L. DEYMAN.

Wilkinson No. 4 Gang.

NEW 10-INCH GANG PLOW.

Fitted with coulters, and has very heavy fluted steel frame. The mouldboards are the best United States soft-centre steel, and are extra large, turning stubble and manure under perfectly. Wide steel landsides. Can be fitted with cast points or steel shares. Three-horse evener supplied as an extra.

THOS. ROBSON.

The Fenelon Falls Gazette.

Friday, Oct. 30th, 1903.

The Bye-Elections.

The bye-elections on Tuesday left the Government and the Opposition where they were. In Sault Ste. Marie the Reform candidate, Smith, got a majority of 120 over Miscampbell, whose majority in 1892 was 199; and in Muskoka the Conservative candidate, Mahaffy, beat Dr. Hart by 178. Owing to the embarrassment of the Clergue industries, the voting at the Soo was barely over half what it was in May, 1902.

Verulam Council.

A special meeting of the council, called by the reeve, met in the clerk's office on Saturday, October 24th; and all the members were present except George Brooks. Minutes of last meeting read and adopted. The object of the meeting was to take action to close the road between lots 28 and 29, con. 7.

Moved by J. J. Devitt, seconded by John Lewis, That the commissioner for that division request Mr. Stabler to put up his fence across the said road, and that Mr. Harren be allowed the privilege of using all the top logs on the crossway on the said road for the purpose of building himself a roadway on his own land; and that the commissioner use all the long stringers for repairing the road over Mud lake; and that the motion passed at last sitting, keeping the said road open, be hereby rescinded.—Carried.

On motion of J. J. Devitt and James Capstick, the by-law appointing deputy returning officers was finally passed.
Mr. W. H. Graham, lot 22, con. 2, asked that a culvert be placed in the road, to take the water off the road into a ditch dug by Mr. Cook; and Mr. Capstick, commissioner for that division, stated that he had given instructions to the pathmaster to have a culvert put in, and would see that it was done.

Mr. John O. Thurston appealed to the council, stating that the railway crossing on the concession line coming on to his land dammed the water back on the east side of his road, and asked that a culvert be placed to carry the water off, as when it came down to that point, it overflowed onto his land.

The council felt that Mr. Thurston's claim was against the railway company, and not against the township, and it was moved by J. J. Devitt, and seconded by John Lewis, That the clerk be instructed to write to the secretary of the railway company, and ask that a culvert be placed in at that point, and also that proper crossings be put in over all concession lines and quarter roads.—C'd.

Mr. Devitt stated that the party to whom the job of repairing Mud lake was let considered that he had taken it too cheap; and on motion of John Lewis, seconded by James Capstick, it was decided to post up notices over again for this work.

Mr. Hunter reported on the swamp roads they had inspected on the 12th inst., as follows: On John Middleton's line, between concessions 8 and 9, commencing from the north, there were 46 rods to grade, 50 rods completed, 96 rods to stone and gravel, which brought them to the quarter line; 156 rods to gravel; and on the south end there were 84 rods to grade. On the quarter line there were 144 rods already stoned, but to gravel. On Mr. Stewart's line, on the con. line between cons. 7 and 8, commencing from the south, there were 12 rods to grade, 24 rods stoned and to gravel, 32 rods to stone and gravel, 12 rods stoned and bridged and to gravel, 156 rods to stone and gravel, and on the south end there were 120 rods to grade.

The following orders were passed: Thos. Kennedy, top for culvert on crossway on con. line 6 and 7, \$1; Johnston Brandon, work on roads, \$1; William

Bulmer, rebuilding bridge on con. line 1 and 2, \$15; Walter Stevenson, half share for 38 loads of gravel on boundary, 95 cents.—Carried.

Fell's Station.

(Correspondence of the Gazette.)

Mr. Ben Moise, of Newcastle, returned home on Tuesday last, after spending a week with his sister, Mrs. William Mitchell, at Fair View.

Messrs. Broddie and Robinson, of Stouffville, came out on Thursday to sell some cattle which they have on a ranch in Somerville east, and returned the following day.

Mr. W. H. Mitchell, of Cobocook, spent Sunday at his home, Fair View.

The weather has been good for the farmers for getting in the root crop. The apples are nearly all stored away, and the fall wheat is looking well.

Already two large flocks of wild geese have passed over here, en route for their warmer home in the south.

Miss Etta Armstrong of Bury's Green, who has been very ill for some time, is, we are glad to state, recovering very nicely under the careful attention of Dr. Graham.

[The above was crowded out last week.]

School Reports.

Personals.

Col. Sam Hughes was at the Falls for a few hours on Monday.

Mr. George A. Jordan, of Lindsay, was at the Falls on Tuesday, and left for the north.

Mr. Henry Smith left on Tuesday to take a position in the Durham Rubber factory at Bowmanville.

Mrs. John H. Cassidy came home a few days ago from a visit of about six weeks to relatives in the States.

Mr. Harry Torrance, who went on the harvesters' excursion to the Northwest in August, came home on Monday.

Mrs. Colville, of Bracebridge, and Mrs. White, of Toronto, are at the Falls, visiting their sister, Mrs. Frederick Cullon.

Powles' Corner.

(Correspondence of the Gazette.)

The snow-storm the first of the week caused a delay with the turnip harvest. The root crops of all kinds are good, but quite a large percentage of the potato crop with some farmers has rotted. Some of our citizens drove up to Lindsay last Monday evening to hear the great English Divine.

During the past few weeks a heavy shadow has fallen upon the home of Mr. and Mrs. W. H. Powles, in the calling away of their sweet little baby boy.

A fowl supper will take place at the church here on Monday evening, Nov. 2nd. For particulars see posters.

The many friends of Mr. Samuel McGee are anxious for his complete restoration to health.

The threshing is very nearly all done, with the exception of a few jobs of clover.

Since the year 1896 land has gone away up all over Ontario, and it is almost impossible for a young man to buy a farm in Old Ontario.

Another of our young men intends moving to the North-west next spring.

Tramps have been quite numerous during the past month or two. A remedy should be available to do away with this class of society.

Dundas & Flavell Bros. want your surplus Poultry, and will take them alive or properly dressed. Your local merchant will give you prices and particulars.

THE BANK.—During the winter months the Bank will open from 4 to 6 o'clock p. m. on Saturdays instead of from 7 to 8. This comes into force on Nov. 7th.

CURLERS.—A meeting will be held this (Friday) evening at Twomey's hotel at 8 o'clock, to arrange for re-opening the rink and starting the club again. All interested in "the roarin' game" are requested to be present.

WANTED.—Good general Servant, highest wages paid. Mrs. McLennan, York street, Lindsay.

VOTERS' LIST COURT.—On Tuesday last His Honor Judge Harding held a Voters' List Court in Twomey's Hall. Fifteen names of persons who have died or left the riding were struck off the list, and about eighty-five names were added—the result being a slight increase in the Reform vote.

Why Catarrh Cures Catarrh.

It goes to every affected part and kills the germs that keep up the diseased condition. Catarrh never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges. Catarrh contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrh is an absolutely certain cure for any form of Catarrh, and sells for \$1 at druggists; small size 25c. By mail from Polson & Co., Kingston, Ont. Sold by W. H. Robson.

C. O. F. NOTICE.—The members of Trent Valley Lodge No. 71, C. O. F., are requested to take notice that Bro. C. F. George, Superintendent of Organization, will be present at the next regular meeting, to be held on the evening of Monday next, Nov. 2nd. A good attendance is requested.

INDUCTION.—Quite a number attended St. James' church on Wednesday evening to witness the induction of Rev. A. S. Dickinson. The induction was performed by Rev. Rural Dean Marsh, of Lindsay. An excellent and appropriate sermon was preached by Rev. E. A. Langfeldt, of Ashburnham.

Wanted.—An experienced Cook and Housemaid. Apply to Mrs. Richard Sylvester, Lindsay.

DO NOT FORGET IT.—Do not forget the oyster supper to be given by the Parish Workers of St. James' church, in Jordan's hall, on the evening of Thursday next, November 5th. The "decorated bivalves" (as oysters are called by people who like to use big words), will be served at 6.30 o'clock, and after they shall have been disposed of, an informal programme of vocal and instrumental music will be rendered. Admission only 25 cents. Members of the Orange order will be present, and will assist in eating the oysters, as well as in the subsequent proceedings.

Pain in the Joints

may be muscular or rheumatic. The joints are hard to get at, and require a powerful and penetrating remedy to reach the diseased surfaces. Nerviline very exactly meets the requirements, for it is both powerful and penetrating. The pain is expelled almost as if by magic. One drop equal in strength to five drops of other remedies.—Nerviline—nerve pain cure. Druggists sell it. Sold by W. H. Robson.

HAROLD JARVIS COMING.—Mr. Harold Jarvis, the famous tenor soloist, of Detroit, will appear in Twomey's Hall, Fenelon Falls, on Thursday evening, Nov. 12th. This will be Mr. Jarvis' first appearance here, and everyone who likes good singing should hear him, as it is seldom such talent comes this way. Mr. Owen A. Smily, who is equally famous as an elocutionist and musical entertainer, will also take part in the programme. They will have their own accompanist, Mr. W. Spencer Jones, of Toronto. See posters and folders for press notices, etc. Miss Irene McDougall will play a couple of piano solos during the evening. Tickets 50c, 35c, and 25c. Plan at Robson's drug store.

ACCIDENT.—Mr. Thomas Scott's eldest son, George Edward, nine years old, met with a painful accident about 10 o'clock on Tuesday morning. An old
