

also, on the part of the congregation, tendered a very hearty vote of thanks to Mr. and Mrs. Brooks for their kindness in entertaining. Mr. Brooks made a brief reply in his usual happy manner, in which he seemed to think nothing of the trouble, but expressed the hope that all present had enjoyed the evening, and stated that it was only a pleasure to encourage the children in this way and thus help along the good work.

WOMAN'S MISSIONARY MEETING—A very interesting meeting of the Woman's Missionary Society of the Methodist Church was held on Tuesday afternoon. The subject for the month was "Temperance." The programme opened with a temperance catechism, led by Mrs. Joseph Graham, followed by two very strong papers, one of which was an exposition of the text "Woe unto him that giveth his neighbor drink that putteth the bottle to him and make him drunken."—Hab 2 15, by Mrs. Knox. The other paper, "Do you believe in total abstinence for our boys?" by Mrs. McDiarmid, in some points touched on local matters, and was listened to very thoughtfully. A discussion on "Should we use liquor in our Christmas cooking?" was introduced by Mrs. (Dr.) Wilson, almost all the members taking part in the discussion being of opinion that we should not. This Society is in a prosperous condition, the meetings being well attended, and a keen interest taken in all its proceedings.

STRICKEN WITH PNEUMONIA.

ALMOST READY TO DIE—ALONZO W. DOUGLAS, OF WOODBRIDGE, WAS SAVED BY FERROZONE.

"For the benefit of others," writes Mr. Douglas, "I desire to state the results I derived from the use of Ferrozone. Two years ago I was stricken with Pneumonia. So severe was the attack and so reduced was my strength that my life was despaired of. I had the very best medical attention, but made no progress towards recovery. When reduced to practically a skeleton, a kind friend told me of the remarkable powers of Ferrozone. An improvement began almost at once. I gained steadily in weight and strength until Ferrozone made me a new man. I will gladly answer enquiries from other sufferers if they care to have further particulars about my recovery. Ferrozone deserves its great measure of success."

This is but one of the many cases that are being cured every day by Ferrozone. No treatment was ever known to supply a weak system so quickly with strength and energy. No tonic does its work so thoroughly. It is a specific for tiredness, languor, loss of appetite, weakness after fevers, and all debilitating diseases. Ferrozone makes you strong and keeps you strong—in a word, it assures health, and costs but 50c a box, or six boxes for \$2.50, at any drug store. By mail from the Ferrozone Company, Kingston, Ont. A Christmas Box To the Farmers.

We have decided, as the village of Fenelon Falls and the County have a live interest in the big stone mill now operated by me, having guaranteed the bonds for the purchase of same, to show my appreciation of the fact by giving the farmers a Christmas Box that on and after this 10th day of December, 1903, I will do your chopping, and do it well, for the popular price of

Five Cents a Bag.

As we were not members of the combine that raised the price to 7c., we are under no obligations to anyone except the farmers, whose friendship and trade we wish to cultivate; and you will find us willing at all times to do everything in our power to make our business relations both pleasant and profitable to both. We will also exchange your wheat for flour. So kindly remember, "Chopping at five cents at Meldrum's mill." Wishing you one and all a Merry Christmas and a Prosperous New Year, I am, sincerely yours,

W. H. MELDRUM.

A POUND OF HONEY

Will go as far as a pound of butter, and if both articles be of the best the honey will cost the less of the two—at present only half as much as butter. Butter is at its best only when fresh, while honey properly kept remains indefinitely good.

The honey I sell is the best you can buy. Everyone who has used it says so.
