Undaunted.

Stubbs—That fellow Maroon is a clever artist. You know in moving his "Fox Hunt" a large hole was punctured in the canvas.

Penn—I suppose the painting was ruined?

Stubbs—Not at all. Maroon tells people there is no hole there. That it is a realistic fox den.

Youthful Strategy.

Jones—See those obys throwing one of their number into the water! And he doesn't seem to mind it a bit!

Jims—Of course not! His mother told him not to go in the water, and he's having his gang throw him in; so he can tell her a whole lot of bad boys got hold of him and threw him in.

Orchard and Garden.

Plow "shallow" in your orchard. Don't plant fruit trees on poor land. It will not do.

Plant a few shrubs and fruit trees about your house.

Wood ashes are good for a lawn, especially on sandy soil.

If selecting a fruit orchard spot, be sure that it is located right.

Plan your gardens so that you can stir them with a cultivator.

Dig up around your trees and mix into the soil coal or wood ashes.

Heavy land should be well drained before an orchard is planted on it.

Scrape the bark lice from your fruit trees and give the trunks a coat of whitewash.

Mix brains with your soil; cultivate with judgment; harvest with care; and market with intelligence.

Do you grow your fruit, reader, or do you buy it? If you buy it, we will venture to say that you don't have much.

It is generally those farmers who need the education the least who attend the farmers' institutes in the largest numbers.—N. J. Shepherd.

All of the fattening stock possible should be marketed this month.

A Christmas Box To the Farmers.

We have decided, as the village of Fenelon Falls and the County have a live interest in the big stone mill now operated by me, having guaranteed the bonds for the purchase of same, to show my appreciation of the fact by giving the farmers a Christmas Box that on and after this 10th day of December, 1903, it will do your chopping, and do it well, for the popular price of

Five Cents a Bag.

As we were not members of the combine that raised the price to 7c., we are under no obligations to anyone except the farmers, whose friendship and trade we wish to cultivate; and you will find us willing at all times to do everything in our power to make our business relations both pleasant and profitable to both. We will also exchange your wheat for flour. So kindly remember, "Chopping at five cents at Meldrum's mill." Wishing you one and all a Merry Christmas and a Prosperous New Year, I am, sincerely yours,

W. H. MELDRUM.
