### THE CRITIC.

It is easy to sit in the sunshine  
And talk to the man in the shade;  
It is easy to float in a well-trimmed boat  
And point out the places to wade.

It is easy to sit in your carriage  
And counsel the man on foot;  
But get down and walk, and you'll change your talk  
As you feel the nail in your boot.

It is easy to tell the toiler  
How best he can carry his pack;  
But no one can rate a burden's weight  
Until it has been on his back.

The upcurled mouth of pleasure  
Can preach of sorrow's worth;  
But give it a sip, and a wryer lip  
Was never made on earth.

Mrs. Henry Peck (whose mother has been visiting them for over four months): "I don't know what to buy mother for a birthday present; do you?" Mr. Henry Peck:—"Yes, buy her a travelling bag."

## IS NO LONGER A DEATH SENTENCE

BRIGHT'S DISEASE AGAIN CURED BY DODD'S KIDNEY PILLS.

Miss Johann Mayor, Given up by Two Doctors, is Again a Strong Healthy Girl.

Lochiel, Glengarry Co., Ont., May 2.—(Special).—That Bright's Disease has come within the reach of Medical Science and is no longer on the list of incurable diseases is again proved in the case of Miss Johann Mayor, of this place. In an interview Miss Mayor says:

"I had Bright's Disease in its worst stages and had to give up a profitable position with a corset firm. Two doctors whom I consulted gave me up, telling me I had let the disease go too far. I spent a fortune with doctors besides going to Caledonia Springs each summer, but no good resulted and I began to think I could not endure life much longer.

"It was then I started to use Dodd's Kidney Pills and it is owing to them entirely that I am at work to-day, a strong healthy girl. It took eight boxes in all to complete the cure, but I did not take the first two boxes regularly as I had no faith in them. You may be sure in future I will never be without Dodd's Kidney Pills."

Dodd's Kidney Pills always cure Bright's Disease. How sure it is they will cure all the earlier stages of Kidney Disease.

### DO YOU THINK RIGHTLY?

Effects of Thought on Mind and Body Alike.

Wrong thinking is indicative of weakness. It is, indeed, a species of insanity, for a wrong thinker is continually tearing down and wrecking his own mental and physical structure. The right thinker is the only sane thinker, and he is the happiest as well as the most successful man. He knows better than to keep constantly tripping himself up with the adverse thought which produces destructive conditions.

Worry is one of the greatest enemies of the human race. It carves its deep furrow wherever it goes; it carries gloom and unhappiness with it; it delays or prevents the processes of digestion and assimilation until the starved brain and nerve cells utter their protest in various kinds of disease.

Wrong thinking, whatever its nature, leaves indelible scars on mind and body alike. It affects character and material prospects equally. Every time you grumble or find fault; every time you lose your temper; every time you do a mean, contemptible thing you suffer a loss which cannot be repaired. You lose a certain amount of power, of self-respect, and of an uplifting and up-building character-force. You are conscious of your loss, too, which tends to weaken you still further.

A man who wants to do his best must keep himself in good mental trim. If he would achieve the highest success he must be a correct thinker. He cannot think discord, and bring harmonious conditions into his business. His wrong thought will honeycomb and undermine his prospects in life.

"Brown is weak financially, isn't he?" "He hasn't much money, but he gives employment to a great many men." "Who are they?" "Other people's bill-collectors."

"There are two things," remarked Fogg, in a contemplative mood, "that I don't understand. One of these is, how the world got along before I came into it; and the other, how it is going to get along after I have left it."

"Bought my Life for 35 cents."—This was one man's way of putting it when he had been pronounced incurable from chronic dyspepsia. "It was a living death to me until I tried Dr. Von Stan's Pineapple Tablets. Thanks to them to-day I am well, and I tell my friends I bought my life for 35 cents." 60 in a box.—80

NEW YORK'S TUNNELS.

First of Them Nearly Completed—Great Feat.

The first of a great series of underground tunnels, which is to solve the congested traffic problem of Greater New York, has now been opened. It is a tube running under the North river from Jersey City to the foot of Morton street, New York, and it has a length of 5,600 feet, being 18 feet in diameter.

A party of guests walked through the tunnel, and came near being involved in a serious accident, as the ventilating arrangements are not yet finished, and the party was obliged to subsist on compressed air. They were in acute distress for a short time, but finally emerged on the Jersey side not much the worse for their experience.

The tunnel is one of two owned by the New York and New Jersey Railway Company, the second not being yet finished. Tracks for electric tram cars are to be laid in the tubes, and passengers will be transported from end to end in five minutes.

The new tube is one of the greatest engineering feats ever attempted in New York. The work was begun twenty years ago, but owing to difficulties encountered in digging through the treacherous bed of the river, it was twice abandoned. The tunnel has now been completed through the efforts of Sir Westman Pearson, who designed the system of construction.

The Pennsylvania Railway Company is engaged on the building of another great tunnel, which will run from New Jersey under the North river to New York, then below the city to the East river, and under the East river to Brooklyn. This tunnel which will cost \$50,000,000, will be nearly three miles long, and will be wide enough for four tracks.

### HAS A SAY.

The School Principal Talks About Food.

The Principal of a High School in a flourishing California city says: "For 23 years I worked in the school with only short summer vacations. I formed the habit of eating rapidly, masticated poorly which coupled with my sedentary work led to indigestion, liver trouble, lame back and rheumatism.

"Upon consulting physicians some doped me with drugs, while others prescribed dieting and sometimes I got temporary relief, other times not. For 12 years I struggled along with this handicap to my work, seldom laid up but often a burden to myself with lameness and rheumatic pains.

"Two years ago I met an old friend, a physician who noticed at once my out-of-health condition and who prescribed for me an exclusive diet of Grape-Nuts, milk and fruit. "I followed his instructions and in two months I felt like a new man with no more headaches, rheumatism or liver trouble and from that time to this Grape-Nuts has been my main food for morning and evening meals, am stronger and healthier than I have been for years without a trace of the old troubles.

"Judging from the present vigorous physical and mental state I tell my people Methuselah may yet have to take second place among the old men, for I feel like I will live a great many more years.

"To all this remarkable change in health I am indebted to my wise friend and Grape-Nuts and I hope the Postum Co. will continue to manufacture this life and health giving food for several centuries yet, until I move to a world where indigestion is unknown." Name given by Postum Co., Battle Creek, Mich.
