.—Carried.

A by-law appointing deputy returning officers and naming the places for taking the poll for the next municipal election was read a first time, as follows: Polling division No. 1, Samuel Thurston, D. R. O., Meth. Church hall, polling place; No. 2, David Logan, D. R. O., School House S. S. No. 9, polling place; No. 3, John Kuox, D. R. O., Bethel church hall, polling place; No. 4, Emerson Tiers, D. R. O., School House S. S. No. 7, polling place; No. 5, T. J. Ingram, D. R. O., School House S. S. No. 4, polling place; No. 6, Wm. Devitt, D. R. O., School House S. S. No. 8, polling place.

Geo. Brooks gave notice that at the next meeting he would introduce a by-law amending the wire fence by-law, by appropriating the sum of \$500 to each commissioner for the building of wire fences, and that all moneys so appropriated and not used shall be used by the commissioners for roads, and that all applications for wire fences be received by the commissioners on or before the first day of June in each year.

Moved by John Lewis, seconded by J. J. Devitt, That Messrs. Brooks, Devitt and Capstick meet with the representatives of the south on Monday, Oct. 12th, for an examination of the swamp roads on con. line between cons. 7 and 8 and between cons. 8 and 9 and to report as to the number of rods to build and all other information.—Carried.

On motion of Messrs. Brooks and Capstick, the clerk was instructed to write the clerk of Fenelon twp. regarding the building of a wire fence along the Fenelon side of the boundary opposite Mr. J. B. Fisk's lot.

On motion of Messrs. Lewis and Devitt, the following orders were passed: Milton Justus, work on roads, \$1.25; Thos. Nicholls, do., \$1.25; John Bick, do., 50c.; Robt. Wilkinson, balance do. and to pay others, \$3.85; John Bell, do. do., \$20; John Middleton, 21 loads gravel, \$1.68; Spurgeon Cosh, 177 loads gravel, \$8.85; Wm. Brown, 177 loads gravel, \$14.60; Jos. Taylor, timber for culvert, \$2; W. H. Hamilton, poundkeepers and line fence acts, \$8.50; John Lamb, 2-3rd value sheep killed and worried by dogs, \$5.33; Bobcaygeon Independent, printing voters' lists and adv. council meeting, \$45.20; Thos. Kingsboro, statute labor 1902, \$1; Fred Woollard, gravel and stone hammer, \$10.20.

Council adjourned to meet at the call of the reeve.

Fall Millinery Openings.

The millinery rooms at Mr. W. Campbell's on Friday and Saturday of last week were made exceptionally attractive by artistic decorations of wreathing and drapery. A complete stock of up-to-date trimmings of excellent quality and a full line of ready-to-wear hats are ready for the season's trade. Under the supervision of Miss May Treanor, of Peterborough, the trimmed samples are extremely handsome and calculated to suit all tastes. One very beautiful hat was of white velvet in opera shape, trimmed with jet around the crown and brim. One long black feather fell over the left brim. A unique arrangement of medallions with bugle jetting decorated the under brim. Another white velvet sample had a facing of black beaver plush. A black jet butterfly held a white corduroy velvet draping at the back, and a black feather, held by a handsome bird, fell over the left brim. A picture hat in black velvet had white lace applied on the crown and brim, with a facing of white tacked chiffon. An attractive turban was of pale reseda green Amsterdam silk, with crown of panne velvet. The brim was trimmed with rows of Chinchilla and a jet spangled wing was placed across the left crown.

Miss Washburn's rooms on Tuesday and Wednesday of last week were prettily adorned for the fall opening days with autumn foliage and pale pink and green drapery. Her line of trimmings, veilings and ready-to-wear shapes is as complete as usual. Many beautiful hats were claimed at once, and many more orders were left for early completion. One handsome and popular Louis XIV hat was of black beaver plush with facing of white plush. Black motifs were applied to the under brim and two long feathers fell over the brim from the right side. A Hiawatha turban with a Minnehaha quill decorating the left front, had a brim of white baby

lamb and a crown of black chenille with applique trimming of white baby lamb. An exquisite white picture hat of beaver plush was simply trimmed with one long white feather, the quill thrust through a sunflower rosette of white satin at the back. A beautiful shepherdess hat was in Champagne velvet with foliage and flowers of the same tints on the upper brim. The under brim was faced with strappings of satin ribbon held by velvet covered buttons and three rosettes with button centres. A child's hat in pale green beaver felt was very much admired. A handsome arrangement of white felt was placed on each side of the brim, and a large rosette of green silk fastened to the front by a white centre button. A band of green silk faced the under brim.

Personals.

Miss Graham, of Kinmount, was at the Falls on Wednesday and Thursday.

Mr. H. Jervis, of Gagetown, New Brunswick, is visiting friends at the Falls.

Mr. and Mrs. Henry Pearson drove to Manila on Sunday, and returned next day.

Miss Lena Brandon, of Verulam, returned on Monday, after a few days' visit to her uncle at Sunderland.

Mr. Samuel Irwin, of Lindsay, Inspector of weights and measures, was at the Falls in his official capacity on Tuesday and Wednesday.

Mr. Thos. Stevens came home from Waubushene on Tuesday, and soon after his arrival received the news of his father's death in that town.

Mr. Chas. R. Stewart, Crown Land Agent at Haliburton, and his youngest son, Mr. Ignatius Stewart, business manager of the Bobcaygeon Independent, were at the Falls for a short time on Tuesday morning.

Mr. and Mrs. John Berry, of Lindsay, drove to the Falls on Sunday morning, and spent the rest of the day at Mrs. Hand's. They were accompanied by Miss Crowe, of Cresco, Iowa, U. S., and the Misses Power, of Lindsay.

Powles' Corner.

(Correspondence of the Gazette.)

When one of our farmers went to his cream can one morning not long ago he was surprised to find a cat all smothered in cream, as we sometimes see strawberries. The can was sitting in a tub of water, and pussy got in but could not get out again, and will never get into another can of cream. Dogs and cats are as great a curse as they are a blessing to humanity. There are scores of people who cannot exist without a dog or two and a half-dozen cats. Some farmers cannot estimate the value of a dog where there are poor fences.

Some of our folks took in the Kinmount fair, and give a good report of it.

Since last writing this neighborhood has lost one young lady by marriage, but our loss will be a gain to Zion, in Fenelon. The boys in this locality are not taking advantage of such golden opportunities.

Mr. Edward Dunn reports two months' threshing already done. Ed. is a clever young man, and wherever he threshes he is sure of a job the next year. He is doing good work and taking the lead, while others are following. Ed. never hurries the men, and still he can clean out as many barns in a week as those who try to monopolize the business.

Mr. Oliver Glaspell is busy putting a concrete floor in his cow stable.

Dundas & Flavelle Bros. want your surplus Poultry, and will take them alive or properly dressed. Your local merchant will give you prices and particulars. 32-6.

WATCHES AND JEWELLERY—Mr. I. Whitesmith, watchmaker and jeweller, will be at Mr. C. Curtis's store on Oct. 21st and 22nd, afternoon and evening, with a choice selection of ladies' and gents' watches, chains, etc. Remember his three "rights"—right goods, right prices, and a guarantee that is all right.

MORE APPLES.—And now we have to thank Mr. Alex. Ellis, of Verulam, for a basket of Alexander apples he left at our house a few days ago. They did not average quite so large as those of the same name presented to us by Mr. Cooper; but they were fully as well flavored and juicy, and, therefore, quite as acceptable.

The True Tragedy of Life is ill-health, disappointed ambitions, usefulness destroyed, pathetic nay, tragic. Poor blood, weak nerves, a tired brain. Is there hope? Yes! Because there is a cure. Ferrozone Tablets make blood; not blue blood, but the fluid that strengthens the whole body. Ferrozone does this quickly by improving digestion, stimulating assimilation and by imparting health and tone to the whole system. Your druggist will tell you a great deal more about Ferrozone. Ask him to tell you of the wonderful curative properties of Ferrozone Tablets. Sold by W. H. Robson.
