## DO YOU NEED A NEW WAGGON?

I SELL GOOD ONES.

COME AND SEE THEM.

### THOS. ROBSON.

The Fenelon Falls Gazette.

Friday, April 1st, 1904.

#### The War in the East.

At last there has been fighting on land. Wednesday's Globe, in its summary of the war news, says:

"Chongju, a Korean town of considerable importance, situated some thirty-eight miles south of the Yalu River, passes into history as the scene of the first land engagement in the Russo Japanese war. The country is mountainous and affords fine opportunity for defensive warfare. The Russians—a column of Cossacks some fourteen hundred strong acting as a screen for retiring infantry—drove some Japanese scouts into the town and occupied a strong position overlooking it, from which they poured a hot fire upon the defenders. Japanese reinforcements came up and the Russians retired from their position, after an action in which, according to the Russian official report, the foe showed great gallantry and sustained losses so heavy that they were unable to occupy the position from which the Russians retired in good order. Accepting the Russian account of Monday's skirmish it is still evident that Japan, in the opening of the land campaign, as at sea, has gained a decided success."

There has been another bombardment of Port Arthur, and some ships have been sunk by the Japs at the entrance to the harbor; but the Russian fleet is at sea, and a naval engagement is expected.

#### Experimental Union Distribution of Choice Seed.

The members of the Ontario Agricultural and Experimental Union are pleased to state that for the year 1904 they are prepared to distribute into every township of Ontario material for experiments with fodder crops, roots, grains, grasses, clovers and fertilizers. Upwards of 1,500 varieties of farm crops have been tested in the Experimental Department of the Ontario Agricultural College, Guelph, for at least five years in succession. These consist of nearly all the Canadian sorts and several hundred new varieties, some of which have done exceedingly well in the carefully conducted experiments at the College, and are now being distributed free of charge for co-operative experiments throughout Ontario. The following is the list of co-operative experiments for 1904:

- NO. EXPERIMENTS.
1. Three varieties of Oats.
  2. Three varieties of Barley.
  3. Two varieties of Hulless Barley.
  4. Two varieties of Spring Wheat.
  5. Two varieties of Buckwheat.
  6. Two varieties of Field Pease for Northern Ontario.
  7. Emmer and Spelt.
  8. Cow Pease and two varieties of Soy, Soja or Japanese Beans.
  9. Three varieties of Husking Corn.
  10. Three varieties of Mangolds.
  11. Two varieties of Sugar Beets for feeding purposes.
  12. Three varieties of Swedish Turnips.
  13. Kohl Rabi and two varieties of Fall Turnips.
  14. Parsnips and two varieties Carrots.
  15. Three varieties of Fodder or Silage Corn.
  16. Three varieties of Millet.
  17. Three varieties of Sorghum.
  18. Grass Pease and two varieties of Vetches.
  19. Two varieties of Rape.
  20. Three varieties of Clover.
  21. Sainfoin, Lucerne and Burnet.
  22. Seven varieties of Grasses.
  23. Three varieties of Field Beans.
  24. Three varieties of Sweet Corn.
  25. Fertilizers with Corn. (6 plots.)
  26. Fertilizers with Swedish Turnips. (6 plots.)
  27. Growing Potatoes on the level and in hills.
  28. Two varieties of early, medium or

- late Potatoes.
29. Planting Cut Potatoes which have and which have not been coated over with land plaster.
30. Planting Corn in rows and in squares. (An excellent variety of early corn will be used.)

The size of each plot in each of the first twenty-six experiments is to be two rods long by one rod wide; in Nos. 27, 28 and 29, one rod square, and in No. 30, four rods square (one-tenth of an acre.)

Each person in Ontario who wishes to join in the work may choose any one of the experiments for 1904 and apply for the same. The material will be furnished in the order in which the applications are received until the supply is exhausted. It might be well for each applicant to make a second choice, for fear the first could not be granted. All material will be furnished entirely free of charge to each applicant, and the produce of the plots will, of course, become the property of the person who conducts the experiment. Applications should be addressed to C. A. Zavitz, Ontario Agricultural College, Guelph.

#### A Letter from the North-west.

In a letter received last week from Mrs. John Palmer, who now lives at Carnoustie, Assa, she says:

"We find your paper a great comfort to have in the North-west, as I was brought up in Fenelon Falls. I am a daughter of Mr. Henry Redner, of the Falls, who is a pretty old resident and is still alive and doing well. He is 81 years old and has lived in the Falls for about 40 years in a pleasant place near the railway bridge, on a point that goes by his own name. Well, we see by your paper that the snow is pretty deep and the weather cold. I think we must have some of your weather up here, as there is about three feet of snow on the level and we have had a few days 58 below zero, so we felt that a little. But I must say, with all I like the North-west, and we have done fairly well, as we bought our land for three dollars an acre and today it is worth eight, so you see we have made on land. Besides, there is lots of money rolling around if one is only willing to work for it. We have a comfortable home, and I am well satisfied with our coming up. We have been up here three years this spring, and have taken up a homestead of 169 acres for ten dollars. By breaking thirty acres in three years it will become our own. I am not boasting, but if there were a few more who would come out here it would be better for them."

#### Village Council.

Fenelon Falls, March 30th, 1904. Council met at call of reeve. All present except Mr. Robson.

The "Sandford Furniture & Wood-ware, Limited," through their solicitor, Mr. McDiarmid, asked the council to issue the debentures to that Company, as provided under By-law No. 427 and also the Special Act. After discussion, it was

Moved by Mr. Austin, seconded by Mr. Deyman, That this council hereby expresses its satisfaction with the proofs adduced on behalf of Sandford Furniture & Wood-ware, Ltd., of their compliance with the conditions mentioned in the agreement bearing date the 20th day of March, 1903 and made between that company and this corporation, and hereby direct the reeve and treasurer to issue the debentures provided for in By-law No. 427, and deliver the same to the said company on receiving from that company a certificate for 150 shares of the preferred stock of that company, being all the preferred stock of the company.—Carried.

Mr. Robson entered and took his seat. Moved by Mr. Austin, seconded by Mr. Robson, That the clerk make a demand on the Standard Chemical Co. for arrears of rent due on Water St. property also for account rendered for gravel.—Carried.

Moved by Mr. Deyman, seconded by Mr. Austin, That the auditors' report of the village and cemetery accounts for 1903 be accepted, and that 50 copies be printed for distribution, and that the recommendations of the auditors be taken up by the finance committee; also that the report of school and W. L. and P. Com. be forwarded to their respective Boards, and that the auditors be paid.—Carried.

#### Personals.

Rev. Jas. Fraser, of Vankleek Hill, Ont., has been at the Falls since Wednesday noon.

Mr. Harry Robson left for a business trip to Toronto on Monday, and returned home on Wednesday.

Mr. Charles Deyman was home from the Lindsay Collegiate Institute from Saturday until Monday.

Mr. Peter Deyman, town, has taken the position of manager of the Church Manufacturing Co.'s factory. Councillor McGee and Town Solicitor McDiarmid were at Lindsay on Wednesday on corporation business.

Mr. Fred Brodie arrived here from Toronto on Monday, with a staff of men who at once resumed operations

on the Smith houses. Mr. Peter Deyman, of Bowmanville, left for home on Thursday of last week, after a visit of nearly three months to his relatives at the Falls.

#### Fell's Station.

(Correspondence of the Gazette.)

As a general rule, most people prefer a level country to a hilly or an almost mountainous one. But as this section is flat at present, we are much pleased to see the hill tops, or pine stubs, or anything else that gives indications that the snow is disappearing, and almost everybody is rejoicing at finding the water returning to their wells once more.

Mr. William Tipping, Jr., of Honey Grove, made a flying call on his relatives in Kinmount one day last week.

Mr. John Dagg, wife and son have left our locality and moved to Gelert, where Mr. Dagg has secured a situation as section man on Mr. Hughes' section.

Mr. Thos. Connel, of Bury's Green, and his sister, Miss L. Connel, left on Friday for Toronto, where they intended spending a couple of days en route for the district of Alberta, with best wishes for a safe and pleasant journey from their many friends.

Mr. Thos. Marshall has hired as summer man on Mr. Wm. Wood's section. Miss Jazzie Hughes, who has been living at Cobocook for some time past, returned to her home, Green Mountain Home, recently.

Mr. Wm. Tipping, Sr., has purchased a new Magnet Cream Separator, and the Lindsay agent set it up for him last week. Shipping the cream seems to be a very profitable business.

Mr. Richard Hughes left on Saturday for Dawson city and the Yukon district. He will stay in Toronto a short time before taking leave of his two sisters, the Misses Kate and Annie Hughes. Mr. Hughes has the best wishes of all his friends for a safe journey and every success.

SOCIAL.—Don't forget the social at the Rectory on Tuesday evening next, April 5th, at 7.30. Admission 10c. and 15c. A table of useful and fancy articles will be on sale.

THE LOCK GATES.—Mr. Geo. H. Littleton has the job of repairing the lock gates, and commenced work upon them last week. As the tops of the gates have all to be rebuilt and other things to be done, the staff of about a dozen men will be employed for several weeks. Mr. Peter Grant, of Bubbygeon, is assisting Mr. Littleton.

Wanted Quick.—Pant and vest maker. Prices, vests 90c., pants \$1.00. Apply to A. H. McGrath, merchant tailor, Kinmount, Ont.

CHURCH NOTICE.—On Sunday next, at the Baptist church, the Rev. J. E. Chute, missionary, now home from India on furlough, will preach morning and evening in the interest of foreign missions. On Monday evening at half past seven the Rev. Mr. Chute will also give limelight views, illustrating his work among the Telegus. On both Sunday and Monday farewell offerings will be made in aid of the work he represents. Everybody will be welcome at these meetings.

NEW POWER HOUSE.—Mr. William Kennedy, of Bubbygeon, has been at the Falls since Monday, and has several men at work clearing the site of the new power-house that the corporation is about to build between the stone mill and the present power-house, part of which will have to be removed. This new building will be 32 x 40 feet, two stories high, and the walls are to be of concrete. The 75 horse power generator is to be replaced by one of 600 horse power, which will meet the requirements of the village for years to come.

SCHOOL REPORT.—March report for senior 2nd class. Marks 510.—B. Church 392, E. Sproats 359, D. Ducharty 350, H. Wilson 302, M. Sharpe 283, L. Lane 280, H. Brokenshire 248, H. McGee 247, N. Duggan 243, L. Kelly 204, P. Sharpe 201, H. York 119, B. Chambers 78, D. Quigg 43 Junior 2nd class. Marks 470.—E. Hall 356, R. Brock 330, E. McFarland 327, F. Jeffrey 323, L. Nugent 301, R. McFarland 301, M. Twomey 296, G. Dundas 275, R. McIntosh 262, R. Deyman 254, V. Sewell 249, V. Kerr 233, M. Shano 227, S. Chatten 212, G. Fountain 153, H. Ware 129.

#### BIRTHS.

WILLIAMSON—In the township of Fenelon, on Sunday, March 27th, the wife of Mr. George Williamson of a daughter.

BROKENSIRE—In the township of Fenelon, on Tuesday, March 29th, the wife of Mr. John Brokenshire of a daughter.

HODGSON—At Burnt River, Somerville, on Tuesday, March 29th, the wife of Mr. Christopher Hodgson of a daughter.

#### DIED.

CUNDAY.—In the township of Fenelon, on Thursday, March 24th, George Cunday, aged 78 years, 9 months and 11 days.
