Fatal Boiler Explosion.

About 7 o'clock on Monday morning the boiler in Peters & Cain's saw-mill, a few miles from Haliburton, exploded, instantly killing a man named William Duncan and injuring several others, one of whom, William Wynn, died early in the afternoon. Some of the men were scalded by escaping steam and others hurt by falling timbers. The mill was completely wrecked, and the firm's loss is estimated at about \$6,000.

The Globe's Anniversary Number.

On Saturday last the Toronto Globe issued its Sixtieth Anniversary Number, which is probably the largest and undoubtedly the most expensive paper ever published in Canada. It contains 76 pages, 44 of which are on calendered paper, profusely illustrated, and the other 32 on common paper, and 80,000 copies were issued. The Globe says:

"The total weight of paper required to produce the Sixtieth Anniversary edition was 114,488 pounds, or, roughly speaking, three carloads. If the papers were piled one on top of the other in quarter fold, 12 by 8 1/2 inches, the form in which they go to the reader, the pile would be almost a mile high, twenty-five times the height of Brock's monument, or fifteen times the height of St. James's Cathedral spire, the highest structure in Canada. If the sheets printed on both sides were pasted end to end, they would reach almost from Toronto to Winnipeg. Perhaps a better illustration of the amount of printing involved is the statement that the presses rolled out printed matter that, laid down one page wide and each page touching the one next to it, would stretch from St. John, N. B., to Winnipeg, by way of Toronto and North Bay, a distance of over 2,400 miles. It the columns were pasted one on the end of the other, the 'string' would extend a good deal more than half way around the world, 14,000 miles to be accurate. It is interesting also to note, as showing the relative speed at which fine and ordinary printing is done, that, while the half-ton section of this paper has been in process of production for four months past, the press rooms of four different printing offices having been brought into requisition, the remaining thirty-two pages were produced by The Globe's two perfecting presses between the hours of 2 and 6 a. m. to-day."

The Globe was started just sixty years ago by Mr. George Brown, and was printed on a Washington hand press, the capacity of which was 60 eight-page papers per hour, and now has two "perfecting" presses, each of which can turn out 96,000 copies per hour.

Verulam Council.

The council met at the town hall, Bobcaygeon, on Tuesday, June 28th, as adjourned court of revision, Mr. Brooks in the chair. A few minor changes were made, and the roll was finally passed.

The council then took up the regular business, with the reeve, J. D. Hunter, Esq., in the chair.

Mr. Devitt reported on road between cons 7 and 8, opposite lot 29, that there were 12 rods to grade, 20 to stone and 10 through woods to underbrush; estimated cost to the woods \$50. This would enable Mr. Herron to get to his lot.

Discussion ensued. Mr. McFarland had a bad crossway from Golden's to Ball's that would take \$75; Mr. Brooks had a bad piece on Duggan's division; Mr. Devitt had a bad crossway on Bick's div.; Mr. Hunter had a crossway on Emily boundary that would take from \$70 to \$100. The commission money being small, these roads could only be made by special grant.

Messrs. Tiers and Devitt moved that C. Herron make his road in accordance with Mr. Devitt's report; motion lost.

Moved by Messrs. Devitt and Tiers That a grant of \$20 be made T. Kittle to complete his work.—Carried.

Moved by Messrs. Tiers and Brooks, That James Junkin be allowed 20 cents a day for the keep of U. Kelly, from May to October, 150 days, \$30.—C'd.

Jos. Stinson requested the use of grader for one day.

Moved by Messrs. Devitt and Brooks, That Mr. Martin be paid \$4 for plough broken on road.—Carried.

On motion of Messrs. Tiers and Brooks, Couns. Devitt and McFarland were instructed to inspect the crossway on Ball's division.

On motion of Messrs. Brooks and McFarland, a grant of \$15 was made to W. Finley to complete his gravelling.

J. Knowlson and C. Gladman desired to commute statute labor on Sandy Point wharf, and the clerk will attend to the matter.

On motion of Messrs. Brooks and McFarland, the reeve and clerk were authorized to obtain offers for sale of railway debentures, and to sell the same to the highest bidder.

On motion of Messrs. Devitt and Tiers, orders were passed for the following: Wm. Lewis, \$33 50; M. Johns, \$13; R. White, \$16; J. Robertson, \$11; Geo. English, \$6.25; C. Gerny, \$12 50; T. Kingsboro, \$10; M. Johns, \$8 75; T. Ball, \$15; A. Gillis, \$10; Robert Stewart, \$10; T. Curtis, \$10; W. A. Ellis, \$10; C. Duggan, \$10; R. Wilkinson, grader, \$25 25; W. Elliott, \$15; J. Flett, Sr., \$10; A. Dunsenath, \$10; R. Webber, \$10; L. Brooks, \$1; R. Beck, \$8 75; T. Cosh, \$22 50; H. Bick, \$14 50; R. Junkin, \$2; W. Finley, \$20; E. Prescott, \$21; T. Cosh, timber, \$2; T. Kingsboro, statute labor returned unperformed in 1903 \$1; J. J. Devitt, operating grader, \$11; Jas. Akister, wire fencing, \$15 40; Lewis Pearson, repairing grader, \$3 05; A. Powles' Corner.

(Correspondence of the Gazette.)

The Rev. H. B. Kenney will preach his first sermon here on Sunday next, and quite likely the congregation will be large, as it should be every Sunday.

Mr. W. H. Day, Demonstrator in the Ontario Agricultural College at Guelph, was home for a few days this week. He was at the World's Fair at St. Louis a few weeks ago, and gives a glowing account of it.

Some of our citizens were at Zion last Sunday and Monday, and witnessed the laying of the corner stone of the new church.

Mr. and Mrs. W. Hill, of Cameron, were visiting at Mr. Thomas Daniel's last Sunday.

Mr. J. J. Daniel, of Lindsay, and Mr. Chas. J. Daniel, of Toronto, were visiting at their old home last Sunday.

Those boys who play ball on the road close to the post office are rather discourteous, as they knock the ball right into the post-master's garden, and then climb right in to look for it. But it does n't do to say too much. The plan here is to take your medicine and say nothing. Those who live even a short distance from the Corner have a quiet life compared to the post-master's.

STURGEON POINT.—The Rev. Mr. Welsh, of the Baptist church, Lindsay, will conduct divine service at Sturgeon Point at 3 p. m. on July 10th. The Rev. Mr. Marsh, of the Church of England, will officiate on Sunday, the 17th.

BASEBALL.—This (Friday) afternoon, commencing at 4 o'clock, a baseball match will be played on the agricultural ground between a team from Bobcaygeon and our own boys; and all interested in manly sports should go and see the game. Admission 15 and 10 cents.

ORANGE SERMON.—The members of the local Orange and True Blue lodges will meet at the Masonic hall at six o'clock on Sunday evening, and march in full regalia to the Baptist church, where a sermon appropriate to the occasion will be preached by Rev. J. H. Hannah.

ACCIDENT.—On Wednesday of last week Mr. John Poulson, of Verulam, had one of his right ribs broken by falling from a milk can that he had placed upon a partially built stone wall under a barn. In order to take the level of a door frame in the wall, he had climbed upon the can, and from some cause his feet slipped and he fell to the ground. Dr. Wilson, who was at once sent for, set the broken bone, and Mr. Poulson was able to be out in less than a week.

THE TWELFTH.—Tuesday next, the 12th of July, will be the day observed as the anniversary of the battle of the Boyne, and the Orangemen, True Blues and Young Britons of this district will hold their celebration at Kilmount, to which point trains will be run at reduced fares. We shall see part of the show and hear some of the music at the Falls, as the members of the Bobcaygeon, North Verulam and one or two other lodges will come here to take the train. We hope the brethren will be favored with fine weather, and that the celebration will be in every way a success.
